INTRODUCTORY SECTION

COUNTY OF RIVERSIDE OFFICE OF THE AUDITOR-CONTROLLER County Administrative Center 4080 Lemon Street, 11th Floor P.O. Box 1326 Riverside, CA 92502-1326 (951) 955-3800 Fax (951) 955-3802

December 22, 2015

The Honorable Board of Supervisors Citizens of the County of Riverside 4080 Lemon Street, 5th Floor Riverside, California 92501

Members of the Board and Citizens of Riverside County:

The Comprehensive Annual Financial Report (CAFR) of the County of Riverside (the County) for the fiscal year ended June 30, 2015, is hereby submitted in accordance with the provision of Section 25253 of the Government Code of the State of California (the State). The report contains financial statements that have been prepared in conformity with the United States generally accepted accounting principles (GAAP) prescribed for governmental entities. Responsibility for the accuracy of the data, the completeness, and fairness of the presentation, including all disclosures, rests with the management of the County. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that presents fairly the financial position and changes in financial position of the various funds and component units of the County. All disclosures necessary to enable the reader to gain an understanding of the County's financial activities have been included.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The management's discussion and analysis (MD&A) immediately follows the report of the independent auditors and provides a narrative, overview, and analysis of the basic financial statements. The MD&A was designed to complement this letter of transmittal and should be read in conjunction with it.

The financial reporting entity for the County includes all the funds of the primary government--the County of Riverside as legally defined--as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable.

The County has eleven independent fiscal entities that are considered blended component units and two discretely presented component units. These entities vary widely in function and provide essential services.

For a more detailed overview of the County's component units see the MD&A and the notes to the basic financial statements.

PROFILE OF THE GOVERNMENT

The County is the fourth largest county by area in the State. It encompasses 7,295 square miles and extends nearly 184 miles across Southern California, from the Arizona border west to within 10 miles of the Pacific Ocean. It is situated east of Los Angeles and Orange Counties, south of San Bernardino County, and north of San Diego and Imperial Counties.

There are 28 incorporated cities located within the County. The latest city to be incorporated was Jurupa Valley on July 1, 2011. The largest cities in the County are Riverside (the County seat) with a population of 317,307, Moreno Valley 200,670, Corona 160,287, Temecula 108,920, and Murrieta 107,279. Estimated population figures are developed by the California State Department of Finance, and each year it is revised on January 1, with a revised estimate for the prior year. The total County population as of January 1, 2015, reported as 2,308,441, an increase of 1.2 percent as compared to the revised estimate for January 1, 2014. Approximately 16 percent of the residents live in unincorporated areas.

All legislative and policy making powers are vested in the County Board of Supervisors (the Board), which consists of an elected supervisor from each of the five districts. The Board Supervisors serve four-year terms, and annually elect a Chairman and Vice-Chairman. The Board is responsible for, among other duties, passing ordinances; adopting budgets; and appointing committees, the County Executive Officer (CEO), and non-elected department directors. The County has five elected department heads responsible for the offices of the Treasurer-Tax-Collector, Auditor-Controller, District Attorney, Sheriff, and Assessor-County Clerk-Recorder.

The First District includes areas within the cities of Riverside, Canyon Lake, Lake Elsinore, Wildomar and the unincorporated communities of Lakeland Village, Lake Mathews, Mead Valley, Santa Rosa Rancho, as well as portions of Gavilan Hills and Woodcrest.

The Second District includes the cities of Corona, Norco, approximately one-third of the City of Riverside, Eastvale, and Jurupa Valley. The unincorporated communities consist of Home Gardens, El Cerrito, Coronita, and Highgrove.

District Three includes the cities of Hemet, Murrieta, San Jacinto, and Temecula. Major unincorporated areas in the District include Aguanga, Anza, Idyllwild, Valle Vista, Winchester, Wine Country, and Pinyon Pines.

District Four is the largest district, covering the eastern two-thirds of the County. Within this District are the cities of Palm Springs (except the northern portion, which resides in District 5), Cathedral City, Rancho Mirage, Palm Desert, Indian Wells, La Quinta, Indio, Coachella, Desert Hot Springs, and Blythe. Major unincorporated areas include Bermuda Dunes, Thousand Palms, Sky Valley, Indio Hills, Desert Edge, Mecca, Thermal, Oasis, Vista Santa Rosa, North Shore, Chiriaco Summit, Desert Center, Lake Tamarisk, Mesa Verde, Colorado River Communities, and Ripley.

The Fifth District includes the cities of Banning, Beaumont, Calimesa, Menifee, Moreno Valley, Perris, and the northern portion of Palm Springs. The unincorporated areas include Nuevo, Lakeview, Juniper Flats, Meadowbrook, Good Hope, a portion of Mead Valley, Romoland, Homeland, Green Acres, Box Springs, Pigeon Pass, Reche Canyon, San Timoteo Canyon, Oak Valley, Cherry Valley, Banning Bench, Cabazon, Palm Springs Village, and Palm Springs West.

FACTORS AFFECTING ECONOMIC CONDITION

State Economy

The Governor's Budget Revision was issued in May 2015. Since the January Budget, the State's economy has strengthened and revenues have surged upward, driven by increased capital gains and other income from high-wage earners. Overall, the May Revision reflects a \$6.7 billion increase in General Fund revenues compared to the January Budget. Proposition 98 increases General Fund spending by \$5.5 billion for K-12 schools and community colleges. Proposition 2 requires that an additional \$633 million be saved in the Rainy Day Fund, and an additional \$633 million be used to pay down debts and liabilities.

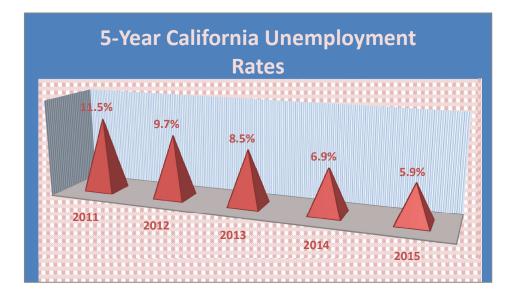

The May Revision commits spending in creating the first-ever California Earned Income Tax Credit to assist the State's lowest-income workers. The credit will provide \$380 million in benefits to 2 million Californians. Also holding tuition flat at the State's universities for California undergraduate students for two more years by providing increased ongoing funding to California State University and temporary assistance to the University of California to pay down its unfunded pension liability.

Additionally, providing health care and other safety net services to currently undocumented immigrants who gain Permanent Residence Under Color of Law status under the President's executive actions. The May Revision continues to focus on the key elements of the January Budget, such as carrying out the Local Control Funding Formula, federal health care reform, public safety realignment, the water Action Plan, and the Cap and Trade Expenditure Plan.

The latest forecast from the University of California, Center for Economic Forecast and Development, states that while trouble has plagued the international economy in recent months, domestic activity continues to move ahead robustly, and that is particularly true in California. Over the past year, the Golden State has been one of the brightest spots in the United Sates economy.

June 2015 marked the 40th consecutive month that California has outpaced the nation overall in terms of nonfarm job growth. Real estate GDP increased by 2.8% last year compared with 2.4% growth in the nation overall. Over the past 12 months California has been the 5th fastest growing state in the nation and the single largest source of new United States jobs, with more than 461,000 positions created as of June 2015.

The State's seasonally adjusted unemployment rate was 5.9 percent compared to the United States unemployment rate of 5.1 as of September 2015.

Local Economy

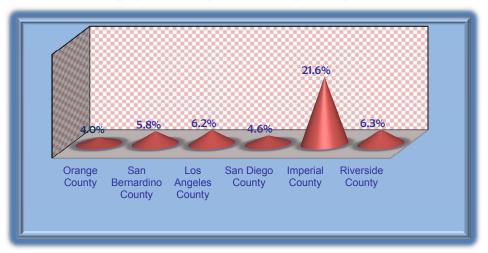

Inland Southern California had a great year in 2014 and 2015 has continued this trend. The majority of economic indicators are moving upward; the labor markets are among the fastest growing in the State, and home sales are on the rise. The current forecast for the region is positive. The affordability of the region, on both residential and commercial sides of the real estate market, has been a major driver of growth in the last few years.

The Inland Southern California labor market has also made great strides this last year. This strength is expected to continue over the next five years. As of October 2015, the County's unemployment rate declined slightly from 6.9 percent to 6.3 percent.

The Governor's May Revision indicates the County is likely to receive as much as \$64.5 million in one-time revenue from back-due SB90 reimbursement totaling \$40.8 million and a \$23.7 million fire services credit in fiscal year 2015-16 to compensate the County for amounts owed by four newly incorporated cities, of which the general fund portion will be \$20.3 million. The May Revision reduces the payment the County would owe the Department of Forestry and Fire Protecton (CalFire) for fire services to enable the County to absolve these cities of one-time debt they owe the County. The State will backfill CalFire for its reduced reimbursements.

The fiscal year 2015-16 budget establishes \$5.27 billion in appropriations for the County, an increase of 11 percent from fiscal year 2014-15 budgeted spending levels. Overall estimated revenue is projected to increase to \$4.95 billion. The difference of \$325.8 million is backed with fund balance and reserves.

The fiscal year 2015-16 budget recommends \$3.04 billion in general fund appropriations, comprising 58 percent of the overall budget. General fund discretionary revenue continues to show modest growth, however major budgetary challenges are posed by ongoing costs that continue to outpace ongoing revenues. Of these, negotiated salary and pension increases are most significant.

Unemployment Comparison of Neighboring Counties

Relevant Financial Policies

To achieve the goal of providing outstanding and cost-effective public services, the County of Riverside applies sound management practices and policies that enhance the quality of life of its citizens. Such financial management practices have been identified by the Government Finance Officers Association and recognized as best practices that promotes financial soundness, efficiency in government and solvency in public finance. The following committees have been established to aid in the implementation of oversight and transparency of such relevant financial policies:

Debt Advisory Committee provides advice to the Board on debt issuance and management.

Pension Advisory Committee provides an institutional framework to help guide policy decisions about retirement benefits.

Deferred Compensation Advisory Committee provides assurance of the financial stability of the deferred compensation plan through prudent monitoring of investments and costs.

Investment Oversight Committee reviews the County's investment policies.

Financial Reporting Awards

The Government Finance Officers Association (GFOA) of the United States and Canada has awarded a *Certificate* of Achievement for Excellence in Financial Reporting to the County for its CAFR for the fiscal year ended June 30, 2014. This was the twenty-seventh consecutive year the County has achieved this prestigious award. In order to be awarded a *Certificate of Achievement*, a government entity must publish an easily readable and efficiently organized CAFR. This report must satisfy both GAAP and applicable legal requirements.

The County has also been awarded for *Outstanding Achievement* in the preparation of the Popular Annual Financial Report (PAFR), which is also referred to as Financial Highlights for the fiscal year ended June 30, 2014. This was the ninth consecutive year the County has achieved this award. In order to receive an award for *Outstanding Achievement in Popular Annual Financial Reporting*, a government entity must publish a PAFR, with contents conforming to program standards of creativity, presentation, understandability and reader appeal. A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR and PAFR continue to meet the Certificate of Achievement Program's requirements and we are submitting both reports to the GFOA to determine the eligibility for new certificates.

Acknowledgments

The preparation of this CAFR could not have been accomplished without the dedicated service of the entire staff of the Auditor-Controller's Office, especially the staff members of the General Accounting Division who consistently produce award winning financial reports. Special recognition goes to the staff members of the contributing component units and the County departments for their participation in the preparation of this report.

Additionally, I would like to extend my gratitude to the Board of Supervisors and County Executive Office for their leadership in making the County a great place to live, work, and to conduct business. Finally, I would like to thank our independent auditors, Brown Armstrong Accountancy Corporation, for their efforts throughout this audit engagement.

Respectfully,

PaulAngulo

INDEPENDENT AUDITOR'S REPORT

To the Honorable Board of Supervisors County of Riverside, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the businesstype activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Riverside, California, (the County) as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Riverside County Flood Control and Water Conservation District (the Flood Control), Housing Authority of the County of Riverside (the Housing Authority), Riverside County Regional Park and Open-Space District (the Park District), Perris Valley Cemetery District (the Cemetery District), Riverside County Redevelopment Successor Agency (the Successor Agency), and Riverside County Children and Families Commission (the Commission), which represent the following percentages, respectively, of the assets and revenues of the following opinion units:

Opinion Unit	Assets	Revenues
Governmental Activities	19%	3%
Business-Type Activities	23%	13%
Aggregate Remaining Fund Information	3%	0%
Discretely Presented Component Units	50%	72%

Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as it relates to the amounts included for the Flood Control, the Housing Authority, the Park District, the Cemetery District, the Successor Agency, and the Commission, are based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of June 30, 2015, and the respective changes in financial position, and, where applicable, cash flows, and the respective budgetary comparison for the General Fund, the Transportation Special Revenue Fund, and the Flood Control Special Revenue Fund thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As disclosed in the Note 1 to the financial statements, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27; GASB Statement No. 69, Government Combinations and Disposals of Government Operations; and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment to GASB Statement No. 68, during the fiscal year ended June 30, 2015. Our opinion is not modified with respect to the matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-23; the County's Retirement Plans schedules relating to net pension liabilities, changes in net pension liabilities, and pension contributions on pages 125-130; and the schedule of funding progress for the County's Other Post-Employment Benefit (OPEB) plans on pages 130-131 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and respective budgetary comparison schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and respective budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and respective budgetary comparison schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2015, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S

DISCUSSION AND ANALYSIS

It is presented as required supplementary information for the benefit of the readers of the Comprehensive Annual Financial Report.

This section of the County of Riverside's (the County) Comprehensive Annual Financial Report presents a narrative overview and analysis of the County's financial activities for the fiscal year ended June 30, 2015. We encourage readers to consider the information presented here in conjunction with the Letter of Transmittal beginning on page v and the County's basic financial statements which begin on page 25.

FINANCIAL HIGHLIGHTS

- As of July 1, 2014, the County implemented two new Governmental Accounting Standard Board (GASB) Statement No. 68 Accounting and Financial Reporting for Pensions, an amendment of GASB Statement No. 27, and GASB Statement No. 71 Pension Transition for Contributions Made Subsequent to the Measurement Date, an amendment of GASB Statement No. 68. The implementation of the statements required employers to record net pension liability, deferred inflows of resources, deferred outflows of resources, and pension expense on the financial statements. To comply with this statement, a prior period adjustment of \$2.2 billion was made to decrease the County's beginning net position. The adjustment was made to reflect the prior period costs related to the implementation of the net pension liability.
- At the close of fiscal year 2014-15, the County's assets and deferred outflow of resources exceeded its liabilities and deferred inflow of resources by \$2.6 billion (*net position*). The net position included \$3.1 billion of net investment in capital assets, \$545.9 million of restricted resources for the County's ongoing obligations related to programs with external restrictions, and \$1.1 billion deficit of unrestricted resources which primarily resulted from the prior period adjustment for changes in accounting principle as required by GASB Statement No. 68.
- As of June 30, 2015, the County's governmental funds reported combined fund balances of \$1.4 billion, an increase of \$294.4 million in comparison with the prior year. Approximately 16.6% of this amount (\$225.9 million) is available for spending at the County's discretion (*unassigned fund balance*).
- The significant change in capital assets net of accumulated depreciation resulted from additions of infrastructure consisting of roads, traffic signals, bridges, and storm water drains.
- \$325.0 million lease revenue bond was issued during fiscal year 2014-15 for financing the costs associated with the East County Detention Center construction project.

OVERVIEW OF THE FINANCIAL STATEMENTS

This management's discussion and analysis (MD&A) is intended to serve as an introduction to the County's basic financial statements which are comprised of the following three components: (1) Government-wide Financial Statements, (2) Fund Financial Statements, and (3) Notes to the Basic Financial Statements.

In addition to the basic financial statements, *Required Supplementary Information* is included to provide additional detail to support the basic financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of County finances in a manner similar to a private-sector business.

The *statement of net position* presents financial information on all of the County's assets, liabilities, deferred inflow/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or declining. The statement of net position in summary can be found on page 7, and in more detail on page 25.

The *statement of activities*, presented on page 9 in summary and on pages 26-27 in detail, provides information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in

future fiscal periods. For example, property tax revenues are recorded when accrued but not yet collected, and when expenditures for compensated absences are accrued, but not yet paid.

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education, and recreation and cultural services. Governmental activities include six major funds, nineteen nonmajor funds, and a representative allocation of the County's internal service funds. The six major governmental funds are the general fund, flood control special revenue fund, transportation special revenue fund, teeter debt service fund, public facilities improvements capital projects fund, and public financing authority capital projects fund. The business-type activities of the County include three major enterprise funds are the Regional Medical Center (RMC), Waste Resources, and the Housing Authority.

The government-wide financial statements also provide information regarding the County's component units, entities for which the County (the primary government) is considered to be financially accountable. Although blended component units are legally separate entities, they are, in substance, part of the County's operations. Accordingly, the financial information from these units is combined with financial information of the primary government.

The financial information for the Palm Desert Financing Authority (PDFA) and the Children and Families Commission (the Commission), both legally separate component units whose governing bodies are appointed by and serve at the will of the County, are presented separately from the financial information of the primary government.

The blended component units are:

- County of Riverside Asset Leasing Corporation (CORAL)
- County of Riverside District Court Financing Corporation
- County of Riverside Bankruptcy Court Corporation
- Housing Authority of the County of Riverside
- In-Home Supportive Services Public Authority
- Riverside County Flood Control and Water Conservation District (Flood Control)
- Riverside County Regional Park and Open-Space District
- Riverside County Public Financing Authority
- Riverside County Service Areas
- Inland Empire Tobacco Securitization Authority
- Perris Valley Cemetery District

Fund Financial Statements, illustrated on pages 30-47, provide information regarding the three major categories of County funds – governmental, proprietary, and fiduciary. The focus of governmental and proprietary fund financial statements is on major funds. Major funds are determined based on minimum criteria set forth in (GASB) Statement No. 34, as amended. Like other state and local governments, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Fund accounting is also used to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Governmental Funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. Unlike the government-wide financial statements, governmental fund financial statements often have a budgetary orientation, are prepared on the modified accrual basis of accounting, and focus primarily on the sources, uses, and balances of current financial resources. Governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year unlike government-wide financial statements. Such information may be useful in assessing a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. The governmental funds' balance sheet and statement of revenues, expenditures, and changes in fund balances provided are accompanied by reconciliation to government-wide financial statements in order to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains several individual governmental funds organized according to their type (general, special revenue, debt service, capital projects, and permanent funds). The governmental fund statements present the financial information of each major fund (the general fund, transportation special revenue fund, flood control special revenue fund, teeter debt service fund, public facilities improvements capital projects fund, and public financing authority capital projects fund) in separate columns.

Financial information for the remaining governmental funds (nonmajor funds) is combined into a single, aggregated presentation. Financial information for each of these nonmajor governmental funds is presented in the supplementary information section.

Budgetary comparison statements are also included in the fund financial statements. The statements present the County's annual estimated revenue and appropriation budgets for all governmental fund budgets except for CORAL, District Court Financing Corporation, Bankruptey Court, Inland Empire Tobacco Securitization Authority, Public Financing Authority, and Perris Valley Cemetery Endowment Fund. The budgetary comparison statements have been provided to demonstrate compliance with their respective budgets.

Proprietary Funds are used to account for services for which the County charges customers, either outside customers or internal departments of the County. Proprietary funds statements, found on pages 42-45 provide the same type of information as shown in the government-wide financial statements with more detail. The County maintains the following two types of proprietary funds:

- *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for the RMC, Waste Resources, Housing Authority, County Service Areas, and Flood Control. RMC, Waste Resources, and Housing Authority financial statements are reported in separate columns of the proprietary fund statements due to the materiality criteria defined by GASB Statement No. 34. Financial information for the remaining enterprise funds (nonmajor funds) is combined into a single, aggregated presentation. Individual fund statements for County Service Areas and Flood Control are presented in the supplementary information section.
- Internal service funds are used to report activities that provide supplies and services for certain County programs and activities. The County uses internal service funds to account for its records and archive management, fleet services, information services, printing and mail services, supply services, enterprise solution division (accounting and human resources information technology system), risk management, temporary assistance pool, economic development agency (facilities management), and flood control equipment. Because these services predominantly benefit governmental rather than business-type functions, they have been included within the *governmental activities* in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund financial information for each internal service fund is provided in the supplementary information section.

Fiduciary Funds report assets held in a trustee or agency capacity for others and therefore cannot be used to support the County's programs nor be reflected in the government-wide financial statements. Fiduciary funds maintained by the County include a pension trust fund, investment trust funds, private-purpose trust funds, and agency funds. The fiduciary fund financial statements on pages 46-47, are presented on the economic resources measurement focus and the accrual basis of accounting.

Notes to the Basic Financial Statements provide additional information other than that displayed on the face of the financial statements and are essential for fair presentation of the financial information in the government-wide and fund financial statements. The notes can be found on pages 49-123 of this report.

Required Supplementary Information, in addition to this MD&A, presents schedules of retirement plan funding progress and employer contribution. Required supplementary information can be found on pages 125-131 of this report.

Combining and individual fund statements and budgetary schedules provide information for nonmajor governmental funds, nonmajor enterprise funds, internal service funds, and fiduciary funds, and are presented immediately following the required supplementary information. Combining and individual fund statements and budgetary schedules can be found on pages 133-182 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

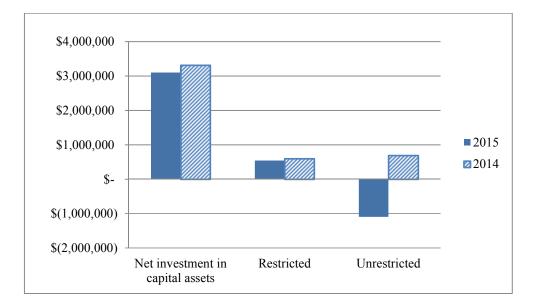

As noted earlier, net position may serve as a useful indicator of a government's financial position. The table below focuses on the net position and changes in net position in the County's governmental and business-type activities. It presents an analysis of the County's net position as of June 30, 2015, in comparison to the prior fiscal year 2013-14. At the end of current fiscal year, the County reported positive net position in two of the three categories: net investment in capital assets and restricted net position. Unrestricted net position showed a deficit due to the implementation of GASB Statement No. 68. Total assets and deferred outflow of resources, as indicated below, exceeded liabilities and deferred inflow of resources by \$2.6 billion representing a decrease of \$2.0 billion (\$187.7 million changes in net position and restatement of \$2.2 billion, see Note 3), or 44.4%. A more detailed statement can be found on page 25 in the government-wide financial statements.

Statement of Net Position June 30, 2015 (In thousands)

	 Govern Activ		· ··· ··· ··· ··· ··· ··· ··· ··· ···					Total				Increase/ (Decrease)

Total deferred inflows of resources	423,050		19,706		67,291		8,684		490,341		28,390	0.0%
Net position:												
Net investment in capital assets	3,009,048		3,165,319		95,160		147,806		3,104,208		3,313,125	-6.3%
Restricted	489,359		499,463		56,569		96,904		545,928		596,367	-8.5%
Unrestricted	(971,969)		718,105		(122,341)		(27,903)		(1,094,310)		690,202	-258.5%
Total net position	\$ 2,526,438	\$	4,382,887	\$	29,388	\$	216,807	\$	2,555,826	\$	4,599,694	-44.4%

Below are the three components of net position and their respective balances as of June 30, 2015:

- Net investment in capital assets was \$3.1 billion, or 121.5%, of the County's total net position compared to \$3.3 billion, or 72.0%, for fiscal year 2013-14. This component consists of capital assets such as land and easements, structures and improvements, infrastructure, and equipment, net of accumulated depreciation. The amount is further reduced by any debt attributable to the acquisition, construction, or improvement of the assets. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.
- \$545.9 million, or 21.4%, of the County's total restricted net position compared to \$596.4 million, or 13.0% for fiscal year 2013-14. This component represents external restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- \$1.1 billion deficit, or 42.9%, of the County's total net position is unrestricted that may be used to meet the County's ongoing obligations to citizens and creditors. Of this amount, \$972.0 million deficit is from governmental activities and \$122.3 million deficit from business-type activities, compared to prior year whereas, \$718.1 million was from governmental activities and \$27.9 million deficit from business-type activities.

Statement of Net Position June 30, 2015 and 2014 (In thousands)

The following table provides information from the Statement of Activities of the County as of June 30, 2015 as compared to the prior year:

Statement of Activities For the fiscal year ended June 30, 2015 (In thousands)

The following are specific major factors that resulted in the net position changes in governmental activities between fiscal years 2014-15 and 2013-14 as shown in the table on page 9.

Revenues for governmental activities

Revenues from *Charges for services* increased by \$29.9 million, or 4.9%. Charges for services are revenues that arise from charges to external customers or applicants who purchase, use, or directly benefit from the goods, services, or privileges provided. The increases were mainly in fire protection and patrol services provided to cities within the County of Riverside, demand in health care services due to the continued growth of Medi-Cal members. The general election was conducted during fiscal year 2014-15 for cities, schools, and special districts governing board members which also increased charges for services for the Assessor's Office.

Revenues from *Operating grants and contributions* increased by \$206.5 million, or 13.0%, due to significant changes in the following state and federal sources:

• There was an increase of \$98.8 million in federal and state funds for supporting social service programs such as child protection and family support services and changes in Medi-Cal benefits for treating substance use and moderate mental illness for adults enrolled in Medi-Cal program. \$78.5 million was recognized as revenue from Local Revenue Fund 2011 including the local law enforcement services fund, mental health service fund, behavior health fund for mental health substance abuse program, and protective service subaccount fund for child welfare services and foster care assistance. The County received \$33.2 million in reimbursements from the State for previously implemented Senate Bill (SB) 90 Mandated Programs. There was an increase of \$11.4 million from Proposition 172 Public Safety Sales Tax Funds which saw growth due to increased sales activity and sales tax from the expansion of factory outlets in Cabazon.

Revenues from Capital grants increased by \$1.7 million, or 5.7%. There were one-time adjustments and corrections allocated from Highway User Tax funds in the current fiscal year due to a calculation error that occurred in diesel fuel allocation under the 2010 fuel tax swap.

Revenues from *Property taxes* increased by \$30.4 million, or 10.2%. The fiscal year 2014-15 assessment roll value increased by 7.8%, yielding a total property tax roll of \$229.4 billion, compared to \$213.0 billion in fiscal year 2013-14. Median home sales prices increased by 21.2%. This market value increase resulted in a large number of properties in the reduced or "decline-in-value" assessment, also called Proposition 8. Other factors include price increases in multi-family apartments, large warehouse properties, and vacant land.

Revenues from *Sales and use taxes* decreased by \$2.6 million, or 7.3%. Effective July 1, 2014, the general purpose sales and use tax rate for local governments decreased from 1% to 0.75%. The State Board of Equalization administrative charges were increased by approximately 10.0%.

Revenues from *Unrestricted intergovernmental revenue* increased by \$16.7 million, or 7.3% in property tax in-lieu of vehicle license fee. The adjustment was made to reflect the actual amount of sales and use tax revenue loss from the Educational Revenue Augmentation Fund (ERAF) which was used to repay counties and cities.

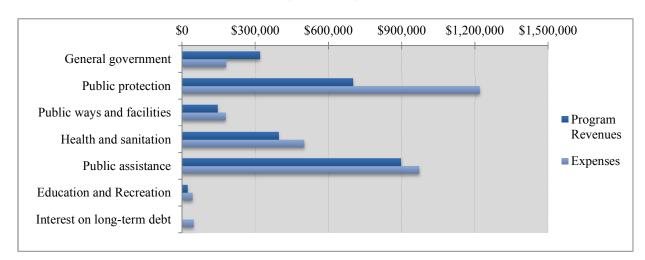

The decrease in *Investment earnings* was due to the slow growth mode affect by the economic and market conditions.

The significant change in *Other revenue sources* was in Low and Moderate Income Housing (LMIH) Residual Assets due to the dissolution of Redevelopment Development Agency (RDA). Set aside monies that were unencumbered for low and moderate income housing from Assembly Bill (AB) 1484 was distributed to the County. This distribution fluctuates according to Successor Agency's debt requirement and available tax increment.

Expenses for governmental activities

Total expenses for governmental activities were \$3.1 billion for the current fiscal year, an increase of \$201.0 million or 6.9%, as compared to prior fiscal year. The following are the key components accounting for the variances:

- General government represents \$179.6 million, or 5.7%, of the total governmental activities expenses and decreased by \$48.5 million or 21.3% from prior year due to contributions made to support several construction projects.
- Public protection represents \$1.2 billion, or 38.9%, of the total governmental activities expenses, increased by \$26.3 million, or 2.2%. The majority of the increase is caused by the Evidence Based Practices (EBP) implemented by the probation field service department for the purpose of reducing recidivism among individuals under probation supervision. EBP utilizes validated assessment tools, motivational interviewing techniques, and cognitive behavioral therapy. Additional analysis can be found in general fund financial analysis on page 16.
- Public ways and facilities represents \$177.9 million, or 5.7% of the total governmental activities expenses and increased by \$69.5 million or 64.1% due to several grade separation and road improvement projects in progress for eliminating conflicts between railroad operations and vehicular traffic.
- Health and sanitation represents \$499.7 million or 15.9% of the total expenses and increased by \$38.7 million, or 8.4% from prior year due to increases in medical, physician, and hospital services provided to the new population of Medi-Cal enrollees. Increases were also due to Medi-Cal expansion and staffing requested by the court for providing more timely services to conservatorship programs, which manage the personal affairs and estates of individuals disabled by mental disorders and housing needs.
- Public assistance represents \$970.4 million or 31.0% of the total expenses and increased by \$119.2 million or 14.0% from prior year. This was caused by previous vacant positions which were filled for children service programs and the implementation of state policy changes related to calworks redesign, core practice model and expansion of mental health services, and the Coordinated Care Initiative (CCI) in the In Home Support Service program.
- The remaining 2.8% represents education for \$23.4 million or 0.7%; recreation and culture for \$18.3 million or 0.6%, and interest on long-term debt for \$45.9 million or 1.5%.

Program Revenues and Expenses - Governmental Activities For the fiscal year ended June 30, 2015

(In thousands)

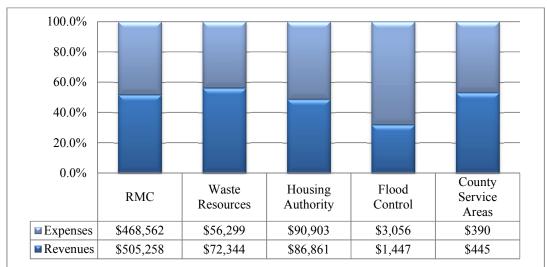

Business-type Activities

The following are specific major factors that resulted in the net position changes in business-type activities between fiscal years 2013-14 and 2014-15 as shown in the previous table of page 9.

<u>Revenues</u>: The County has three major business-type activities: RMC, Waste Resources, and Housing Authority. In addition, Flood Control and County Service Areas are included in the business-type activities of the County. Business-type activities recover all or a significant portion of their costs through user fees and charges and provide services primarily to non-County entities.

For the current year, \$665.8 million or 99.8%, of business-type activities program revenue was received from charges for services, a percentage consistent with the prior fiscal year. The majority of this revenue, \$504.8 million, was received by RMC as compared to \$400.6 million for the prior fiscal year. The increase was mainly attributed to a significant one-time reimbursement and settlement receipts from the State, and additional patient care revenue.

Expenses: Total expenses for business-type activities were \$619.2 million for the fiscal year compared to \$642.7 million for the prior fiscal year. This represents a decrease of \$23.5 million or 3.6%. Expenses of \$468.6 million or 75.7% were incurred by RMC in the current fiscal year, as compared to \$482.2 million or 75.0%, for the prior fiscal year. In addition, expenses for Waste Resources department expenses were \$56.3 million or 9.1%, compared to \$62.7 million or 9.8% from prior fiscal year; Housing Authority expenses were \$90.9 million or 14.7% of total expenses for business-type activities, compared to prior fiscal year's expenses of \$94.7 million or 14.7%; Flood Control and County Service Areas account for the remaining 0.5% of expenses consistent with the prior fiscal year.

12

FINANCIAL ANALYSIS OF FUND STATEMENTS

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Fund

The focus of the County's governmental funds is to provide information on the sources, uses, and balances of spendable resources. Such information is useful in assessing the County's short-term financial requirements. In particular, the total fund balance less the nonspendable amount may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the County include the general fund, special revenue funds, capital project funds, debt service funds, and permanent fund.

As of June 30, 2015, the County's governmental funds reported combined fund balances of \$1.4 billion, an increase of \$294.4 million in comparison with the prior year. The components of total fund balance are as follows (See Note 16 - Fund Balances for additional information):

- Nonspendable fund balance \$7.7 million, are amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.
- Restricted fund balance \$1.0 billion, are amounts that are constrained to being used for a specific purpose by external parties such as creditors, grantors, laws, or regulations.
- Committed fund balance \$49.5 million, are amounts that are committed for a specific purpose. These funds require action from the Board of Supervisors to remove or change the specified use.
- Assigned fund balance \$73.1 million, are amounts that have been set aside and are intended to be used for a specific purpose but are neither restricted nor committed. Assigned amounts cannot cause a deficit in unassigned fund balance.
- Unassigned fund balance \$225.9 million, funds that are not reported in any other category and are available for any purpose within the general fund.

Total governmental fund revenue increased by \$316.0 million or 10.8%, from the prior fiscal year with \$3.2 billion being recognized for the fiscal year ended June 30, 2015. Expenditures increased by \$309.9 million or 10.1%, from the prior fiscal year with \$3.4 billion being expended for governmental functions during fiscal year 2014-15. Overall, governmental fund balance increased by \$294.4 million or 27.6%. In comparison, fiscal year 2013-14 had a decrease in governmental fund balance of \$49.1 million or 4.4%, over fiscal year 2012-13.

The general fund is the primary operating fund of the County. At the end of fiscal year 2014-15, the general fund's total fund balance was \$395.4 million, as compared to \$363.7 million in fiscal year 2013-14. As a measure of the general fund's liquidity, it is useful to compare both total fund balance and spendable fund balance to total fund expenditures. The nonspendable portion of fund balance was \$2.0 million, and the spendable portion was \$393.4 million. The current year unassigned fund balance is 8.3% of the total general fund expenditures of \$2.7 billion, as compared to 8.3% of the prior year expenditures total of \$2.5 billion. The total fund balance of the general fund for the current year is 14.6% of the total general fund expenditures as compared to 14.8% for the prior year.

The decrease in Transportation and Land Management Agency fund balance was due to the completion of the grade separation projects during the current fiscal year, and lesser highway user tax allocation received from the State due to the correction of allocation error which occurred in prior years.

Flood control fund balance decreased by \$17.9 million or 6.9%, due to a rise in inspection costs for developer constructed infrastructure projects and negotiated salary increases for personnel.

Public facilities improvement capital project fund balance increased from \$134.7 million to \$138.6 million, 2.9% or \$3.9 million. The increase was caused by some construction costs were financed with bond proceeds in addition to contribution from other county funds.

A Public Financing Authority capital project fund was established during fiscal year 2014-2015 with the new lease revenue bond proceed for financing construction costs of several major capital projects including the new detention center, parking structures, and courtrooms.

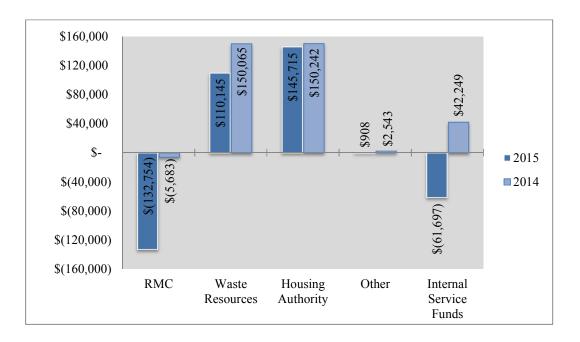

Other Governmental Funds

The decrease in nonmajor governmental funds fund balance was essentially from the scheduled annual principal payments of outstanding debts.

Proprietary Funds

The County's proprietary funds financial statements provide the same type of information as the government-wide financial statements, but in more detail. The RMC and Waste Resources are shown in separate columns of the fund statements due to materiality criteria as defined by GASB. In addition, the internal service funds are combined into a single, aggregated presentation in the proprietary fund statements with the individual fund data provided in the combining statements, which can be found in the supplemental information section.

At the end of the fiscal year, total proprietary fund net position was \$62.3 million, compared to \$339.4 million for prior fiscal year, decreased by \$277.1 million or 81.6%. The significant change was due to the prior period adjustments made to reflect the prior period costs related to the implementation of the net pension liability and the post-closure and remediation liabilities for inactive sites that had not been recorded in the prior year. In addition to the prior period adjustments, the other significant change was RMC's savings from operational improvements in reduction of overtime, contract renegotiations, and supply cost reductions including pharmaceuticals, additional patient care revenue, and limiting the State health realignment funds reduction.

GENERAL FUND FINANCIAL ANALYSIS

Revenues and other financing sources for the general fund, including comparative amounts from the preceding year are shown in the following tabulation:

General Fund - Revenues by Source For the fiscal year ended June 30, 2015 (In thousands)

		201	5	 2014	4	Increase / (Decrease)		
Revenues by Sources	1	Amount	Percent of Total	 Amount	Percent of Total		Amount	Percentage of Change
Taxes	\$	267,708	9.4%	\$ 256,746	10.0%	\$	10,962	4.3%
Intergovernmental revenues		1,861,246	65.4%	1,653,338	64.6%		207,908	12.6%
Charges for services		431,323	15.2%	396,904	15.5%		34,419	8.7%
Other revenue		142,580	5.0%	155,771	6.1%		(13,191)	-8.5%
Other financing sources		142,453	5.0%	97,982	3.8%		44,471	45.4%
Total	\$	2,845,310	100.0%	\$ 2,560,741	100%	\$	284,569	11.1%

General fund revenues had an overall increase of \$284.6 million, or 11.1%, from the prior year. The increase was due primarily to the changes in the following:

- The changes in *Taxes* during the current fiscal year were due to the 7.8% increase in assessment roll value, yielding a total property tax roll of \$229.4 billion, compared to \$213.0 billion in fiscal year 2013-14. The main factor of the roll increase was the growth rate in the average sales price of a single family home in the County. Other factors included a substantial increase in a large number of properties in the reduced or "decline-in-value" assessment, also called Proposition 8, price increases in multi-family apartments, large warehouse properties, and vacant land.
- The increase in *Intergovernmental revenues* was primarily attributed to allocation and realignment revenue from the state and federal aid. See explanation previously discussed on page 10.
- *Charges for services* increased by \$34.4 million, or 8.7%, was primarily due to increase in fire protection services provided to cities and patrol service provided to cities, RMC, and schools. Capitated Medi-Cal services increased as a result of the new population of Medi-Cal patients which based on a payment per person, rather than a payment per service provided.
- The decrease in *Other revenue* was due to the receipt of prior year landfill lease revenue which included prorated rent from fiscal years 2009-10 to 2012-13. Penalties on delinquent property taxes continued to decrease as the local housing and employment markets continued to strengthen, and the revenue neutrality payments collected in prior year were including deferral neutrality payments from fiscal year 2010-11 to 2012-13.
- *Other financing sources* increased \$44.5 million, or 45.4%, due to office building and equipment financed with capital leases.

Expenditures and other financing uses for the general fund, including comparative amounts from the preceding year, are shown in the following tabulation (in thousands):

	201	5	2014	4	Increase / (Decrease)			
		Percent of		Percent of		Percentage		
Expenditures by Function	 Amount	Total	 Amount	Total	 Amount	of Change		
General government	\$ 109,900	3.9%	\$ 106,045	4.2%	\$ 3,855	3.6%		
Public protection	1,189,466	42.3%	1,116,621	43.7%	72,845	6.5%		
Public ways and facilities	8	0.0%	-	0.0%	8	100.0%		
Health and sanitation	478,047	17.0%	416,005	16.3%	62,042	14.9%		
Public assistance	865,309	30.7%	795,309	31.1%	70,000	8.8%		
Other expenditures	68,313	2.4%	19,313	0.8%	49,000	253.7%		
Other financing uses	 103,554	3.7%	 101,021	4.0%	 2,533	0.0%		
Total	\$ 2,814,597	100.0%	\$ 2,554,314	100.0%	\$ 260,283	10.2%		

General Fund - Expenditures by Function For the fiscal year ended June 30, 2015

(In thousands)

Total expenditures for general fund were \$2.8 billion, an increase of \$260.3 million, or 10.2%, from the prior year. Significant changes are as follows:

- An increase of \$3.9 million, or 3.6% in *General government* was mainly due to a major countywide election conducted during fiscal year 2014-15, contributions made to support capital project costs, debt service payments, and court facility maintenance and improvement.
- The increase in *Public protection* was mainly caused by the Probation Field Service Departments continued implementation of realignment efforts with either community based supervision, mandatory probation, pretrial services, court-ordered probation, or Require Every Convict Occupant Reimburse County Expenses (RECORCE); through the recruitment and hiring of vacant positions and continued implementation of evidence based programs. The correctional deputy and deputy sheriff positions were filled for the new county jail. Additional officers in patrol division were hired to reach the goal of more than one sworn officer for every one thousand residents.
- In *Health and sanitation*, an additional change was implemented to the California Affordable Care Act (ACA) due to the addition of treatment for substance use and moderate mental illnesses for adults enrolled in Medi-Cal. Medi-Cal benefits were previously limited to treating only those with very serious mental illness conditions.
- The increase in *Public assistance* was due to aggressive recruiting in all major social service program areas in an effort to accommodate program growth and keep pace with the 12.0% annual attrition rate.
- The significant change in *Other expenditures* was mainly due to an office building and equipment purchase financed by capital lease obligation.
- The increase in *Other financing uses* was due to contributions to other County funds for financing debt service payments, construction costs of capital projects, and County program activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

This section provides a summary of the primary factors attributing to the General Fund variances between 1) the original adopted and the final amended budget, and 2) the final amended budget and the actual revenue and expenditure amounts. The budgetary comparison statement displays the details of the comparison and is included in the governmental fund statements section.

Variance Between General Fund Original Adopted and Final Amended Budget

Estimated Revenue Variances

The original adopted General Fund estimated revenue budget increased by \$20.0 million, or 0.7%, from \$2.82 billion to the final amended revenue budget of \$2.84 billion. The major changes in appropriations are as follows:

<u>Taxes</u>: Increased by \$10.6 million, or 4.1%, \$4.6 million of the increase was due to a net increase in forecasted property tax revenue due to an increase in assessment roll values from 5.0% to 7.8% and the remaining \$5.5 million was for one-time revenue received for residual redevelopment assets.

<u>State aid</u>: Increased by \$49.5 million, or 4.1%, \$33.2 million was transferred from Mental Health Service Act fund to the general fund to fund the purchase of a new facility by Mental Health. The new facility will be an integrated outpatient clinic. In addition, as part of the Governor's plan to pay off debt to local agencies, the county received \$5.9 million in SB90 reimbursable state mandates. The remaining variance was due to an increase in projected revenue from AB118 and other state programs.

<u>Charges for services</u>: Decreased by \$43.1 million, or 8.3%. \$63.0 million of the decrease was primary due to intergovernmental activities. This was offset by an increase of \$11.8 million from the Sheriff department providing additional law enforcement services to the Cities and the RMC along with a \$5.3 million increase by the Fire Department with their Cal Fire contract.

<u>Other revenues</u>: Decreased by \$10.1 million, or 12.1%. The primary decrease was mainly due to intergovernmental activities of \$24.8 million. This was an offset of \$11.1 million from contributions from other funds and \$2.0 million received from insurance proceeds related to a helicopter accident.

Expenditure Appropriation Variances

The original adopted General Fund appropriation budget increased by \$17.5 million, or 0.6%, from \$2.87 billion to the final amended appropriation budget of \$2.88 billion. The major appropriation variances are described below.

General government: The appropriation budget decreased by \$20.1 million, or 10.0%.

- Other charges decreased by \$14.3 million, or 20.6%. The decrease was mainly due to intergovernmental activities of \$25.9 million. This was offset by an increase of \$7.6 million of contributions given to other county funds and \$3.1 million contributed to non-County agencies.
- Appropriation for contingencies decreased by \$13.4 million, or 57.6%. The Sheriff's department attributed \$14.9 million of the decreased because their budget increased to be able to meet County's board directive of increasing patrol staffing in unincorporated areas of the county and to fund trial court realignment shortfall.

Public protection: The appropriation budget increased by \$45.5 million, or 3.8%.

• Salaries and employee benefits increased by \$33.9 million or 4.3%. This was mostly due to increases in salary costs due to new labor negotiations. The Sheriff Department had increases of approximately \$40.0 million within its Administration, Patrol and Correction divisions to be able to meet the County's board directive of increasing patrol staffing in unincorporated areas of the County and hiring for the East County

Detention Center. The District's Attorney office increased its salaries by \$5.2 million. This increase was offset by at \$12.0 million decrease due to intergovernmental activities.

Health and sanitation: The appropriation budget increased by \$39.2 million or 8.1%.

- Services and supplies increased by \$16.7 million, or 14.7%. Mental Health costs increased by \$5.9 million for IT core services, car pool expense and building maintenance and improvement. \$4.5 million was for Department of Public Health to purchase a high capacity copier. \$3.1 million of the variance was for fiscal year 2014-15 encumbrances for various general fund departments for professional services.
- Other charges increased by \$17.8 million, or 10.4%. A decreased of \$4.8 million was due to intergovernmental activities was offset by an increase of \$18.0 million increase in MISP programs, \$2.0 million contributions to Low Income Health Plan and a \$1.6 million increase by Mental Health for providing private care to misdemeanor felons.
- Capital assets increased by \$33.6 million, or 3634.9%. In June 2014, the Board of Supervisors approved the purchase of a building for \$36.0 million for Mental Health to combine various mental health services in one location. In March 2015, the acquisition was completed and the General Fund was subsequently reimbursed by MHSA revenue.
- Intrafund transfers increased by \$21.2 million or 33.2%. \$4.5 million was increased by the Department of Public Health to purchase a high capacity copier and \$16.5 million was increased by MISP for realignment funding.

Variance between General Fund Actual Revenues and Expenditures and Final Amended Budget

During the year, the General Fund had a positive budget variance of approximately \$35.3 million resulting from unexpended appropriations of \$172.5 million, or 6.0%, and overestimated revenue of \$137.2 million, or 4.8%. The following contributed to the variance:

Revenue Variances

General Fund actual revenues of \$2.70 billion were 4.8%, or \$137.2 million, less than the final amended revenue budget of \$2.84 billion.

<u>Rents and concessions</u>: Actual revenues were less than the final amended budget by \$24.5 million, or 76.0%. The primary variance is due to \$15.1 million being transferred from the general fund to the CORAL debt service fund and the remaining \$9.3 million was for the hospital's debt service.

<u>Federal aid</u>: Actual revenues were less than the final amended budget by \$16.6 million, or 3.0%. The Department of Social Services had a net decrease of \$8.7 million. During the year the CalWORKs program leveled off and came in under budget by \$11.0 million however this was offset by an increase of \$2.2 million in federal funding for the Affordable Care Act. The Probation department's actuals were \$4.3 million less than budget due to Title IV-E funding. Lastly, Public Health's federal health grants revenue was \$1.8 million less than budgeted due to less services provided to the American Lung Association of California than expected.

<u>State aid:</u> Actual revenues were less than the final amended budget by \$19.4 million, or 1.6%. During the fiscal year the County received additional state revenue of \$33.2 million from state mandated reimbursements, \$4.5 million from AB118 and \$3.0 million from growth public safety sales tax revenue. This revenue was offset by a \$20.0 million decrease in State public assistance programs.

<u>Charges for services</u>: Actual revenues were less than the final amended budget by \$44.4 million, or 9.3%. \$63.0 million of the variance was due to intergovernmental activities. Fire department actuals were less by \$8.5 million for abatements and fire protection and CORAL inter-fund rent was \$5.0 million less due to ACES being paid off in

October 2014. Mental Health actuals were \$3.2 million less than budgeted for reimbursement services, ambulatory care for capitated Medi-Cal was \$2.4 million less, and EDA utilities were \$1.3 million less than budgeted.

<u>Other revenue</u>: Actual revenues were less than the final amended budget by \$38.6 million, or 52.5%. \$24.8 million reduction is primary due to intergovernmental activities. \$6.7 million variance in the Department of Public Social Services was budgeted to cover possible operations deficit but funding was not needed as Federal, State and other funding covered costs in the current year. \$5.2 million budgeted by the Executive office to repay CIP fund was not deemed necessary.

Expenditure Variances

General Fund actual expenditures of \$2.71 billion were 6.0%, or \$172.5 million, less than the final amended appropriation budget of \$2.88 billion.

General government: Actual expenditures were less than the final amended budget by \$71.1 million, or 39.3%.

- Salaries and employee benefits were \$6.4 million, or 7.0%, below budget. Decreases were noted in the Assessor by \$2.9 million, the Treasurer-Tax Collector by \$0.6 million, Register of Voters by \$0.6 million and \$1.7 million decrease by intergovernmental activities.
- Services and supplies were \$5.4 million, or 7.2%, less than budgeted primarily due to Human Resources by \$1.0 million, Assessor's Office by \$0.7 million, EDA by \$0.7 million, and Treasurer's Office by \$0.5 million.
- Other charges decreased by \$43.9 million, or 79.3%, mainly due to decreases in contributions to other funds by the Executive Office and decreases in intergovernmental activities.
- Capital assets were \$5.8 million, or 95.5%, less than budgeted primarily due to a decrease of \$3.4 million to pay for a developer agreement and settlement for the Park's Vail Ranch Historic Site however, it is expected to be paid in fiscal year 2015-16. There was also a \$2.3 million decrease in capitalized software and equipment for the Assesor.
- Appropriation for contingencies decreased by \$9.9 million, or 100.0%. In order to meet the County's board directive of increasing patrol staffing in unincorporated areas of the County, the Sheriff's department had to request a \$10.0 million budget adjustment that was funded by contingency funds.

Public protection: Actual expenditures were less than the final amended budget by \$46.5 million, or 3.8%.

- Salaries and employee benefits were \$30.9 million, or 3.8%, less than budgeted primarily due to the \$1.9 million decrease in District Attorney, \$5.2 million decrease in Sheriff Department, \$16.3 million decrease in Probation Department, and \$1.9 million decrease in Fire Department. Intergovernmental activities decrease the appropriation by \$12.0 million.
- Services and supplies were \$14.0 million, or 3.8%, less than budgeted mainly due to Fire Department's professional services and weed abatement charges.

Health and sanitation: Actual expenditures were less than the final amended budget by \$42.6 million, or 8.2%.

- Salaries and employee benefits were \$21.9 million, or 8.7%, less than budgeted amounts mainly due to Mental Health decrease by \$14.9 million and Public Health Department by \$3.8 million. Intergovernmental activities decrease the appropriation by \$4.8 million.
- Services and supplies were \$9.5 million, or 7.3%, less than budgeted primarily due to decreases of approximately \$9.0 million related to professional services.

• Other charges were \$9.2 million, or 4.9%, less than budgeted for private care providers.

Public assistance: Actual expenditures were less than the final amended budget by \$34.6 million, or 3.8%.

- Salaries and employee benefits were \$10.6 million, or 3.6%, less than budgeted due to Department of Public Social Services (DPSS). Their budget was increased at the beginning of the year in response to the continued caseload growth in CalFresh and the Medi-Cal expansion related to healthcare reform. Positions were funded but not all were filled by year end.
- Services and supplies were \$19.3 million, or 16.2%, less than budgeted primarily due to DPSS. DPSS increased their budget by \$7.4 million for computer equipment, \$5.2 million for building improvement-maintenance-rents and \$2.7 million for professional services. This was in response to caseload growth in CalFresh, expansion in Medi-Cal and mental health services, changes in state policy for CalWORKs and child welfare, and to implement Coordinated Care Initiative program in the In Home Supportive Services.

<u>Debt service</u>: Actual expenditures were less than the final amended budget by \$32.1 million, or 71.4%, primarily due to a decrease in principal transferring actuals to debt service fund.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2015, the County's capital assets for both its governmental and business-type activities amounted to \$4.6 billion (net of accumulated depreciation). The capital assets include land easements, land improvements, structures and improvements, equipment, construction in progress, concession arrangements and infrastructure. The County's infrastructure is comprised of channels, storm drains, levees, basins, roads, traffic signals, bridges, runways, parks, park trails, and landfill liners. The County's capital assets increased by 5.2% or \$229.2 million, from \$4.4 billion in fiscal year 2013-14 to \$4.6 billion in fiscal year 2014-15.

Major capital asset events during the current fiscal year included the following:

- Infrastructure increased approximately \$264.1 million consisting of donated roads valued at \$40.1 million, \$32.7 million in flood storm drains and channels, and \$191.3 million in roads, traffic signals, bridges, and other infrastructures transferred out of construction in progress.
- Land easements increased approximately \$20.5 million as a result of the following acquisitions: Approximately 14.5 acres of land for Rustin Mental Health Building was acquired for \$13.0 million. The Flood Control District had land additions of \$4.0 million acquired to protect the existing Main Street Dam for water conservation and to improve flood protection. Approximately \$3.4 million of land was obtained by the Economic Development Agency through cooperative agreements between the Law Library, the City of Riverside, and the County that paved the way for the development of the Downtown Law Building, the Citrus Tower, and 91 freeway improvements.
- The Economic Development Agency acquired the Indio Law Building with a total cost of \$44.0 million through a leased agreement between the County and the Riverside Community Properties Development, Inc. In preparation for the East County Detention Center site, the following buildings were demolished: Indio County Administrative Center, Law Library, and Superior Courts of Indio with approximately total value of \$9.8 million. Also, the \$2.2 million Cabazon Water District Building was transferred to the Water District. Overall, the structures and improvements increased approximately by \$32.2 million.
- Equipment increased approximately \$18.3 million. The primary increase of \$9.1 million was due to the Sheriff department's acquisition of two new helicopters and \$1.7 million in communication equipment. The remaining balance of \$7.5 million was due to increases in office equipment, software, equipment vehicles, and other miscellaneous equipment throughout the County.

• During the current fiscal year, construction in progress incurred an additional amount of \$215.5 million related to existing and new projects. The major projects were as follows: the Transportation and Land Management Agency incurred an additional \$96.4 million for projects related to streets, bridges, sidewalks and signal lights; the Flood Control District incurred \$57.3 million for new dam, storm drains and channels; the Economic Development Agency incurred \$33.2 million in costs for existing projects such as the East County Parking Structure, East County Detention Center, Desert Hot Springs Family Care Clinic and the remodeling of Public Defender Building; the RMC incurred an additional \$9.6 million in cost for existing projects such as the Nurse Education Building and Emergency Room Expansion; the Crest project incurred an additional \$7.6 million towards the new integrated property management system. However, approximately \$320.8 million of completed projects were transferred out of construction in progress to other capital asset classifications which resulted in a decrease of approximately \$105.4 million.

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year:

	Gover Acti		Business-type Activities					To	Increase/ (Decrease)			
	2015		2014		2015	15 2014		2015		2014		%
Infrastructure	\$ 1,686,877	\$	1,419,015	\$	49,162	\$	52,936	\$	1,736,039	\$	1,471,951	17.9%
Land and easements	529,885		507,989		24,359		25,777		554,244		533,766	3.8%

Total outstanding	\$ 4,355,657	\$	4,124,395	\$	293,375	\$	295,478	\$	4,649,032	\$	4,419,873	5.2%

Capital Assets (Net of Accumulated Depreciation) (In thousands)

Additional information on the County's capital assets can be found in Note 8 on pages 74-76 of this report.

Debt Administration

Per Board of Supervisors policy, the County's Debt Advisory Committee reviews all debt issuances of the County and its financing component unit organizations and advises the Board of Supervisors accordingly. Net bonded debt per capita equaled \$515.0 million as of June 30, 2015. The calculated legal debt limit for the County is \$2.9 billion.

The following are credit ratings maintained by the County:

	Moody's Investors	Standard &	
	Services, Inc.	Poor's Corp.	<u>Fitch</u>
Short-term notes	MIG1	SP-1+	F1+
Long-term general obligation	Aa3	AA	AA-

The table below provides summarized information (including comparative amounts from the preceding year) for the County's outstanding long-term liabilities as of June 30, 2015.

	Governmental Activities					Busine: Acti	1		Tc	Increase/ (Decrease)			
		2015	2014		2015 2014			2015 2014				%	
Loan payable	\$	3,350	\$	3,890	\$	-	\$	-	\$	3,350	\$	3,890	-13.9%
Bonds payable		1,141,497		814,257		119,917		132,941		1,261,414		947,198	33.2%
Certificate of participation		211,688		239,988		-		-		211,688		239,988	-11.8%
Capital leases		147,278		79,822		5,878		3,854		153,156		83,676	83.0%
Total outstanding	\$	1,503,813	\$	1,137,957	\$	125,795	\$	136,795	\$	1,629,608	\$	1,274,752	27.8%

County's Outstanding Debt Obligations (In Thousands)

The County of Riverside's total debt increased by 27.8% or \$354.9 million during the current fiscal year primarily due to addition bond issuance and capital leases. Additional information on the County's long-term debt can be found in Note 14 on pages 83-93 of this report.

ECONOMIC FACTORS AND THE FISCAL YEAR 2015-16 BUDGET OUTLOOK

Economists' forecasts for long-term growth in the County remain optimistic. The residential and nonresidential property markets continue to improve while unemployment rates continue to decline.

Decisions by the state in recent years help to reshape the way the County delivers essential public safety services. The adopted budget contains Board of Supervisors approved initiatives related to the direct impacts of these decisions, as well as the costs of labor and pension increases. These initiatives are funded by a combination of general fund discretionary revenue and increases to Proposition 172 public safety sales tax allocations.

The County continues implementing recommendations of Huron Consulting Group to improve the fiscal condition of the recently renamed Riverside University Health System (formerly the Regional Medical Center). The RMC's new executive leadership team has stabilized its cash flow and continues efforts to bring its spending in line with projected revenues.

Fiscal year 2015-16 discretionary revenue is expected to increase by approximately 6.0% or \$40.4 million when compared to the fiscal year 2014-15 initial budget. The increase is primarily due to growth in assessed valuation for property values, which increased the amount of fiscal year 2015-16 estimated property tax revenue estimates by more than \$22.0 million over fiscal year 2014-15. A technical change to characterization of the County's \$35.0 million matching obligation for health and mental health programs caused a commensurate increase in estimated discretionary revenue from the state that was previously characterized as non-discretionary revenue. The following table reflects anticipated discretionary revenue totals and sources for fiscal year 2015-16.

D' 1

The following table reflects anticipated discretionary revenue totals and sources for fiscal year 2015-16.

		Final
	I	Budget
	E	stimate
Source	(In t	housands)
Taxes	\$	252,687
Other taxes		48,366
Licenses, permits, franchise taxes		4,903
Fines, forfeitures, penalties		22,400
Use of money and property		10,778
State		274,658
Federal		3,000
Charges for services		486
Miscellaneous		117,886
Total	\$	735,164

The County's employee retirement benefit contribution rate for fiscal year 2015-16 for miscellaneous members is 15.4% and the safety contribution rate is 23.6%. The employer rate for both plans is subject to changes in future years, as it continues to reflect changes in investment return and the County's growth rate, among other factors. Fiscal year 2016-17 rates are projected at 17.0% (Miscellaneous) and 27.4% (Safety). Additional information regarding the County's retirement plans are included in Notes 20, 21, and 22 of the financial statements and schedules of retirement funding progress are included in the required supplementary information section.

Requests for Information

This financial report is designed to provide a general overview of the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the County of Riverside, Office of the Auditor-Controller, County Administrative Center, 4080 Lemon Street - 11th Floor, P.O. Box 1326, Riverside, CA 92502-1326 Phone: (951) 955-3800; Fax: (951) 955-3802; website: www.auditorcontroller.org/ReportsPublications.

COUNTY OF RIVERSIDE Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position June 30, 2015 (Dollars in Thousands)

Fund balances - total governmental funds (page 31)		\$ 1,356,921
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the governmental funds.		4,283,410
Net OPEB assets, net pension liabilities, deferred outflows and deferred inflows of resources related to pensions are not current financial resources, therefore, are not reported in the governmental funds.		(1,368,874)
Under the modified accrual basis of accounting, revenue cannot be recognized until it is available to liquidate liabilities of the current period; under accrual accounting, revenue must be recognized as soon as earned, regardless of its availability. Any liability of earned but unavailable revenue must be eliminated in the government-wide financial statements.		30,152
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.		
Bonds payable	\$ 1,141,497	
Capital lease obligations	95,680	
Certificates of participation	211,688	
Loans payable	3,350	
Accrued interest payable	8,784	
Accreted interest payable	129,834	
Accrued remediation cost	2,019	
Compensated absences	215,248	(1,808,100)
Internal service funds are used by management to charge the costs of equipment, fleet management, printing, information technology, supply services, risk management, and temporary assistance to individual funds. Since internal service funds predominantly service government activities, the assets and liabilities of these funds are included as		
governmental activities in the statement of net position.		 32,929
Net position of governmental activities (page 25)		\$ 2,526,438

COUNTY OF RIVERSIDE Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2015 (Dollars in Thousands) Net change in fund balances - total governmental funds (page 35) \$ 293.359 Amounts reported for governmental activities in the statement of activities are different because: Governmental funds report capital outlay and other capital projects as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. \$ 372,979 Expenditures for capital assets Less loss on disposal of capital assets (13,692)Less current year depreciation (150,712)208,575 Pension expense is not recorded on the governmental funds but are recognized on the statement of net position and Other Post Employee Benefit (OPEB) costs are expended in the governmental funds when paid but are recognized as a financial 34,794 resource in the statement of net position. Long-term debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Proceeds in excess of principal payments (343, 587)Under the modified accrual basis of accounting, revenue cannot be recognized until it is available to liquidate liabilities of the current period; under accrual accounting, revenue must be recognized as soon as earned, regardless of its availability. Also, any liability of earned but unavailable revenue must be eliminated in the government-wide financial statements. (17, 115)Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. 576 Change in accrued interest (18,211)Change in accreted interest Change in long-term compensated absences (32, 642)(50, 277)Internal service funds are used by management to charge the costs of certain activities to individual funds. The net income (loss) of the internal service funds is reported with governmental activities. 3,537 129,286 Change in net position of governmental activities (page 27)

BASIC FINANCIAL STATEMENTS-NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The County of Riverside (the County) is a legal subdivision of the State of California charged with general governmental powers. The County's powers are exercised through a five member Board of Supervisors (the Board), which, as the governing body of the County, is responsible for the legislative and executive control of the County. Services provided by the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education, and recreation and culture.

Component Units

While each of these component units is legally separate from the County, the County is financially accountable for these entities. Financial accountability is primarily demonstrated by the County's Board acting as, or appointing, the governing board for each of the component units and its ability to impose its will. Because of their relationship with the County and the nature of their operations, component units are, in substance, part of the County's operations and, accordingly, the activities of these component units are combined, or blended with the activities of the County for purposes of reporting in the accompanying basic financial statements. The discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the County.

In conformity with accounting principles generally accepted in the United States of America, the financial statements of thirteen component units have been included and combined with financial data of the County. Eleven component units have an integral relationship with and serve as an extension of the County. Using the criteria of Governmental Accounting Standards Board (GASB) Statement No. 61, *The Financial Reporting Entity*, management has determined that each entity is presented as a blended component unit due to the composition of each governing board and the control of the day-to-day activities through the budget process. Two component units are presented discretely. Each blended and discretely presented component unit has a June 30 fiscal year-end.

Blended Component Units

Housing Authority of the County of Riverside (Housing Authority). The Board is the governing body of the Housing Authority. Among its duties, it approves the Housing Authority's budget, rates and charges for the use of facilities, and appoints the management. The County is responsible for all financial debt. The Housing Authority is reported as a proprietary fund type.

Riverside County Flood Control and Water Conservation District (Flood Control). The Board is the governing body of Flood Control. Among its duties, it approves Flood Control's budget, tax rates, contracts, and appoints the management. The County is responsible for all financial debt. Flood Control is reported as both governmental and proprietary fund types.

Riverside County Regional Park and Open-Space District (Park District). The Board is the governing board of the Park District. Among its duties, it approves the Park District's budget, contracts, fees and charges for park use, and appoints the management. The County is responsible for all financial debt and management has operational responsibility. The Park District is reported as both governmental and fiduciary fund types.

County of Riverside Asset Leasing Corporation (CORAL). The Board appoints the governing board of CORAL and CORAL provides services entirely to the County through the purchase of land and construction of facilities, which are then leased back to the County. The County is responsible for all financial debt, and management has operational responsibility. CORAL is reported as a governmental fund type.

Riverside County Service Areas (CSAs). The Board is the governing body of the CSAs. Among its duties, it approves the CSAs' budgets, approves parcel fees, and appoints the management. The County is responsible for all financial debt and management has operational responsibility. The CSAs are reported as either governmental or proprietary fund types.

Riverside County Public Financing Authority (Public Financing Authority). The Board is the governing body of the Public Financing Authority. The Public Financing Authority was formed for the purpose of assisting in financing public improvements of the County, the Riverside County Redevelopment Successor Agency and other local agencies. The County is responsible for all financial debt and management has operational responsibility. The Public Financing Authority public financing Authority is reported as a governmental fund type.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Blended Component Units (Continued)

County of Riverside District Court Financing Corporation (District Corporation). The Board is the governing body of the District Corporation. The District Corporation assists the County by providing for the acquisition, construction and renovation of U.S. District Court facilities. The County is responsible for all financial debt, and management has operational responsibility. The District Corporation is reported as a governmental fund type.

County of Riverside Bankruptcy Court Corporation (Bankruptcy Court.) The Board is the governing body of the Bankruptcy Court. The Bankruptcy Court assists the County by providing for the acquisition, construction and renovation of public facilities and improvements. The County is responsible for all financial debt, and management has operational responsibility. The Bankruptcy Court is reported as a governmental fund type.

In-home Support Services Public Authority (IHSS PA). The Board is the governing body of the IHSS PA. The IHSS PA acts as the employer of record for purposes of collective bargaining for Riverside In-home Supportive Services providers and performs other IHSS PA functions as required and retained by the County. Management has operational responsibility. The IHSS PA is reported as a governmental fund type.

Perris Valley Cemetery District (the District). The Board is the governing body of the District. The District is a public cemetery district operating under the provisions of the Health and Safety Code of the State of California. The District was created in July 1927 for the purpose of operating a public cemetery for the residents of Perris Valley. Management has operational responsibility. The District is reported as a governmental fund type.

Inland Empire Tobacco Securitization Authority (the Authority). The Board appoints two of the three members of the governing board of the Authority. The San Bernardino County Board of Supervisors appoints the third member. The Authority was created by a Joint Exercise of Powers Agreement (the Agreement) effective as of July 18, 2007, between Riverside County and San Bernardino County. The Authority was created for the purpose of securitizing the payments to be received by the County from the nation-wide Tobacco Settlement Agreement (the Payments) for such purposes, but not limited to, issuance, sale, execution and delivery of bonds secured by those Payments or the lending of money based on thereof, or to securitize, sell, purchase or otherwise dispose of some or all of such Payments of the County. The Authority is a blended component unit of the County because the Authority is providing services solely to the County and the County's Board has the ability to impose its will by removing the Authority's governing board at will. The County is responsible for all financial debt. The Authority is reported as a governmental fund type.

Discretely Presented Component Units

Riverside County Children and Families Commission (the Commission). The County Board established First 5 Riverside, also known as Riverside County Children and Families Commission, in 1999 under the provisions of the California Children and Families Act of 1998. The Commission was formed to develop, adopt, promote, and implement early childhood development programs.

A governing board of nine members, that administers the Commission, is appointed by the County Board. The Commission includes one member of the County Board. The Commission is a component unit of the County because the County's Board has the ability to remove some of the Commission's governing board at will. It is discretely presented because its governing board is not substantially the same as the County's governing board and it does not provide services entirely or exclusively to the County.

Palm Desert Financing Authority (PDFA). Is a joint powers authority between the County and Palm Desert Successor Agency (the Agency) established on January 1, 2002, under Section 6502 of the Joint Powers Act, California Government Code Section 6500. The County and the Agency agreed to create the PDFA for the purpose of establishing a vehicle to reduce local borrowing costs, promote greater use of existing and new financial instruments and mechanisms, and assist local agencies in the financing of public capital improvements. Although the PDFA is a legally separate entity, in substance under GASB Statement No. 61, the County is financially accountable for the PDFA's issuance of the lease revenue bond that is under the PDFA's management (2008 Series A).

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Discretely Presented Component Units (Continued)

The PDFA's commission is the governing body of the PDFA, which consists of the County Executive Officer, one member of the County Board, the Executive Director of the Agency and a member of the governing board. It is discretely presented because its governing board is not substantially the same as the County's governing board.

Additional detailed financial information for each of the discretely presented component units can be obtained from the Auditor-Controller's Office at the Robert T. Anderson Administrative Center, 4080 Lemon Street - 11th Floor, P.O. Box 1326, Riverside, CA 92502-1326.

Presentation of Financial Information Related to County Fiduciary Responsibilities

The basic financial statements also include an Investment Trust fund to account for cash and investments held by the County Treasurer for numerous self-governed school and special districts. The financial reporting for these governmental entities, which are independent of the County, is limited to the total amount of cash and investments and other assets. School and special district boards that are separately elected and that are independent of the County Board, administer activities of the school districts and special districts. The County auditor-controller makes disbursements upon the request of the responsible self-governed special district officers. The Board has no effective authority to govern, manage, approve budgets, assume financial accountability, establish revenue limits, or appropriate surplus funds available in these entities. Therefore, these entities are fiscally independent of the County. Twenty-eight cities and numerous self-governed special districts provide services to the residents of the County. The operations of these entities have been excluded from the basic financial statements since each entity conducts its own day-to-day operations and is controlled by its own governing board.

Basis of Presentation

Government-wide Financial Statements

The statement of net position and statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, excluding fiduciary activities. These statements distinguish between the *governmental* and *business-type activities* of the County, and between the County and its discretely presented component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities that rely, to a significant extent, on fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Expenses by function have been adjusted for any internal service profit/loss existing at fiscal year-end. In addition, 35.35% or \$17.9 million, of the County's \$50.6 million indirect costs, allocated through the Countywide Cost Allocation Program (COWCAP), have been included in the expenses of those functions, which can obtain reimbursement through State and Federal Programs or other charges. Program revenues include (1) charges paid by the recipients of goods or services offered by the programs and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

ancillary activities. *Operating* expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All expenses not meeting this definition are reported as *nonoperating* expenses.

The County reports the following major governmental funds:

General fund is the County's primary operating fund. It is used to account for all revenues and expenditures necessary to carry out the basic governmental activities of the County that are not accounted for through other funds. For the County, the general fund includes such activities as general government, public protection, health and sanitation, public assistance, education, and recreation and culture services.

Transportation fund accounts for revenue consist primarily of the County's share of highway user taxes and are supplemented by Federal funds, vehicle code fines, and fees and reimbursements for engineering services provided. The fund was established to provide for maintenance and construction of roadways and for specialized engineering services to other governmental units and the public.

Flood Control special revenue fund accounts for revenues and expenditures related to providing flood control in various geographical zones. The fund is primarily financed by ad valorem property taxes, developer fees, and local cooperative agreements.

Teeter debt service fund accounts for revenue from collection of delinquent taxes, which is then used to pay principal of the debt issued to finance the teeter plan.

Public facilities improvements capital project fund accounts for revenues and expenditures related to the acquisition and construction of public buildings and park or recreational facilities. Revenues are obtained from State funding, sale of capital assets, contributions, and from other funds when allocated by the Board.

The County reports the following major enterprise funds:

Regional Medical Center (RMC) accounts for the maintenance of physical plant facilities and quality care to all patients in accordance with accreditation standards, the bylaws, rules and regulations of the medical staff, and the RMC. Revenue for this fund is primarily from charges for services, and secondarily from the County's general fund.

Waste Resources department (Waste Resources) accounts for solid waste revenues, expenses, and the allocation of net income for solid waste projects initiated for the public's benefit. The fund facilitates management and accounting of solid waste projects. Waste Resources prepares and maintains the County's solid waste management plan, provides environmental monitoring in accordance with state and federal mandates, and administers landfill closure and acquisition.

Housing Authority was established to provide affordable, decent, safe housing opportunities to low and moderated income families including elderly and handicapped persons, while supporting programs to foster economic self-sufficiency.

The County reports the following additional fund types:

Internal service funds account for the County's records management and archives, fleet services, information services, printing services, supply services, purchasing, Riverside County Information Technology (RCIT) enterprise solutions division project (accounting, purchasing, and human resources information system), risk management, temporary assistance pool, custodial services, maintenance services, real estate, and flood control equipment on a cost-reimbursement basis. Internal service funds are presented in summary form as part of the proprietary fund financial statements. In the government-wide financial statements, the changes in net position at the end of the fiscal year, as presented in the statements of activities, were allocated to the functions of both the governmental and business-type activities, to reflect the entire activity for the year. Since the predominant users of the internal services are the County's governmental activities, the asset and liability balances of the internal service funds are consolidated into the governmental activities column at the government-wide level.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

Pension trust fund accounts for resources held in trust for the members and beneficiaries of a defined benefit pension plan for County employees not eligible for social security or California Public Employees' Retirement System (CalPERS) participation. The County's pension trust fund uses the economic resources measurement focus and accrual basis of accounting.

Investment trust fund accounts for the external portion of the County Treasurer's investment pool. External investment pool participants include entities legally separate from the County, such as school and special districts governed by local boards, regional boards, and authorities. This fund accounts for assets, primarily cash and investments, held or invested by the County treasurer and the related County liability to disburse these monies on demand to the related external entities. The County's investment trust fund uses the economic resources measurement focus and accrual basis of accounting.

Private-purpose trust fund accounts for resources held and administered by the County in a fiduciary capacity for individuals, private organizations, or other governments based on trust arrangements. The fund includes the Redevelopment Successor Agency, public guardian conservatorship, public social service foster care, and maintenance and children's trust. The County's private-purpose trust fund uses the economic resources measurement focus and accrual basis of accounting.

Agency funds account for assets held by the County in a custodial capacity. These funds only involve the receipt, temporary investment, and remittance to individuals, private organizations, or other governments and include property taxes and special assessments collected on behalf of cities, special districts, and other taxing agencies. The County's agency funds have an accrual basis of accounting but no measurement focus.

The government-wide, proprietary, pension trust, investment trust, and private-purpose trust fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements, and donations. On an accrual basis of accounting, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales taxes are recognized when the underlying transactions occur. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligible requirements have been satisfied.

Governmental fund type financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues and other governmental fund type financial resources (e.g., bond issuance proceeds) are recognized when they become both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property and sales taxes are considered available for the year levied and are accrued when received within sixty days after fiscal year-end. Revenue received from expenditure driven (cost-reimbursement) grants, as defined by GASB Statement No. 33, *Accounting and Financial Reporting for Non-exchange Transactions*, are considered available and accrued if expected to be received within twelve months after fiscal year-end. All other revenue streams are considered available and accrued if they are expected to be received within ninety days after the fiscal year-end. Since revenue from these sources are not available to meet current period liabilities, these sources are financed through proceeds received from Tax and Revenue Anticipation Notes (TRANs) which are outstanding for a twelve month period. General capital assets acquisitions are reported as other financing sources.

Reconciliations are presented to explain the adjustments necessary to reconcile the fund financial statements to the government-wide financial statements. These reconciliations are presented because governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements for governmental activities.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

Cash and Investments

The County pools cash resources of its various funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance of the pooled cash account is available to meet current operating requirements. Cash in excess of current requirements is invested in various interest-bearing securities and disclosed as part of the County's pooled investments.

For purposes of the statement of cash flows, the County considers all highly liquid investments (including restricted cash and investments) with an original maturity of three months or less when purchased to be cash equivalents.

Securities, including U.S. Treasury and Agency securities, are carried at fair value/cost based on current market prices on a monthly basis. Repurchase agreements are carried at fair value based on quoted market prices, except for repurchase agreements maturing within ninety days of June 30, 2015, which are carried at cost. Bond anticipation notes are carried at fair value/cost. Commercial paper is carried at amortized cost/cost. Investments in bankers' acceptances and nonparticipating guaranteed investment contracts are carried at cost. Participating guaranteed investment contracts are carried at fair value based on net realizable value. Mutual funds are carried at fair value based on the funds' share price. Local Agency Obligations are carried at cost based on the value of each participating dollar.

The fair value of a participants' position in the pool is not the same as the value of the pooled shares. The method used to determine the value of participants' equity withdrawn is based on the book value, amortized cost, and accrued interest of the participants' percentage participation at the date of such withdrawal.

State law requires that the County treasurer hold all operating monies of the County, school districts, and certain special districts. Collectively, these mandatory deposits constituted approximately 74.0% of the funds on deposit in the County treasury. In addition, the Auditor-Controller determined districts and agencies constituting approximately 26.0% of the total funds on deposit in the County treasury represented discretionary deposits.

Receivables

The RMC accounts receivable are reported at their gross value and, where appropriate, are reduced by contractual allowances and the estimated uncollectible amounts. The estimated allowance for uncollectibles and allowance for contractuals are \$131.4 million and \$362.0 million, respectively. The RMC has contracted with a Medi-Cal managed care plan to provide services to patients enrolled with Medicare and Medi-Cal programs. The RMC receives a fixed monthly premium payment for each patient enrolled. Revenue under this agreement is recognized in the period in which the RMC is required to provide services.

Property taxes

All jurisdictions within California derive their taxing authority from the State Constitution and various legislative provisions contained in the Government Code and the Revenue and Taxation Code. Property is assessed by the County Assessor and State Board of Equalization at 100.0% of full cash or market value (with some exceptions) pursuant to Article XIIIA of the California State Constitution and statutory provisions. The total for fiscal year 2014-15 gross assessed valuation (for tax purposes) of the County was \$230.4 billion.

The property tax levy to support general operations of the various local government jurisdictions is limited to 1.0% of the full cash value of taxable property and distributed in accordance with statutory formulas.

Amounts needed to finance the annual requirements of voter-approved debt (approved by the electorate prior to June 30, 1978) are excluded from this limitation and are calculated and levied each fiscal year. The rates are formally adopted by either the Board or the city councils and, in some instances, the governing board of a special district.

The County is divided into tax rate areas, which are unique combinations of various jurisdictions servicing a specific geographic area. The rates levied within each tax rate area vary only in relation to levies assessed as a result of voter-approved indebtedness.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

Property taxes are levied on both real and personal property and are recorded as receivables at the date of levy. Secured property taxes are levied on or before the first business day of September of each year. These taxes become a lien on real property on January 1 proceeding the fiscal year for which taxes are levied. Tax payments can be made in two equal installments; the first is due November 1 and are delinquent with penalties after December 10; the second is due February 1 and are delinquent with penalties after April 10. Secured property taxes that are delinquent and unpaid as of June 30 are declared to be tax defaulted and are subject to redemption penalties, costs, and interest when paid. If the delinquent taxes are not paid at the end of five years, the property is sold at public auction and the proceeds are used to pay the delinquent amounts due and any excess is remitted, if claimed, to the taxpayer.

Supplemental tax liens are created when there is a change in ownership of property or upon completion of new construction. Tax bills for these new tax liens are issued throughout the fiscal year and contain various payments and delinquent dates but are generally due within one year. If the new tax liens are lower, the taxpayer receives a tax refund rather than a tax bill.

Unsecured personal property taxes are not a lien against real property. These taxes are due on January 1, and become delinquent, if unpaid, on August 31.

During fiscal year 1993-94, the County authorized an alternative property tax distribution method referred to as the "teeter plan." This method allows for a 100.0% distribution of the current secured property tax levy to entities electing the alternative method, as compared to the previous method where only the current levy less any delinquent taxes was distributed. This results in the general fund receiving distributions of approximately 50.0-55.0% in December, 40.0-45.0% in April and the remaining balance in the fall of each year. The teeter plan also provides that all of the payments of redemption penalties and interest on delinquent secured property taxes of participating agencies flow to a Tax Loss Reserve Fund (TLRF). Any amounts on deposit in the TLRF greater than 1.0% of the tax levy for participating entities may flow to the County general fund. For fiscal year 2014-15, \$27.0 million was transferred from the TLRF to the general fund.

Prepaid Items and Inventories

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. The prepaid assets recorded in the governmental funds do not reflect current appropriable resources and thus, an equivalent portion of fund balance is nonspendable. The consumption method is used to account for prepaid items. Under the consumption method, prepaid items are recorded as expenditures during the period benefited by the prepayment.

Inventories, which consist of materials and supplies held for consumption, are valued at the lower of cost (on a firstin, first-out basis) or market value in the proprietary funds. Inventories for all governmental funds are valued at average cost. The consumption method is used to account for inventories. Under the consumption method of accounting, inventories are recorded as expenditures when consumed rather than when purchased. Material amounts of inventory are reported as assets of the respective fund. Reported inventories of governmental funds are equally offset by a nonspendable fund balance reservation to indicate that portion of fund balance not available for future appropriation.

Capital Assets

Capital assets (including infrastructure) are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. Capital assets include public domain (infrastructure) general capital assets consisting of certain improvements including roads, bridges, traffic signals, park trails, and improvements, flood control channels, storm drains, dams, and basins. The capitalization threshold for equipment is \$5.0 thousand; buildings, land and land improvements are \$1.0 thousand; and, infrastructure and intangibles are \$150.0 thousand. Betterments result in more productive, efficient, or long-lived assets. Significant betterments are considered capital assets when they result in an improvement of \$2.5 thousand or more.

Capital assets used in operations are depreciated or amortized (assets under capital leases) using the straight-line method over the lesser of the capital lease period or their estimated useful lives in the government-wide financial statements and proprietary funds.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

Infractructura

The estimated useful lives are as follows:

lillasti detule	
Flood channels	99 years
Flood storm drains	65 years
Flood dams and basins	99 years
Roads	20 years
Traffic signals	10 years
Parks trails and improvements	20 years
Bridges	50 years
Buildings	25-50 years
Improvements	10-20 years
Equipment	3-20 years

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements, which significantly increase values, change capacities, or extend useful lives, are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the changes in financial position.

Leases

The County leases various assets under both operating and capital lease agreements. For governmental funds, assets under capital leases and the related lease obligations are reported in the government-wide financial statements. For proprietary funds, the assets and related lease obligations are recorded in the appropriate enterprise or internal service fund and the government-wide financial statements.

Restricted Assets

The County maintains various restricted asset accounts as a result of debt agreements and certain state statutes. The agreements authorizing the issuance of CORAL and Housing Authority obligations include certain covenants pertaining to the disposition of bond proceeds for construction, acquisition, and bond redemption purposes. Waste Resources has restricted assets to meet requirements of state and federal laws and regulations to finance closure and post-closure maintenance activities at landfill sites. The general fund has restricted assets for program money where use is legally or contractually restricted.

Employee Compensated Absences

County policy permits employees in some bargaining units to accumulate earned, but unused vacation, holiday, and sick pay benefits. Vacation and holiday pay are accrued when incurred. For other bargaining units, annual leave is earned and accrued, but not vacation or sick leave. Proprietary funds report accrued vacation and holiday pay as a liability of the individual fund while governmental funds record amounts that are due and payable at year-end as a liability of the fund and amounts due in the future as a liability in the government-wide financial statements. At June 30, 2015, the amount of accrued vacation, holiday pay, and sick leave reported in the government-wide statement of net position was \$255.7 million.

The County allows unlimited accumulation of sick leave. Upon service retirement, disability retirement, or death of an employee or officer, and subject to the provisions of any applicable agreement between the employing agency and CalPERS, unused accumulated sick leave for most employees with at least 5 but less than 15 years of service shall be credited at the rate of 50.0% of current salary value thereof provided however, that the total payment shall not exceed a sum equal to 960 hours of full pay.

Unused accumulated sick leave for employees with more than 15 or more years of service shall be credited at the rate of the current salary value provided however, that the total payment shall not exceed a sum equal to 960 hours of full pay. In addition, the employee may also elect to place the payable amount of sick leave into a VEBA (Voluntary Employee Beneficiary Association) account, which may be used for future health care costs.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

Deferred Outflows and Inflows of Resources

Pursuant to GASB Statement No. 63 and GASB Statement No. 65, the County recognizes deferred outflows of resources and inflows of resources. The deferred outflow of resources is defined as a consumption of net position by the government that is applicable to the future reporting period. A deferred inflow of resources is defined as an acquisition of net position by the government that is applicable to a future reporting period. A deferred inflow of resources is defined as an acquisition of net position of net position by the government that is applicable to a future reporting period. A deferred inflow of resources is defined as an acquisition of net position by the government that is applicable to a future reporting period. Refer to Note 15 for a detailed listing of the deferred inflows and outflows of resources the County has recognized.

Long-term Debt

The County reports long-term debt of governmental funds in the government-wide statement of net position. Certain other governmental fund obligations not expected to be financed with current available financial resources are also reported in the government-wide statement of net position. Long-term debt and other obligations financed by proprietary funds are reported as liabilities in the appropriate proprietary fund and the government-wide statement of net position.

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Bond premiums and discounts, bond issuance costs, and deferred losses on refundings are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount, and deferred losses on refundings.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. Issuance costs are reported as debt service expenditures whether or not withheld from the actual debt proceeds received.

Pensions

For purposes of measuring the net pensions liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position have been determined on the same basis as they are reported by CalPERS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Landfill Closure and Post-Closure Care Costs

Waste Resources provides for closure and post-closure care costs over the life of the operating landfills as the permitted airspace of the landfill is used. Accordingly, the entire closure and post-closure care cost is recognized as expense by the time the landfills are completely filled. Waste Resources also recognizes expense closure and post-closure care costs for inactive landfills that have been closed under state and federal regulations.

Waste Resources, under state and federal regulations, may be required to perform corrective action for contaminate releases at any of its active or inactive landfills. Waste Resources provide for remediation costs for landfills upon notification from the local water quality board that a specific landfill is considered to be in the evaluation monitoring phase. Upon notification, Waste Resources provides for these costs based on the most recent cost study information available.

Interfund Transactions

Interfund transactions are reflected as loans, services provided reimbursements, or transfers. Loans are reported as receivables and payables, as appropriate. These transactions are subject to elimination upon consolidation and are referred to as either "due to/due from other funds" (the current portion of interfund loans) or "advances to/advances from other funds" (the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

"internal balances." Advances between funds, as reported in the governmental fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are neither available for appropriation nor available as financial resources.

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

Net Position

The government-wide financial statements and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted net position, or unrestricted net position.

Net Investment in Capital Assets – This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce the balance in this category.

Restricted Net Position – This category presents external restrictions imposed by creditors, grantors, contributors, laws and regulations of other governments, or restrictions imposed by law through constitutional provisions or legislation.

Unrestricted Net Position – This category represents net position of the County, not restricted for any project or other purpose.

Fund Balance

In the fund financial statements, fund balance may be categorized as nonspendable, restricted, committed, assigned, and unassigned. All of the County's governmental fund balances will be comprised of the following categories:

- Nonspendable fund balance amounts that cannot be spent because they are either not in spendable form or they are legally or contractually required to be maintained intact.
- Restricted fund balance amounts that are constrained to being used for a specific purpose by external parties such as creditors, grantors, laws, or regulations.
- Committed fund balance amounts that are committed can only be used for specific purposes determined by formal action from the Board, the County's highest level of decision-making authority. Commitments may be changed or lifted only by the County's Board taking the same formal action that imposed the constraint originally.
- Assigned fund balance amounts that have been set aside and are intended to be used for a specific purpose but are neither restricted nor committed. The Board delegates the County Executive Officer or an Executive Officer designee for the establishment of assignments within the general fund. Assigned amounts cannot cause a deficit in unassigned fund balance.
- Unassigned fund balance funds that are not reported in any other category and are available for any purpose within the general fund.

Fund Balance Policy

On September 13, 2011, the Board approved Policy B-30, Governmental fund balance policy to ensure fund balance is accurately classified and reported on the annual financial statements per GASB Statement No. 54. This policy applies to governmental fund types which include the general fund, special revenue funds, capital projects funds, debt service funds, and permanent funds.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation (Continued)

The purpose of this policy is to establish the guidelines for:

- The use of reserves with a restricted purpose versus an unrestricted purpose when both are available for expenditures.
- The establishment of stabilization arrangements for governmental funds.
- The minimum fund balance allowable for governmental funds.

The Board establishes, modifies or rescinds fund balance commitments and assignments by passage of an ordinance or resolution (ordinances and resolutions are considered of equal authority with respect to fund balance). This is done through adoption of the budget and subsequent budget amendments that occur throughout the year.

Spending Prioritization for Fund Categories

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it shall be the policy of the Board to consider restricted amounts to be reduced first. When an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it shall be the policy of the Board that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts.

Minimum Fund Balance Policy for Governmental Funds

Establishing guidelines for minimum fund balance for governmental funds is essential to ensuring a prudent level of fund balance is maintained for unanticipated expenditures, delays in revenue receipt, or revenue shortfalls.

The County shall commit a portion of the general fund for disaster relief. The use of these funds will be restricted to onetime or short-term expenditures that are the result of a natural disaster or act of terrorism. The funds restricted for this purpose shall be at least 2.0% of discretionary revenue or \$15.0 million, whichever is greater.

No formal action is required to remove an assignment. Assignments within the general fund must be established by the County Executive Officer or an Executive Officer designee.

Special revenue fund balances shall be kept at the higher of the minimum level dictated by the funding source or an amount that does not fall below zero. In the event that the fund balance drops below the established minimum levels, the department with primary responsibility for expending the special revenue will develop a plan to replenish the balance to established minimum levels within 2 years and submit the plan to the Board for approval.

The County shall maintain a minimum unassigned fund balance in its general fund of at least 25.0% of the fiscal year's estimated discretionary revenue. A significant portion of the minimum unassigned fund balance may be used for one-time or short-term expenditures caused by an economic crisis and should be designated within an "Economic Uncertainty" account. Use of these stabilization funds should be as the last resort in balancing the County budget. In the general fund unassigned fund balance, commitments for economic uncertainty is \$124.7 million and budget stabilization of \$50.6 million, which is 25.0% of discretionary revenue.

Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Current Governmental Accounting Standards Board Statements

GASB Statement No. 68

In June of 2012, GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No.* 27. The objective of this statement is to improve accounting and financial reporting by

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Current Governmental Accounting Standards Board Statements

state and local governments for pensions. The statement also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This resulted from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. GASB Statement No. 68 replaces the requirements of GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements (hereafter jointly referred to as trusts) that meet certain criteria. GASB Statement No. 68 is effective for periods beginning after June 15, 2014.

Governmental Accounting Standards Board Statement No. 69

In January of 2013, GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*. The objective of this statement is to establish accounting and financial reporting standards related to government combinations and disposals of government operations. As used in this statement, the term government combinations include a variety of transactions referred to as mergers, acquisitions, and transfers of operations. GASB Statement No. 69 is effective for periods beginning after December 15, 2013.

Governmental Accounting Standards Board Statement No. 71

In November of 2013, GASB issued Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. The objective of this statement is to address an issue regarding application of the transition provisions of GASB Statement No. 68. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. GASB Statement No. 71 is applied simultaneously with the provision of GASB Statement 68.

Future Governmental Accounting Standards Board Statements

Governmental Accounting Standards Board Statement No. 72

In February of 2015, GASB issued Statement No. 72, *Fair Value Measurement and Application*. The objective of this Statement is to address accounting and financial reporting issues related to fair value measurements. The statement provides guidance for determining a fair value measurement for financial reporting purposes. The statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. GASB Statement No. 72 is effective for periods beginning after June 15, 2015. The County has elected not to early implement this statement.

Governmental Accounting Standards Board Statement No. 73

In June of 2015, GASB issued Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. The objective of this Statement is to improve the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability. GASB Statement No. 73 is effective for periods beginning after June 15, 2015. The County has elected not to early implement this statement.

Governmental Accounting Standards Board Statement No. 74

In June of 2015, GASB issued Statement No. 74, Financial Reporting for Postemployment Benefit Plans other than Pension Plans. The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Future Governmental Accounting Standards Board Statements (Continued)

financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. GASB Statement No. 74 is effective for periods beginning after June 15, 2015. The County has elected not to early implement this statement.

Governmental Accounting Standards Board Statement No. 75

In June of 2015, GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions.* The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. GASB Statement No. 75 is effective for periods beginning after June 15, 2015. The County has elected not to early implement this statement.

Governmental Accounting Standards Board Statement No. 76

In June of 2015, GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments.* The objective of this Statement is to identify in the context of current governmental financial reporting environment the hierarchy of generally accepted accounting principles. The "generally accepted accounting principles hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with accounting principles generally accepted in the United States of America and the framework for selecting those principles. GASB Statement No. 76 is effective for periods beginning after June 15, 2015. The County has elected not to early implement this statement.

Governmental Accounting Standards Board Statement No. 77

In August of 2015, GASB issued Statement No. 77, *Tax Abatement Disclosures*. The objective of this Statement is to assure financial statements prepared by state and local governments in conformity with accounting principles generally accepted in the United States of America provide citizens and taxpayers, legislative and oversight bodies, municipal bond analysts, and others with information they need to evaluate the financial health of governments, make decisions, and assess accountability. GASB Statement No. 77 is effective for periods beginning after December 15, 2015. The County has elected not to early implement this statement.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Data

On or before October 2 of each fiscal year, after conducting public hearings concerning the proposed budget, the County Board adopts a budget in accordance with the provisions of Sections 29000-29144 and 30200 of the Government Code of the State of California (the Government Code), commonly known as the County Budget Act, and Board Resolution No. 90-338. Annual budgets are adopted on the modified accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Budgeted governmental funds consist of the general fund, major funds, and some nonmajor funds (all special revenue funds, certain debt service funds, and certain capital projects funds). Annual budgets are not adopted for the following debt service funds: CORAL, District Court Financing Corporation, the Authority; the CORAL Capital Projects Fund; RDA Housing Successor Agency; Public Financing Authority and the Perris Valley Cemetery Permanent Fund.

As adopted by the Board, expenditures are controlled by the County at the budgetary unit level, which is the organization level, for each appropriation (object) class. The appropriation classes are salaries and benefits, services and supplies, other charges, capital assets, transfers out, and intrafund transfers. The separately prepared Expenditure by Appropriation – Budget and Actual report, showing budgetary comparisons at the object level of control, is available in the Auditor-Controller's Office.

Each year the original budget, as published in a separate report titled the "Adopted Budget," is adjusted to reflect increases or decreases in revenues and changes in fund balance. These changes are offset by an equal change in available appropriations. The County Executive Officer is authorized by the Board to transfer appropriations between appropriation classes within the same budgetary unit. Transfers of appropriations between budgetary units require approval of the Board (legal level of control). Any deficiency of budgeted revenues and other financing sources over expenditures and other financing uses is financed by beginning available fund balances as provided for in the County Budget Act. All annual appropriations lapse at year-end.

Budgetary comparison statements are prepared for the general fund, special revenue funds, certain debt service funds, and certain capital projects funds. The budgetary comparison statements are a part of the basic financial statements. Each budgetary comparison statement provides three separate types of information: (1) the original budget; (2) the final amended budget, which included legally authorized changes regardless of when they occurred; and (3) the actual amount of inflows and outflows in the budget-to-actual comparison.

Individual Fund Deficits

For the year ended June 30, 2015, Enterprise funds (EF) and Internal Service Funds (ISF) individual Fund Deficits are as follows (In thousands):

Proprietary Funds:	
EF - Regional Medical Center	\$ 132,754
ISF - Information Services	\$ 50,013
ISF - Risk Management	\$ 25,570
ISF - Temporary Assistance Pool	\$ 1,385
ISF - EDA Facilities Management	\$ 20,743

The primary reason for the fund deficits in all funds listed are due to prior period adjustments related to GASB 68 Pension Statement.

Excess of expenditures over appropriations

For the year ended June 30, 2015, expenditures exceeded appropriations in capital outlay by \$54.5 million in the general fund. This excess of expenditures resulted from the acquisition of \$54.5 million of capital leases. Accordingly, this is being funded by other financing sources-capital leases.

NOTE 3 – RESTATEMENTS OF BEGINNING FUND BALANCES / NET POSITION

The County's beginning net position has been restated to reflect the cumulative effect of prior year adjustments. A summary of the restatements as of June 30, 2015 is as follows (In thousands):

Government-wide:

		Primary G	ment	Component Unit		
Description	-	overnmental Activities		siness-type Activities	Children and Families Commission	
Government-wide net position as of June 30, 2014, as previously reported	\$ 4,382,887		82,887 \$		\$	46,368
Fund financial statements:						
Prior period adjustments:						
Deferred inflow of resources (1) Compensated absences adjustment (2)		1,000 (1,219)		-		-
Incorrect fund type previously recorded (3) Net pension liability adjustment (4) Correction of notes receivable from redevelopment agency (5) Post-closure and remediation liability adjustment (7)		(3,071) (88,927)		(218,823) 7,929 (34,910)		- - -
Government-wide financial statements:						
Prior period adjustments: Net pension liability adjustment (4) Bond premium and loss on refunding debt adjustments (6)		(1,890,052) (3,466)		-		(1,638)
Net position as of June 30, 2014, as restated	\$	2,397,152	\$	(28,997)	\$	44,730

Fund Financials:

	Governmental Proprietary Fund Funds									ıds			
	Major Funds				erprise Fund		Non Major Fund		Inte	ernal Service Funds			
Description	Ger	neral Fund	ľ	Regional Medical Center		Waste		lousing uthority	En	Other Enterprise Funds		ernal Service Funds	
Fund balances as of June 30, 2014, as previously reported	\$	363,676	\$	(5,683)	\$	150,065	\$	150,242	\$	2,543	\$	42,249	
Prior Period Adjustments:													
Deferred inflow of resources (1)		1,000		-		-		-		-		-	
Compensated absences adjustment (2)		-		-		-		-		-		(1,219)	
Incorrect fund type previously recorded (3)		-		-		-		-		-		(3,071)	
Net pension liability adjustment (4)		-		(186,515)		(23,284)		(7,656)		(1,368)		(88,927)	
Correction of notes receivable from redevelopment agency (5)		-		-		-		7,929		-		-	
Post-closure and remediation liability adjustment (7)		-		-		(34,910)		-		-		-	
Fund balances as of June 30, 2014, as restated	\$	364,676	\$	(192,198)	\$	91,871	\$	150,515	\$	1,175	\$	(50,968)	

- (1) A prior period adjustment of \$1.0 million was made to increase the governmental activities' beginning net position. The adjustment was made due to prior year deferred inflow of resources was erroneously recorded as inter-fund transaction for operating transfer out.
- (2) A prior period adjustment of \$1.2 million was made to decrease the governmental activities' beginning net position for compensated absences adjustment.

NOTE 3 – RESTATEMENTS OF BEGINNING FUND BALANCES / NET POSITION (Continued)

- (3) A prior period adjustment of \$3.1 million was made to decrease the governmental activities' beginning net position. The adjustment was made due to the fiduciary fund type was erroneously recorded for County selfinsurance program.
- (4) The adjustment was made to reflect the prior period costs related to the implementation of the net pension liability. The beginning net position decreased by \$2.0 billion in Governmental Activities, \$218.8 million in Business-type Activities, and \$1.6 million in Discretely Presented Component Unit.
- (5) A prior period adjustment of \$7.9 million was made to increase the business-type activities' beginning net position. The adjustment was made due to the notes receivable were not recorded in prior years as part of the absorption of the redevelopment agency and required to be added.
- (6) A prior period adjustment of \$3.5 million was made to decrease the governmental activities' beginning net position. The adjustment was made due to the bond premium and loss on refunding debt were not recorded in prior year.
- (7) A prior period adjustment of \$34.9 million was made to decrease the business-type activities' beginning net position. The adjustment was made to reflect the post-closure liability and remediation liability for 26 inactive sites that had not been recorded in the prior year.

NOTE 4 - CASH AND INVESTMENTS

As of June 30, 2015, cash and investments are classified in the accompanying financial statements as follows (In thousands):

						scretely resented		
	Go	overnmental	Bus	siness-type	Co	mponent	Fiduciary	
		Activities	А	ctivities		Unit	Funds	Total
Cash and investments	\$	1,008,724	\$	150,248	\$	41,298	\$ 4,702,768	\$ 5,903,038

Total cash and investments	\$	1,794,837	\$	280,190	\$	52,685	\$ 4,702,768	\$ 6,830,480

As of June 30, 2015, cash and investments consist of the following (In thousands):

Deposits	\$ 542,070
Investments	6,288,410
Total cash and investments	\$ 6,830,480

Investments Authorized by the California Government Code and the County's Investment Policy

The table below identifies the investment types that are authorized for the County by the California Government Code or the County's investment policy, whichever is more restrictive. The table also identifies certain provisions of the California Government Code or the County's investment policy, (where more restrictive that address interest rate, credit risk, and concentration of credit risk.) A copy of the County's investment policy can be found at www.treasurer-tax.co.riverside.ca.us.

Authorized investment type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
Municipal bonds (MUNI)	3 Years	15%	5% **
U.S. treasuries	5 Years	100%	N/A
Local agency obligations (LAO)	3 Years	2.5%	2.5%
Federal agencies	5 Years	100%	N/A
Commercial paper (CP)	270 Days	40%	5% *

(1) Investment ratings are from S&P and Moody's.

(2) A rating permitted for the State of California securities.

(3) Government Code requires money market mutual funds to be rated.

(4) Housing Authority and Inland Empire Tobacco Securitization Authority do not require money market mutual funds to be rated.

Investment in State Investment Pool

The County is a voluntary participant in the LAIF that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The State Treasurer's Office reports its investments at fair value. The fair value of securities in the State Treasurer's pooled investment program, including LAIF, generally is based on quoted market prices. The State Treasurer's Office performs a quarterly fair market valuation of the pooled investment program portfolio and a monthly fair market valuation of all securities held against carrying cost. These valuations and financial statements are posted to the State Treasurer's Office website at www.treasurer.ca.gov. The fair value of the County's investment in this pool is reported in the accompanying financial statements at amounts based upon the County's prorate share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. As of June 30 2015, CORAL has \$2.5 million, Housing Authority has \$1.7 million and RMC has \$0.7 million in LAIF.

NOTE 4 – CASH AND INVESTMENTS (Continued)

Investments Authorized by Debt Agreements

Investments of debt proceeds held by bond trustees are governed by provisions of the debt agreements of respective component units, rather than the general provisions of the California Government Code or the County's investment policy. These provisions allow for the acquisition of investment agreements with maturities of up to 30 years.

Disclosures Relating to Interest Rate Risk

Interest rate risk is the measurement of how changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the more sensitive to changes in market interest rates of its fair value. One of the ways the County Treasurer manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so a portion of the portfolio is maturing or coming close to maturity to ensure the cash flow and liquidity required for operations.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure County deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. The County has cash deposits with fiscal agents in excess of federal depository insurance limits held in collateralized accounts with securities held by Union Bank in the amount of \$287.0 million. Investment securities are registered and held in the name of the County.

Concentration of Credit Risk

The investment policy of the County contains certain limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. In accordance with GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, the County should provide information about the concentration of credit risk associated with their investments in any one issuer that represent 5% or more of total County investments. These investments are identified on the investment table on page 66.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

NOTE 5 – RESTRICTED CASH AND INVESTMENTS

The amount of assets restricted by legal and contractual requirements at June 30, 2015 is as follows (In thousands):

NOTE 9 – SERVICE CONCESSION ARRANGEMENTS (SCA)

GASB Statement No. 60, *Accounting and Financial Reporting for Service* Concession *Arrangements (SCA)* defines an SCA as a type of public-private or public-public partnership. As used in GASB Statement No. 60, an SCA is an arrangement between a government (the transferor) and an operator in which all of the following criteria are met:

- a) The transferor conveys to the operator the right and related obligation to provide public service through the use and operation of a capital assets (referred to in the statement as a "facility") in exchange for significant consideration, such as an up-front payment, installment payments, a new facility, or improvements to an existing facility.
- b) The operator collects and is compensated by fees from third parties.
- c) The transferor determines or has the ability to modify or approve what services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services.

The County has determined that the following arrangements meet the criteria set forth above (where the County is the transferor) and therefore included these SCA in the County's financial statements. GASB Statement No. 60 also provides guidance on accounting treatment if the County were acting as an operator of another government's facility. The County has determined that there are no incidences where the County would qualify as such an operator.

McIntyre Park Campground

On October 15, 1985, and as later amended, the Park District (the Park) entered into an agreement with California East Coast, Inc. (the Company), under which the Company will operate and collect user fees from a campground, camp store, boat launch and recovery ramp, day-use area and marina fuel station through a lease with the Park at McIntyre County Park through the year 2047. The Company will pay the Park between ten and seventeen percent of the revenues it earns from the operation of the campground. The Company is required to operate and maintain the campground in accordance with the Lease Contract. The Park reports the campground as a capital asset with a carrying amount of \$51.6 thousand at year-end. The Park has received no upfront payments or installment payments that are required to be reported as a deferred inflow of resources on the financial statements. The Park also has no contractual obligations to sacrifice financial resources that meet the criteria to be recognized as a liability.

Riviera RV Resort

On or about January 1, 1970, and as later amended, the County and later the Park entered into an agreement with Cavan Inc., now Destiny RV, LLC who assigned its lease rights to Riviera-Reynolds (the Company). Under the terms of the agreement, the Company is permitted to engage in the operation of a travel trailer park, rental of spaces in the park, food service operations including a grocery store, boat launching ramp and other associated camping functions through June 2044. The Company will pay the Park the greater of \$3.0 hundred or seven percent of gross receipts earned from operation of the RV Park. The Park reports the RV Park as a capital asset with a carrying amount of \$131.4 thousand at year-end. The Park has received no upfront payments or installment payments that are required to be reported as a deferred inflow of resources on the financial statements. The Park also has no contractual obligations to sacrifice financial resources that meet the criteria to be recognized as a liability.

Lake Skinner Recreation Area

On or about November 2007, the Park entered into an agreement with Pyramid Enterprise, Inc. d.b.a. Rocky Mountain Recreation Company of Piru, California (the Company) to sublease its rights to Lake Skinner Recreation Area Concessionaire. Under the provisions of the agreement, the Company is permitted to engage in the operation of a marina, camp store, cafe, parking lots, laundry facility, fueling station, and bike shop. The monthly payment from the Company to the District will be the greater of the combination of 7% of all retail gross sales, 9% of all rental gross sales, and 2% of all fuel gross sales or \$2.5 thousand. The Park has received no upfront payments or installment payments that are required to be reported as a deferred inflow of resources on the financial statements. The Park also has no contractual obligations to sacrifice financial resources that meet the criteria to be recognized as a liability. The term of the agreement is 10 years, renewable in 5 year increments.

NOTE 9 - SERVICE CONCESSION ARRANGEMENTS (SCA) (Continued)

Edom Hill Transfer Station

On November 2, 2002, the Department of Waste Resources entered into a 30-year agreement with Burrtec Recovery and Transfer LLC (Burrtec), under which Burrtec has the rights to construct the Edom Hill Transfer Station in order to serve the traditional users/wasteshed of the closed Edom Hill Landfill and operate the transfer station.

A summary of the important details and capital assets pertaining to the SCA are described below. (In thousands)

	Date SCA Entered Into	Term of SCA	Expiration of SCA	Revenue Sharing	Minimum Rent Payment (per month)
McIntyre Park Campground	10/15/1985	62 years	10/15/2047	Between 10.0% and 17.0% of the revenues it earns from the operation of the campground.	\$ -
Riviera RV Resort	1/1/1970	74 years	6/30/2044	Greater of \$3 hundred or 7.0% of gross receipts earned from operation of the RV park.	-
Lake Skinner Recreation Area	11/1/2007	10 years	10/31/2017	Greater of the combination of 7% of all retail gross sales, 9% of all rental gross sales, and 2% of all fuel gross sales or \$2.5 thousand.	_
Edom Hill Transfer Station	11/2/2002	30 years	11/2/2032	Service Fee ranging from \$4.41 to \$4.13 per ton, Disposal fee of \$23.00 per ton, and City Mitigation Fee of \$1 per ton for all incoming solid waste	_
	11/2/2002	50 years	11/2/2052	per ton for an meening sond waste	\$ -

Capital assets balance for the SCA for the fiscal year-ended June 30, 2015, and over the term of the agreement are as follows: (In thousands)

	Structures & Structure Improvements	
McIntyre Park Campground	\$	52
Riviera RV Resort Lake Skinner Recreation Area		131
Edom Hill Transfer Station		8,830
	\$	9,013

NOTE 9 – SERVICE CONCESSION ARRANGEMENTS (SCA) (Continued)

¹ Amortization calculate using straight-line method for the term of the agreement for the SCA

² No upfront payments received or installment payments that are required to be reported as a deferred inflow of resources

NOTE 10 - LANDFILL CLOSURE AND POST-CLOSURE CARE COSTS

State and federal laws and regulations require Waste Resources to place a final cover on all active landfills when closed and to perform certain maintenance and monitoring functions at the landfill site for 30 years after closure. Waste Resources will recognize the remaining estimated cost of \$13.0 million as the remaining estimated capacity of 13.5 million tons is filled. Waste Resources expect all currently permitted landfill capacities to be filled by 2098. The total estimate closure liability of \$37.3 million and post-closure care cost of \$25.2 million is based on what it would cost to perform all closure and post-closure care costs at present value. Actual costs may be different due to inflation, changes in technology, or changes in regulations.

In addition to the liability amounts calculated per CalRecycle regulations that are designated to the Escrow Funds, Waste Resources is also responsible for the post-closure costs related to twenty-six (26) other landfill sites that have been inactive or closed since before 1988. Liability for these sites fluctuates dependent on the needs of each site and changes to or the implementation of laws and regulations. As of June 30, 2015 the post-closure liability is estimated at \$31.3 million.

Cumulative expenses, percentage of landfill capacity used to date, and the estimated remaining landfill life by operating landfill are as follows (In thousands):

Closure Escrow Fund Landfill Sites

Facility Name (City)	Total Estimate	Capacity Used as of June 30, 2015 %	R	utstanding econgized Liability	Estimated Years Remaining
Badlands (Moreno Valley)	\$ 8,298	65.6	\$	5,442	10

Total Closure Estimate	\$ 37,278		\$	24,281	

NOTE 10 - LANDFILL CLOSURE AND POST-CLOSURE CARE COSTS (Continued)

Post-Closure Escrow Fund Landfill Sites

Facility Name (City)	Estimated Liability					
Badlands (Moreno Valley)	\$	4,721				
Blythe (Blythe)		2,305				
Coachella (Coachella)		1,363				
Double Butte (Winchester)		2,080				
Edom Hill (Cathedral City)		2,555				
Highgrove (Riverside)		1,703				
Lamb Canyon (Beaumont)		3,856				
Mead Valley (Perris)		1,324				
Anza (Anza)		1,548				
Desert Center (Desert Center)		1,194				
Mecca II (Mecca)		1,302				
Oasis (Oasis)		1,252				
Total Post-Closure Estimate	\$	25,203				

Waste Resources is required by state and federal laws and regulations to make annual contributions to a trust fund to finance closure and post-closure care. Title 27 of the California Code of Regulations (CCR) requires solid waste landfill operators to demonstrate the availability of financial resources to conduct closure and post-closure maintenance activities. Waste Resources expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional closure and post-closure requirements are determined (due to changes in technology or applicable laws or regulations); these costs may need to be covered by charges to future landfill users.

In accordance with sections 22228 and 22245 of the CCR, the County has implemented Pledge of Revenue agreements between the County and the California Department of Resources, Recycling and Recovery (CalRecycle) for six active landfills and six closed landfills to demonstrate financial responsibility for post-closure maintenance costs. Waste Resources has determined that the projected net revenues, after current operating costs, from tipping fees during the 30 year period of post-closure care maintenance will, during each year of this period, be greater than the yearly monitoring and post-closure care maintenance costs for each landfill. It is agreed that the amount of these Pledge of Revenue agreements may increase or decrease to match any adjustments to the identified cost estimates, which is mutually agreed to by the Waste Resources and the CalRecycle.

NOTE 11 – OPERATING LEASES

The following is a schedule of future minimum rental payments required under operating leases entered into by the County that have initial or remaining non-cancelable lease terms in excess of one year as of June 30, 2015. (In thousands):

Year Ending June 30	
2016	\$ 39,928
2017	35,423
2018	24,083
2019	17,893
2020	14,310
2021-2025	44,662
2026-2030	1,308
2031-2035	1,401
2036-2040	956
2041-2044	451
Total Minimum Payments	\$ 180,415

Total rental expenditure/expense for the year ended June 30, 2015 was \$102.8 million, of which \$5.9 million was recorded in the enterprise funds.

NOTE 12 – ADVANCES FROM GRANTORS AND THIRD PARTIES

Under both the accrual and modified accrual basis of accounting, revenue may be recognized only when earned. Therefore, the government-wide statement of net position as well as governmental and enterprise funds defer revenue recognition in connection with resources that have been received as of year-end, but not yet earned. Assets recognized in connection with a transaction before the earnings process is complete are offset by a corresponding liability for advances from grantors and third parties.

The balance as of June 30, 2015 of advances from grantors and third parties are as follows (In thousands):

		Balance
General Fund:	Jun	ne 30, 2015
Advances on state and federal grants for mental health services	\$	112,364
Advances on state funding for social services	*	83,807
Advances on state grants for probation services		41,894

Advance for the Regional Access Project		23
Advance from state for bio-terrorism programs		351
Advances for aviation projects		10
Total other governmental funds		2,034
Grand total of advances from grantors and third parties	\$	287,329

NOTE 13 – SHORT-TERM DEBT

Tax and Revenue Anticipation Notes (TRANs)

In July 1, 2014, the County issued \$250.0 million of tax exempt TRAN, which were repaid by June 30, 2015. The notes were issued with a yield rate of 0.12% and a stated interest rate of 1.5%. The notes were issued to provide needed cash to cover the projected intra-period cash-flow deficits of the County's general fund during the fiscal year July 1 through June 30.

Taxable and Tax-Exempt Commercial Paper Notes (Teeter)

In December 1993, the County adopted the teeter plan, the alternative method for the distribution of secured property taxes and other assessments. In order to fulfill the requirements of the plan, the County obtained cash for the "buyout" of delinquent secured property taxes and the annual advance of current unpaid taxes to all entities that elected to participate in the teeter plan. The current financing takes place through the sale of commercial paper notes (teeter notes). During fiscal year 2014-15, the County retired \$119.5 million and issued \$100.7 million, 2014 series D teeter obligation notes (tax-exempt), and \$8.2 thousand, 2014 series E teeter obligation notes (taxable), leaving an outstanding balance of \$101.5 million at June 30, 2015.

Short-term debt activity for the year ended June 30, 2015, was as follows (In thousands):

		Balance					Balance	
	Jun	e 30, 2014	Additions	R	eductions	June 30, 2015		
TRANs	\$	-	\$ 250,000	\$	(250,000)	\$	-	
Teeter notes		119,462	101,520		(119,462)		101,520	
Total	\$	119,462	\$ 351,520	\$	(369,462)	\$	101,520	

NOTE 14 - LONG-TERM OBLIGATIONS

Long-term obligations of the County consist of capital lease obligations, bonds, notes, and other liabilities that are payable from the general, debt service, enterprise, and internal service funds. The calculated legal debt limit for the County is \$2.9 billion.

Capital Leases

Capital leases for governmental funds are recorded both as capital expenditures and as other financing sources at inception in the fund financial statements, with the liability and the asset recorded in the government-wide statement of net position. Capital leases are secured by a pledge of the leased equipment.

See Note 8 (Capital Assets) for assets under capital leases and related disclosure information by major asset class.

The following is a schedule by year of future minimum lease payments under capital leases, together with the present value of the net minimum lease payments as of June 30, 2015 (In thousands):

Year Ending June 30	Palm Desert Financing Authority		Other vernmental activities	Total Governmental Activities		ness-type tivities
2016	\$	6,308	\$ 24,005	\$	30,313	\$ 1,885
2017		6,314	19,181		25,495	1,498
2018		6,311	16,658		22,969	1,234
2019		6,310	13,217		19,527	1,075

The accreted interest payable balances at June 30, 2015 represent accreted interest on the U.S. District Court project, the 2007 Inland Empire Tobacco Securitization Authority Bonds, and the 1997 A Hospital Serial Capital Appreciation Bonds. The original issues were \$2.2 million for the U.S. District Court Project, \$294.1 million for the 2007 Inland Empire Tobacco Securitization Authority Bonds, and \$41.2 million for the 1997 A Hospital Serial Capital Appreciation Bonds. The total accreted value on the bonds and certificates upon maturity will be \$7.2 million for the U.S. District Court Project, \$171.6 million for the 1997 A Hospital Serial Capital Appreciation Bonds and \$3.5 billion for the 2007 Inland Empire Tobacco Securitization for the 1997 A Hospital Serial Capital Appreciation Bonds and \$3.5 billion for the 2007 Inland Empire Tobacco Securitization Authority Bonds, and state accreted value of or redemption premiums, if any, or interest on the Series 2007 Bonds.

NOTE 14 – LONG-TERM OBLIGATIONS (Continued)

Accreted Interest Payable (Continued)

The increases of \$18.2 million and \$6.0 million represent current year's accretion for governmental activities and business-type activities, respectively. The accumulated accretion for business-type activities is \$66.1 million at June 30, 2015. The accumulated accretion for U.S. District Court Financing and the Authority in governmental activities is \$129.8 million. The un-accreted balances at June 30, 2015 are \$52.5 million for the 1997-A Hospital RMC project, \$2.2 million for the U.S. District Court, and \$3.4 billion for the Authority Capital Appreciation Bonds.

Bonds, Certificates of Participation / Refunding

On June 2015, the County Public Financing Authority Lease Revenue Bonds (Capital Facilities Project) issued \$325.0 million in lease revenue bonds. The Series 2015 Bonds are being issued to finance certain public improvements, make a deposit to the reserve fund for the Series 2015 Bonds, and pay the costs of issuance of the Series 2015 Bonds. The new bonds have an interest rate of 2.0% to 4.0%.

On June 2015, the County Flood Control issued \$21.0 million of zone 4 2015 promissory notes. The notes issued are to fund certain flood control facilities located in zone 4 of the district, including, but not limited to, construction of the Romoland MDP Lina A, stage for zone 4 and certain expenses incidental thereto. The new notes have an interest rate range of 2.0% and 5.0%.

Defeasance of Debt

In April 2005, CORAL issued \$22.6 million of certificates of participation, Series B (2005 Series B – Historic Courthouse Refunding). The proceeds from the sale of the certificates were used to advance refund \$21.1 million of the 1997 Historic Courthouse certificates of participation. The advance refunding resulted in a loss on refunding of \$1.6 million. Accordingly, the refunded certificates have been eliminated and the advance refunding certificates of participation have been included in the financial statements. The amount of the defeased debt outstanding at June 30, 2015, was \$591.4 thousand.

On December 2009, CORAL issued \$24.7 million of certificates of participation (2009 Larson Justice Center Project Refunding Certificate of Participation) to provide funds to refund and prepay the certificates of participation relating to 1998 Larson Justice Center Project with an outstanding principal amount of \$23.7 million; to fund the reserve fund; and to pay certain cost of issuance incurred in connection with this refunding. The requisition price exceeded the net carry amount of the old debt by \$1.0 million. This amount is being netted against the new debt and amortized over the new debt's life. The transaction resulted in an economic gain of \$3.7 million and a reduction of \$1.5 million in future debt service payments.

In December 2009, CORAL also issued \$45.7 million of certificates of participation (2009 Public Safety Communication and Woodcrest Library Projects Refunding Certification of Participation) to provide funds to refund and redeem the certificates of participation relating to 2007 Series B Public Safety Communication Project with an outstanding principal amount of \$37.4 million; to provide funds to refund; and retire the series 2006 Certificates of Participation Anticipation Note relating to Woodcrest Library Project with an outstanding principal amount of \$6.0 million; to fund capitalized interest on a portion of the certificates of participation through July 1, 2012; to fund a security deposit with respect to base rental payable under the sublease; and to pay certain cost of issuance incurred in connection with this refunding. The reacquisition price exceeded the net carry amount of the old debts by \$2.3 million. This amount is being netted against the new debt and amortized over the new debt's life. The transaction resulted in an economic gain of \$3.3 million and an addition of \$6.9 million in future debt service payments.

On February 28, 2011, CORAL issued \$5.5 million in private placement bonds (2011 Monroe Building) to provide funds to refund and redeem the notes payable relating to the 2007 Monroe Park Building loan with an outstanding principal amount of \$5.4 million and to pay certain cost of issuance incurred in connection with this refunding. The reacquisition price exceeded the net carrying amount of the old debt by \$140.0 thousand. This amount is being netted against the new debt and amortized over the new debt's life. The transaction resulted in an economic gain of \$527.2 thousand and a reduction of \$339.2 thousand in future debt service payments.

On February 2012, CORAL issued \$33.4 million in lease revenue bonds (2012 County Administrative Center Refunding Projects) to provide funds to refund and prepay the certificates of participation relating to 2001 County Administrative Center (CAC) Annex with an outstanding principal amount of \$31.4 million; to fund the reserve fund, and to pay certain costs of issuance incurred in connection with this refunding and to acquire two office buildings located in Indio, California. The requisition price exceeded the net carry amount of the old debt by \$2.0 million. This amount is being netted against the new debt and amortized over the new debt's life. The transaction resulted in an economic gain of \$5.0 million and a reduction of \$3.6 million in future debt service payments.

NOTE 14 – LONG-TERM OBLIGATIONS (Continued)

Defeasance of Debt (Continued)

In July 2012, CORAL issued \$90.0 million in lease revenue bonds (2012 Series A and Taxable Series B County of Riverside Capital Projects) to provide funds to refund and prepay CORAL's Leasehold Revenue Bonds, 1997 Series B with an outstanding principal amount of \$64.4 million; to provide funds (\$30.0 million) for improvements to the Medical Center Campus; deposit funds into the debt service reserve fund; and pay certain cost of issuance incurred in connection with this refunding. The refunding resulted in a redemption premium of \$639.4 thousand for the 1997 Series B lease revenue bonds and a net premium of \$6.9 million for the 2012 Series A and Taxable Series B. The reacquisition price exceeded the net carry amount of the old debt by \$26.6 million. This amount is being netted against the new debt and amortized over the new debt's life. The transaction resulted in an economic gain of \$8.0 million and a reduction of \$7.1 million in future debt service payments.

In June 2014, CORAL issued \$18.5 million in lease revenue bonds (2014 A & B Court Facilities Project) to provide funds mainly to refund in the 2003 A Historic Courthouse Projects, 2003 B Capital Facilities Project Refunding, and 2003 Bankruptcy Court Project (a County bond) with a total outstanding principal amount of \$20.0 million; and to pay certain cost of issuance incurred in connection with this refunding. The refunding resulted in a premium of \$756.0 thousand for the 2014 A and B Court Facilities Project. The reacquisition price exceeded the net carry amount of the old debt by \$1.5 million. This amount is being netted against the new debt and amortized over the new debt life. The transaction resulted in an economic gain of \$4.2 million and a reduction of \$3.3 in future debt service payments.

Single Family and Multi-Family Mortgage Revenue Bonds

Single Family Mortgage Revenue Bonds have been issued to provide funds to purchase mortgage loans secured by first trust deeds on newly constructed single-family residences. The purpose of this program is to provide low interest rate home mortgage loans to persons who are unable to qualify for conventional mortgages at market rates. Multi-Family Mortgage Revenue Bonds are issued to provide permanent financing for apartment projects located in the County to be partially occupied by persons of low or moderate income.

A total of \$24.0 million of Mortgage Revenue Bonds have been issued and \$20.1 million is outstanding as of June 30, 2015. These bonds do not constitute an indebtedness of the County. The bonds are payable solely from payments made on and secured by a pledge of the acquired mortgage loans and certain funds and other monies held for the benefit of the bondholders pursuant to the bond indentures. In the opinion of the County officials, these bonds are not payable from any revenues or assets of the County, and neither the full faith and credit nor the taxing authority of the County, the State, or any political subdivision thereof is obligated to the payment of the principal or interest on the bonds. Accordingly, no liability has been recorded in the basic financial statements.

Special Assessment Bonds

Various special districts in the County reporting entity have issued special assessment bonds, totaling \$64.9 million at June 30, 2015, to provide financing or improvements benefiting certain property owners. Special assessment bonds consist of Community Facilities District Bonds and Assessment District Bonds.

The County, including its special districts, is not liable for the payment of principal or interest on the bonds, which are obligations solely of the benefited property owners. Certain debt service transactions relating to certain special assessment bonds are accounted for in the agency funds.

The County is not obligated and does not expect to advance any available funds from the County general fund to the Community Facilities Districts or the Assessment Districts for any current or future delinquent debt service obligations. The County Special Districts continue to use all means available to bring current any delinquent special assessment taxes, including workouts, settlement agreements, and foreclosure actions when necessary.

The Flood Control has issued special assessment bonds, totaling \$1.3 million as June 30, 2015, for the construction of flood control facilities. The bonds are to be repaid through special assessment revenue and are not considered obligations of Flood Control. In accordance with bond covenants, Flood Control has established a reserve for potential delinquencies. If a delinquency occurs in the payment of any assessment installment, Flood Control has the duty to transfer the amount of such delinquent installment from the reserve fund into the redemption fund assessment installment. Flood Control's liability to advance funds for bond redemption in the event of delinquent assessment installments is limited to the reserves established.

NOTE 14 – LONG-TERM OBLIGATIONS (Continued)

State Appellate Court Financing

In November 1997, the Public Finance Authority of the County issued \$13.5 million of Lease Revenue Bonds for the State of California Court of Appeal Fourth Appellate District, Division Two Project. The State of California executed a lease coincident with the term of the financing and those lease payments are the sole security for the financing. The State is the ultimate obligor under the terms of the financing and neither the County nor the Authority will have any ongoing payment obligation. The State has committed to indemnify the County in the lease.

Interest Rate Swap

Objective of the Interest Rate Swap: As a means to lower financing costs and to reduce the risks to CORAL associated with the fluctuation in market interest rates, CORAL entered into an amended and restated interest rate swap in connection with the Southwest Justice Center Series 2008 Series A Leasehold Revenue Bonds in the notional amount of \$76.3 million. The intention of the swap was to effectively change the variable interest rate on the bonds to a synthetic fixed-rate of 5.2%.

Terms: The bonds and the related swap agreement mature on November 1, 2032, and the swap's notional amount of \$76.3 million approximately matches a portion of \$78.9 million variable-rate bonds. The swap was effective at the same time the bonds were issued on May 24, 2000, and was amended and restated as of December 10, 2008. The interest rate swap agreement was novated in January 2012 to substitute Wells Fargo Bank, N.A. as the new counterparty. The notional value of the swap and the principal amount of the associated debt decline starting in fiscal year 2014-15. Under the amended and restated swap agreement, CORAL pays Wells Fargo Bank, N.A. a fixed payment rate of 5.2%.

CORAL receives an interest rate equal to an amount not to exceed the maximum interest rate payable on the bonds, expressed as a decimal, equal to 64.0% of the monthly London Interbank Offered Rate (LIBOR) in the relevant calculation period. Conversely, the bonds' variable-rate coupons have historically been similar to the Bond Market Association Municipal Swap Index (BMA). Under GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, the interest rate swap contract qualifies as a derivative financial instrument and a cash flow hedging. CORAL's net cash outflow or payment under the interest rate swap contract was \$288.2 thousand for the year ended June 30, 2015

Fair Value: As of June 30, 2015 and 2014, the swap had a negative fair value of \$25.4 million and \$25.7 million, respectively, an increase in fair value of \$1.1 million occurred during the fiscal year 2013-14. The fair value was recorded in the CORAL's statement of net position as interest rate swap liability and deferred outflow in the assets section. Because the coupons on the Southwest Justice Center Series 2008 A Leasehold Revenue Refunding Bonds adjust to changing interest rates, the bonds do not have a corresponding fair value increase. The fair value was the quoted market price from Wells Fargo Bank, N.A. at June 30, 2015.

Credit Risks: The swap counterparty was rated Aa3 by Moody's, and AA- by Standard & Poor's and Fitch as of February 2013. The swap agreement specifies that if the long-term senior unsecured debt rating of Wells Fargo, N.A. is withdrawn, suspended or falls below BBB (Standard & Poor) or Baa2 (Moody's), a collateral agreement will be executed within 30 days or the fair value of the swaps will be fully collateralized by the counterparty.

Basis Risks: The swap exposes CORAL to basis risk should the relationship between LIBOR and BMA converge, changing the synthetic rate on the bonds. If a change occurs that results in the rates moving to convergence, the expected cost savings may not be realized. As of June 30, 2015, CORAL's rate was 64.0% of LIBOR, or 0.1%, whereas BMA or the reset rate on bonds was 0.1%. The synthetic rate on the bonds at June 30, 2015 was 5.2%.

Termination Risks: CORAL always has the right to terminate the swap. Wells Fargo Bank, N.A. is limited in so far as both CORAL and the insurer are not performing. The swap may be terminated by CORAL if Wells Fargo Bank, N.A.'s credit quality rating falls below A- as issued by Standard & Poor's or A3 by Moody's. Additionally, the swaps may be terminated by Wells Fargo, N.A. if CORAL's credit quality rating falls below BBB+ as issued by Standard & Poor's or Baal as issued by Moody's or if the bonds credit quality ratings fall below BBB+ as issued by

Standard & Poor's or Baa1 as issued by Moody's. If the swaps are terminated, the variable rate bonds would no longer carry synthetic interest rates. Also, if at the time of termination the swaps had negative fair values, CORAL, would be liable to Wells Fargo Bank, N.A. for a payment equal to the swaps' fair values.

NOTE 14 - LONG-TERM OBLIGATIONS (Continued)

Interest Rate Swap (Continued)

Swap Payment and Associated Debt: Using rates as of June 30, 2015, debt service requirements of the variable-rate debt and net swap payments, assuming current interest rates remain the same for their term, were as follows (In thousands):

	Variable I	Rate Bonds		
Fiscal Year Ending			Net Swap	Total
June 30, 2015	Principal	Interest	Payments	Interest
2016	\$ 2,470	\$ 1,078	\$ 2,781	\$ 3,859
2017	2,690	1,040	2,685	3,725
2018	2,895	1,000	2,580	3,580
2019	3,000	958	2,470	3,428
2020	3,205	913	2,354	3,267
2021-2025	15,615	3,786	9,767	13,553
2026-2030	24,715	2,215	5,714	7,929
2031-2034	6,100	382	981	1,363
	\$ 60,690	\$ 11,372	\$ 29,332	\$ 40,704

As rates vary, variable-rate bond interest payments and net swap payments will vary.

Changes in long-term liabilities

The following is a summary of governmental activities long-term liabilities transactions for the year ended June 30, 2015 (In thousands):

	Balance June 30, 2014		New Additions		Payments / Reclass		Balance June 30, 2015	Amounts Due Within One Year	
<u>Governmental activities:</u>

(a) The Housing Authority (Business-type Activity) has two notes payable, totaling \$6.8 million, under "Other long-term liabilities."

Disclosure of Pledged Revenues

Inland Empire Tobacco Securitization Authority, a blended component unit of the County, issued \$294.1 million of tobacco asset-backed bonds. The bonds are solely secured by pledging a portion of County tobacco assets*** made payable to the County pursuant to agreements with the State and other parties. The portion of revenues that will be used to pay the debt service are (i) the County tobacco assets to the extent consisting of or relating to amounts due to the County after the first \$10.0 million has been paid to the County in each year beginning on January 1, 2008 and ending on December 31, 2020, (ii) the County tobacco assets to the extent consisting of or relating to amounts due to the County after the first \$11.5 million has been paid to the County in each year beginning on January 1, 2021 and ending on December 31, 2026, (iii) the County tobacco assets to the extent consisting of or relating to amounts due to the County from and after January 1, 2027, and (iv) the County tobacco assets to the extent consisting of or relating to the applicable percentage of a lump sum payment of 15.2% to the County and 84.8% to the Inland Empire Tobacco Securitization Authority for calendar year 2015. During the fiscal year ended June 30, 2015, \$19.3 million was received by the Inland Empire Tobacco Securitization Authority; \$10.0 million, or 52.4%, was distributed to the County per the above agreement, leaving \$9.1 million, or 47.6%, of the specific tobacco settlement revenues available to be pledged (see page 151). The County is under no obligation to make payments of the principal or accreted value of or redemption premiums, if any, or interest on the Series 2007 bonds in the event that revenues are insufficient for the payment thereof.

*** Tobacco settlement revenue required to be paid to the State of California under the Master Settlement Agreement entered into by participating cigarette manufacturers, 46 states, California, and six other U.S. jurisdictions, in November 1998 in settlement of certain cigarette smoking-related litigation.

NOTE 14 – LONG-TERM OBLIGATIONS (Continued)

Disclosure of Pledged Revenues (Continued)

The Housing Authority 1998 bonds are secured by an agreement with the City of Corona, which has pledged to pay \$218.0 thousand to the Housing Authority each year until the bonds are redeemed in their entirety on December 1, 2018. The bond indenture requires the Housing Authority to remit the entire \$218.0 thousand received each year to the bond trustee to pay for the bond's annual debt service payments.

The Housing Authority reports the \$218.0 thousand received each year as revenue. MBIA Insurance Corporation has issued a surety bond in lieu of a cash funded reserve. The outstanding balance as of June 30, 2015, before applying the deferred charge, was \$730.0 thousand.

NOTE 15 – DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

Pursuant to GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, the County recognized deferred outflows of resources in the government-wide and proprietary fund statements. These items are a consumption of net position by the County that is applicable to a future reporting period. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities. The County has two items that are reportable on the government-wide statement of net position: the first item relates to outflows from charges in the net pension liability (notes 20 and 21) and the second item relates to interest rate swap (note 14) that have met all requirements other than timing. Deferred outflows of resources that are reported in the proprietary funds are included in the government-wide statement of net position.

Deferred outflows of resources balances for the year ended June 30, 2015 were as follows (In thousands):

	Balance June 30, 2015			
Government-wide deferred outflows:		0 50, 2015		
Governmental activities				
Interest rate swap	\$	25,375		
Pension		184,224		
Total governmental activities		209,599		
Business-type activities:				
Defeasance of debt		208		
Pension		25,244		
Total business-type activities		25,452		
Total government-wide deferred outflows	\$	235,051

deferred outflows:				
Pension	\$	196		
Total discretely presented component unit				
deferred outflows	\$	196		

NOTE 15 – DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES (Continued)

Pursuant to GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, the County recognized deferred inflows of resources in the governmental and government-wide financial statements. These items are an acquisition of net position by the County that is applicable to a future reporting period. Previous financial reporting standards do not include guidance for reporting those financial statement elements, which are distinct from assets and liabilities.

The largest portions of the County's deferred inflows of resources are pensions, SB90 and Teeter tax loss reserve. Pensions are related to GASB Statement No. 68, which can be found in notes 20 and 21. SB90 is California SB90 of 1972, which established a requirement that the State of California reimburse local government agencies for the costs of new programs or increased levels of service on programs mandated by the State. Teeter tax loss reserve pursuant to California Revenue and Taxation Code Section 4703 was established as a tax loss reserve fund for covering losses that may occur in the amount of tax liens as a result of special sales of tax defaulted property.

Deferred inflows of resources balances for the year ended June 30, 2015 were as follows (In thousands):

	Balance		
	June 30, 2015

NOTE 16 – FUND BALANCES (Continued)

NOTE 17 – RISK MANAGEMENT

The County is self-insured for general liability, medical malpractice, and workers' compensation claims. The County records estimated liabilities for general liability, medical malpractice, and workers' compensation claims filed or estimated to be filed for incidents that have occurred. Estimated liability accruals include those incidents that are reported as well as an amount for those incidents that incurred but are not reported (IBNR) at fiscal year end. The funding of these estimates is based on actuarial experience and projections. The County fully self-insures short-term disability and unemployment insurance. Life insurance and long-term disability programs are fully insured.

The County supplements its self-insurance for general liability, medical malpractice, and workers' compensation with catastrophic excess insurance coverage. General liability utilizes a policy providing coverage on a per occurrence basis. Limits under the policy are \$10 million, subject to a self-insured retention (SIR) of \$2 million for each occurrence. A SIR is a form of a deductible. The County also purchases an additional \$15 million per occurrence in excess of the \$10 million for a total of \$25 million in limits. Medical malpractice utilizes an excess policy providing coverage on a per occurrence basis. Limits under the malpractice policy are \$20 million subject to a SIR of \$1.1 million. The maximum limit under the excess workers' compensation, Section A, is statutory (unlimited); Section B, employer liability is \$5 million per claim. Section A is subject to a \$2 million SIR for each accident, employee injury, or disease. Settlements have not exceeded coverage for each of the past three fiscal years.

The County's property insurance program provides insurance coverage for all risks subject to a \$50,000 per occurrence deductible; flood coverage is subject to a 2.0% deductible (subject to a \$100,000 minimum) per unit within a 100-year flood zone (as determined by Federal Emergency Management Agency) and \$25,000 per unit deductible outside a 100-year flood zone. (A 'unit' is defined as; a separate building, contents in a separate building, property in the open (yard) or, time element coverage in a separate building.) The County's property is categorized into four towers and the overall all risk coverage is \$600 million. Earthquake (covering scheduled locations equal to or greater than \$1 million in value and lesser valued locations where such coverage is required by contract) has a sub-limit in each tower of \$90 million with an additional \$290.5 million excess rooftop limit available to any one tower. The excess rooftop limit may be triggered during the policy year if a covered earthquake event somewhere in the state has depleted the initial underlying limits. Earthquake coverage is subject to a deductible equal to 5.0% of replacement cost value per unit subject to a \$100,000 minimum per unit. Boiler and machinery coverage is included and provides up to \$100 million per accident in limits, with a \$5,000 per occurrence deductible. The limits in each tower are shared with other counties on a per event basis. Should a catastrophic event occur and losses exceed the limits, the County would be responsible.

The activities related to such programs are accounted for in Internal Service Funds (ISF). Accordingly, estimated liabilities for claims, including loss adjustment expenses, filed or to be filed, for incidents that have occurred through June 30, 2015, are reported in these funds. Where certain ISF funds have an accumulated deficit or insufficient reserves, the County provides funding to reduce the deficit and increase the reserves. If the funding is above the Board of Supervisors approved 70.0% confidence level, an appropriate reduction in funding including a one-time holiday on department charges may be granted. For fiscal year 2014-15 the Board approved to continue reduced funding at slightly below the 55.0% confidence level for the general liability ISF and for the workers' compensation ISF. Funding for the medical malpractice ISF was at the 70.0% confidence level. Revenues for these internal service funds are primarily provided by other county departments and are intended to cover the self-insured claim payments, insurance premiums, and operating expenses. The revenue is not used to cover catastrophic events and/or other uninsured liabilities. Cash available in the risk management and workers' compensation ISF at June 30, 2015, plus revenues to be collected during fiscal year 2015-2016 are expected to be sufficient to cover all fiscal year 2015-2016 payments. The carrying amount of unpaid claim liabilities is \$159.0 million. The liabilities are discounted at 2.0% for general liability and medical malpractice and 2.5% for workers' compensation.

	Jun	e 30, 2014	Jur	ne 30, 2015

NOTE 18 – MEDI-CAL AND MEDICARE PROGRAMS

The RMC provides services to patients covered by various reimbursement programs. The principal programs are Medicare, the State of California Medi-Cal, and the County Medically Indigent Services Program (MISP) and Low Income Health Plan (LIHP) which ended on December 31, 2013 and was replaced by the Medi-Cal Managed Care AB85 Expansion Program. Net patient service revenue is recorded at the estimated net realizable amounts from patients, third-party payers, and others for services rendered. In addition, net patient service revenue includes a provision for doubtful accounts and estimated retroactive adjustments under reimbursement agreements with federal and state government programs and other third-party payers. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Inpatient services rendered to Medi-Cal program beneficiaries are reimbursed at a per diem rate based upon estimated certified public expenditures (CPEs) and outpatient services are reimbursed under a schedule of maximum allowable reimbursement provided by the California Department of Health Care Services (DHCS). Inpatient acute care services rendered to Medicare program beneficiaries are reimbursed based upon pre-established rates for diagnostic-related groups. Inpatient non-acute services, certain outpatient services, and defined capital and medical education costs related to Medicare beneficiaries are paid based on a cost-reimbursement methodology subject to payment caps and indexing formulas. The RMC is reimbursed for cost reimbursable items at a tentative rate with final settlement determined after submission of annual cost reports by the RMC and audit thereof by the Medicare fiscal intermediary. Normal estimation differences between final settlements and amounts accrued in previous years are reflected in net patient services revenue. The fiscal intermediary has audited the RMC's Medicare cost reports through June 30, 2012. The RMC has received notices of program reimbursement (NPR), a written notice reflecting the intermediary's final determination of the total amount of reimbursement due the medical center for Medicare through June 30, 2012 and has also issued a (NPR) without audit for Medicare cost report year ending June 30, 2013. For Medi-Cal Fee for Service, the RMC is final settled thru the California public hospital P-14 cost reports. Notice of final settlement has been received thru June 30, 2007.

In September 2005, the State of California significantly modified its Medi-Cal program under a new waiver with the Centers for Medicare and Medicaid Services (CMS). In connection with the new waiver, the State legislature passed the Medi-Cal Hospital Uninsured Demonstration Project Act, or SB 1100, which replaced the SB 855 and SB 1255 programs. For the SB 1100 program, the State continues to provide supplemental payments to the hospital for uncompensated care. However, the use of intergovernmental transfers (IGTs) by the State, as the non-federal match, was modified to a methodology consisting of CPEs up to 50 percent of costs or Federal Medical Assistance Program (FMAP) rate. The RMC has recorded net patient revenue of \$75.6 million for SB 1100 for the fiscal year ended June 30, 2014, of which \$38.5 million is from the Delivery System Reform Incentive Program (DSRIP), a waiver incentive based payment component of the Section 1115 Medicaid Waiver.

All CPEs reported by the hospital will be subject to state and federal audit and final reconciliation process. If at the end of the final reconciliation process it is determined that the hospital's claimed CPEs resulted in an overpayment to the state, the hospital may be required to return the overpayment whether or not they received the federal matching funds.

Waiver Reform

California's current Section 1115 Medicaid Demonstration Waiver which funds hospitals and indigent care expires this coming September 30, 2015. The (DHCS) has been working with the legislature to negotiate a successful new waiver with CMS that accomplishes the goal of continuing support of local Counties to maximize federal funds and improve the system of care.

NOTE 18 - MEDI-CAL AND MEDICARE PROGRAMS (Continued)

Redirection of 1991 State Health Realignment

Realignment was affected by California electing to implement a state-run Medicaid Expansion program thru the Affordable Care Act (ACA), the State anticipates that counties' costs and responsibilities for the health care Services for the indigent population has decreased for much of this population who became eligible for coverage through Medi-Cal or the Healthcare Exchange offering affordable coverage thru Covered California. On June 27, 2013, Governor Brown signed into law AB85 that provides a mechanism for the State to redirect State health realignment funding to fund social service programs.

The redirected amount was determined according to an agreed to formula option for California's twelve public hospital system counties, thirty-four County Medical Services Program (CMSP) counties, and the remaining twelve counties (Article 13 counties). The formula options were developed in consultation with the counties and DHCS to ensure continued viability of the county safety net. For CMSP counties, AB85 outlines that 60% of health realignment that would have otherwise been received will be redirected, while the remaining two county groups had an option to either have 60% of health realignment redirected, or, to use a formula-based approach that takes into account a county's cost and revenue experience, and redirect 80% (70% in FY 13-14) of the savings realized by the county.

RMC has fully reserved for any potential liabilities due back to the State for any State health realignment overpayments estimated due back to the State from the savings realized by the County Health System for the Fiscal Year ended June 30, 2015 as a result of the AB85 formula.

NOTE 19 – JOINTLY GOVERNED ORGANIZATIONS

Under Title I (Section 6500 et seq.) of the Government Code, the County has participated in jointly governed organizations with various entities for a variety of purposes. The board of directors for each of these organizations is composed of one representative of each member organization. The County maintains no majority influence or budgetary control over the following entities and County transactions with these jointly governed organizations are not material to the financial statements. The following jointly governed organizations were not included as either blended or discretely presented component units in these financial statements.

A representation of the jointly governed organizations on which the County served at June 30, 2015 follows:

The California State Association of Counties (CSAC) Excess Insurance Authority was formed in October 1979 and has a current membership of 52 California counties. The CSAC operates programs for excess workers' compensation, two excess liability programs, two property programs, and medical malpractice. It also provides support services for selected programs such as claims administration, risk management, loss prevention and training, and subsidies for actuarial studies and claims audits.

Coachella Valley Association of Governments was formed in November 1973. Currently, the association includes the following members: the cities of Blythe, Cathedral City, Coachella, Desert Hot Springs, Indian Wells, Indio, La Quinta, Palm Desert, Palm Springs, and Rancho Mirage; the local tribes of Agua Caliente Band of Cahuilla Indians and the Cabazon Band of Mission Indians; and Riverside County. The purpose of the Association is to conduct studies and projects designed to improve and coordinate the common governmental responsibilities and services on an area-wide and regional basis.

Western Riverside Council of Governments was formed in November 1989 with the cities of Banning, Beaumont, Calimesa, Canyon Lake, Corona, Hemet, Lake Elsinore, Moreno Valley, Murrieta, Norco, Perris, Riverside, San Jacinto, and Temecula for the purpose of serving as a forum for consideration, study, and recommendation on area-wide and regional problems.

Riverside County Habitat Conservation Agency (RCHCA) was formed in July 1990. The RCHCA is a Joint Powers Agreement Agency comprised of the cities of Corona, Hemet, Lake Elsinore, Moreno Valley, Murrieta, Perris, Riverside, Temecula, and the County of Riverside for the purpose of planning, acquiring, administering, operating, and maintaining land and facilities for ecosystem conservation and habitat reserves for the Stephen's Kangaroo Rat and other endangered species under Article 1, Chapter 5, Division 7, Title 1 of the Government Code.

NOTE 19 – JOINTLY GOVERNED ORGANIZATIONS (Continued)

Van Horn Regional Treatment Facility was organized in January 1991 with Los Angeles, San Diego, San Bernardino, Orange, and Riverside Counties for the purpose of constructing and operating a treatment center for emotionally disturbed minors. The Facility's Board of Directors consists of the Chief Probation Officer and the Director of Mental Health for each county.

Riverside County Abandoned Vehicle Abatement Authority was formed in June 1993 with those cities within the County that have elected to create and participate in the Authority, pursuant to Vehicle Code Section 22710. The purpose of the Authority is to implement a program and plan for the abatement of abandoned vehicles.

The March Joint Powers Commission was formed in August 1993 with the cities of Moreno Valley, Perris, and Riverside to formulate and implement plans for the use and reuse of March Air Force Base.

The Salton Sea Authority was formed in August 1993 with Imperial County, Imperial Irrigation District, and Coachella Valley Water District to direct and coordinate actions relating to improvement of water quality, stabilization of water elevation, and to enhance recreational and economic development potential of the Salton Sea and other beneficial uses.

Coachella Valley Regional Airport Authority was formed in April 1994 with the cities of Coachella, Indian Wells, Indio, La Quinta, and Palm Desert for the purpose of acting as a planning commission for the continued growth and development of Thermal Airport and the surrounding area.

Inland Empire Health Plan was formed with the County of San Bernardino in June 1994 to be the administrative body and governing board to form and develop a managed health care system for Medi-Cal recipients in the two counties through the Local Initiative.

Palm Springs Visitors and Convention Bureau were formed in December 1995 with those member cities located in the Coachella Valley area of the County. The purpose of the Authority is to encourage and promote all aspects of the hospitality, convention, and tourism industry in the Coachella Valley.

Western Riverside County Regional Conservation Authority / Multi-Species Habitat Conservation Plan were formed in January 2004 with the responsibility of issuing the permits required to implement the Multi-Species Habitat Conservation Plan, which will ultimately create a 500,000-acre reserve system in the County. The conservation plan's proposed reserve system protects habitat for 146 varieties of species.

Coachella Valley Conservation Commission (CVCC) was formed in October 2005. The CVCC is a Joint Powers Agreement Agency comprised of the cities of Coachella, Cathedral City, Desert Hot Springs, Indian Wells, Indio, La Quinta, Palm Desert, Palm Springs, Rancho Mirage, Riverside, and the Coachella Valley Water District as well as the Imperial Irrigation District. The purpose of the CVCC was to implement the Coachella Valley Multiple Species Habitat Conservation Plan (CVMSHCP). The CVMSHCP goal is to enhance and maintain biological diversity and ecosystem processes while allowing future economic growth.

Southern California Regional Airport Authority (SCRAA) was originally founded in 1985 by the joint powers authority to begin the process of regionalizing aviation. It has been reactivated in an attempt to reduce projected future passenger loads at Los Angeles International Airport (LAX), by spreading the growth in commercial air traffic to other regional airports. The Southern California Association of Governments (SCAG) has also coordinated dispersal planning of the significant new MAP (million air passengers) that would have to be absorbed at other airports if LAX's future MAP is reduced.

Coachella Valley Enterprise Zone Authority (CVEZA) was formed in September 2010 by the Joint Powers Agreement comprised of the County of Riverside, the City of Indio, and the City of Coachella. The purpose of the authority is to manage, coordinate, market, and administer economic development programs and projects in the enterprise zone areas.

NOTE 20 - RETIREMENT PLAN

General Information about the Pension Plans

Plan descriptions. The County, Flood Control, Park District, and Waste Resources contract with the CalPERS to provide retirement benefits to its employees. CalPERS is a common investment and administrative agent for participating public entities within the State of California. State statutes governed by the Public Employees' Retirement Law (PERL), have established benefit provisions as well as other requirements. The County may select from a variety of optional benefit provisions offered by CalPERS. Upon selecting the benefit provisions and entering into a contractual agreement with CalPERS, the benefit provisions may be adopted through local ordinance. CalPERS issues a comprehensive annual financial report (CAFR) which details its plan assets, liabilities, and plan activity. The County receives an annual actuarial valuation report which summarizes plan assets, liabilities, and employer rates for its plans. Under GASB Statement No. 68, both the County (Miscellaneous and Safety) and Flood Control are agent multiple-employer defined benefit pension plans, while the Park District and Waste Resources are cost-sharing multi-employer defined benefit pension plans due to their pooling composite. Copies of the CalPERS CAFR may be obtained from: California Public Employees' Retirement System, 400 Q Street, P.O. Box 942701, Sacramento, CA 94229-2701.

Benefits provided. CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and plan beneficiaries. The County of Riverside has three retirement Tiers through the California Public Employee's Retirement System (CalPERS). Tier I - Applicable to employees hired prior to August 23, 2012. Formula is 3.0% at age 50 for County Safety employees and age 60 for all other plans. Tier II - Applicable to employees hired on or after August 23, 2012 through December 31, 2012. Formula is 2.0% at age 50 for County Safety employees and age 60 for all other plans. Tier III - Applicable to new CalPERS members hired on or after January 1, 2013 as a result of Public Employees' Pension Reform Act of 2013 (PEPRA), new lower retirement benefit formulas, final compensation periods, and contribution requirements were implemented. Formula is 2.7% at age 57 for County Safety employees and 2.0% at age 62 for all other plans. New members who were hired by Waste Resources on or after August 23, 2012 are applicable to the County Miscellaneous plan. Listed below is a table with the new retirement options and provision changes.

				PEPRA		
			Earliest	Compensation	Final	
	Plan	EPMC	Retirement Age	Limits	Compensation	Effective Date
Tier I						
County Miscellaneous	3.0% at 60	Yes	50	N/A	12 months	N/A
County Safety	3.0% at 50	Yes	50	N/A	12 months	N/A
Flood Control	3.0% at 60	Yes	50	N/A	12 months	N/A
Park District	3.0% at 60	Yes	50	N/A	12 months	N/A
Waste Resources	3.0% at 60	Yes	50	N/A	12 months	N/A
Tier II						
County Miscellaneous	2.0% at 60	No	50	N/A	36 months	8/23/2012
County Safety	2.0% at 50	No	50	N/A	36 months	8/23/2012
Flood Control	2.0% at 60	No	50	N/A	36 months	8/23/2012
Park District	2.0% at 60	No	50	N/A	36 months	8/23/2012

Tier III (PEPRA)						
County Miscellaneous	2.0% at 62	No	52	\$ 117,020	36 months	1/1/2013
County Safety	2.7% at 57	No	50	\$ 140,424	36 months	1/1/2013
Flood Control	2.0% at 62	No	52	\$ 117,020	36 months	1/1/2013
Park District	2.0% at 62	No	52	\$ 117,020	36 months	1/1/2013
Waste Resources	N/A	N/A	N/A	N/A	N/A	N/A

Summary of Benefits by plan:

NOTE 20 – RETIREMENT PLAN (Continued)

Employees covered by benefit terms. At June 30, 2014, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	County Miscellaneous 8,880	County Safety 2,073	Flood Control 199	Park District 64	Waste Resources 93
Inactive employees entitled to but yet receiving benefits	11,049	1,054	124	100	59
Active employees	15,530 35,459	3,448 6,575	230 553	107 271	29 181

Contributions. Active plan members in CalPERS may be required to contribute up to 8.0% (Miscellaneous employees) and up to 9.0% (Safety employees) of their annual covered salary as specified in the governing Memorandum of Understanding or as provided by state statue.

The employer contribution rate is established and may be amended by CalPERS. The actuarial methods and assumptions used to establish the employer contribution rate are adopted by the CalPERS Board of Administration. The County, Flood Control, Park District, and Waste Resources are required to contribute the actuarially determined annual required contributions necessary to fund the plans.

For fiscal year 2014-15, the employer and employee contribution rates were:

	County Miscellaneous	County Safety	Flood Control	Park District	Waste Resources
County contribution rates:					
County Tier I	14.5%	21.9%	18.0%	18.5%	22.1%
County Tier II	14.5%	21.9%	18.0%	8.7%	N/A
County Tier III	14.5%	21.9%	18.0%	6.7%	N/A
Plan Members contribution rates					
County Tier I	8.0%	9.0%	8.0%	8.0%	8.0%
County Tier II	7.0%	9.0%	7.0%	7.0%	N/A
County Tier III	6.5%	10.8% *	6.5%	6.5%	N/A

*During the term of Memorandum of Understanding (MOU), the employee contributions pursuant to the costsharing provision cannot exceed less than that which the employees are obligated under the MOU to contribute.

Net Pension Liability

The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

NOTE 20 - RETIREMENT PLAN (Continued)

Actuarial assumptions. For the measurement period ending June 30, 2014 (the measurement date), the total pension liability was determined by rolling forward the June 30, 2013 total pension liability. The June 30, 2013 and June 30, 2014 total pension liabilities were based on the following actuarial methods and assumptions:

	County	County			Waste			
By Plan	Miscellaneous	Safety	Flood Control	Park District	Resources			
Actuarial Cost Method	Entry Age	Entry Age	Entry Age	Entry Age	Entry Age			
Asset Valuation Method	Market Value	Market Value	Market Value	Market Value	Market Value			
	ofAssets	ofAssets	ofAssets	ofAssets	ofAssets			
Actuarial Assumptions:								
Discount Rate	7.50%	7.50%	7.50%	7.50%	7.50%			
Inflation	2.75%	2.75%	2.75%	2.75%	2.75%			
Salary Increases	Varies by	Varies by	Varies by	Varies by	Varies by Entry			
	Entry Age and	Entry Age	Entry Age	Entry Age and	Age and			
	Services	and Services	and Services	Services	Services			
Investment Rate of Return:	7.50%	7.50%	7.50%	7.50%	7.50%			
Mortality Rate Table for all Plans (1)	Derive using CalPERS' Membership Data for all Funds							
Post Retirement Benefit Increase	Contract COLA up to 2.8% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.8% thereafter							

*Net of Pension Plan Investment and Administrative Expenses; including inflation

⁽¹⁾ The mortality table used was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. More details on this table are available in 2014 experience study report.

All other actuarial assumptions used in the June 30, 2013 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at the CalPERS website under Forms and Publications.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, both short-term and long-term market return expectations are accounted for as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class applied to all plans. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

NOTE 20 - RETIREMENT PLAN (Continued)

	New Strategic	Real Return Years	Real Return Years
Asset Class	Allocation	1 - 10(1)	11+(2)
Global Equity	47.0%	5.25%	5.71%
Global Fixed Income	19.0	0.99	2.43
Inflation Sensitive	6.0	0.45	3.36
Private Equity	12.0	6.83	6.95
Real Estate	11.0	4.50	5.13
Infrastructure and Forestland	3.0	4.50	5.09
Liquidity	2.0	(0.55)	(1.05)

(1) An expected inflation of 2.5% used for this period

(2) An expected inflation of 3.0% used for this period

Discount rate. The discount rate used to measure the total pension liability was 7.5 percent. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.50 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.50 percent is applied to all plans in the Public Employee Retirement Fund. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at the CalPERS website under the GASB Statement No. 68 section.

According to Paragraph 30 of Statement 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. The 7.50 percent investment return assumption used in this accounting valuation is net of administrative expenses. Administrative expenses are assumed to be 15 basis points. An investment return excluding administrative expenses would have been 7.65 percent. Using this lower discount rate has resulted in a slightly higher Total Pension Liability and Net Pension Liability. This difference was deemed immaterial to the agent multiple-employer plan.

CalPERS is scheduled to review all actuarial assumptions as part of its regular Asset Liability Management (ALM) review cycle that is scheduled to be completed in February 2018. Any changes to the discount rate will require Board action and proper stakeholder outreach. For these reasons, CalPERS expects to continue using a discount rate net of administrative expenses for GASB Statement No. 67 and No. 68 calculations through at least the 2017-18 fiscal year. CalPERS will continue to check the materiality of the difference in calculation until such time when there is a methodology change.

NOTE 20 - RETIREMENT PLAN (Continued)

Changes in the Net Pension Liability for Agent Multiple-Employer Plans

Sensitivity of the net pension liability to changes in the discount rate.

The following presents the net pension liability of the County and Flood Control, calculated using the discount rate of 7.5 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.5 percent) or 1 percentage-point higher (8.5 percent) than the current rate (In thousands):

			(Current			
	Discount Rate - 1%		Disc	count Rate	Discount Rate + 1%		
Net Pension Liability By Plan	(6.5%)			(7.5%)	(8.5%)		
County Miscellaneous	\$	1,670,089	\$	907,169	\$	278,575	
County Safety		877,234		491,091		176,235	
Flood Control		56,422		36,011		19,056	

The following presents the net pension liability of the Park District and Waste Resources, calculated using the discount rate of 7.5 percent, as well as what the net pension liability would be if the discount rate was used as 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate (In thousands):

		Current	
Proportionate Share of Net	Discount Rate - 1%	Discount Rate	Discount Rate + 1%
Pension Liability By Plan	(6.5%)	(7.5%)	(8.5%)
Park District	10,700	6,186	2,440
Waste Resources	13,990	8,452	3,856

Pension plan fiduciary net position. Detailed information about the pension's plan fiduciary net position is available in the separately issued CalPERS financial report. The pension's plan fiduciary net position may differ from the plan assets reported in the actuarial valuation report due to several reasons. First, CalPERS must keep deficiency reserves, fiduciary self-insurance, and OPEB expense as assets. These amounts are excluded for rate setting purposes in the actuarial valuation report. In addition, differences may result from early Comprehensive Annual Financial Report closing and final reconciled reserves.

Subsequent Events

There were no subsequent events that would materially affect the results presented in this disclosure.

Recognition of Gains and Losses

Under GASB Statement No. 68, gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time.

The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred inflows and deferred outflows related to pensions and are to be recognized in future pension expense.

NOTE 20 - RETIREMENT PLAN (Continued)

The amortization period differs depending on the source of the gain or loss:

Difference between projected and actual earnings	5 year straight-line amortization
All other amounts	Straight-line amortization over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) as of the beginning of the measurement period

The expected average remaining service lifetime (EARSL) is calculated by dividing the total future service years by the total number of plan participants (active, inactive, and retired).

The EARSL for the Plan for the 2013-14 measurement period was obtained by dividing the total service years of the sum of remaining service lifetimes of the active employees by the total number of participants: (active, inactive, and retired). Note that inactive employees and retirees have remaining service lifetimes equal to 0. Also note that total future service is based on the members' probability of decrementing due to an event other than receiving cash refund.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year-ended June 30, 2015, the County recognized pension expense of \$170.1 million. For the measurement period ending June 30, 2014, the Park District and Waste Resources reported a liability of \$6.2 million and \$8.5 million for its proportionate share of net pension liability. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The proportion of the net pension liability was based on a projection of long term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2014, the Park District's and Waste Resources' proportions were 0.25041 and 0.34198 percent, which was a decrease of 0.00126 and an increase of 0.01076 from its proportion measured as of June 30, 2013.

At June 30, 2015, the deferred outflows of resources and deferred inflows of resources related to pensions are reported from the following sources (In thousands):

		Age	ent M	t Multiple-Employer				Cost Sharing Employer				
Deferred Outflows of Resources By Plan:	-	County ellaneous	Co	ounty Safety	Flo	ood Control	Parl	k District		aste ources		Total
Difference between expected and actual experience	\$	-	\$	-	\$	-	\$	-	\$	-	\$	-
Change of assumptions		-		-		-		-		-		-
Adjustment due to Differences in Proportions		N/A		N/A		N/A		-		161		161
Contributions subsequent to measurement date recognized as deferred outflows of resources (GASB Statement No. 71)		132,619		71,228		2,985		950		189		207,971
Total	\$	132,619	\$	71,228	\$	2,985	\$	950	\$	350	\$	208,132

\$208.0 million reported as deferred outflows of resources related to pensions resulting contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016.

NOTE 20 - RETIREMENT PLAN (Continued)

	Agent Multiple-Employer						Cost Sharing Employer				
		County							1	Waste	
Deferred Inflows of Resources By Plan:	Miscellaneous		County Safety		Flood Control		Park District		Resources		Total

Payable to the Pension Plan

At June 30, 2015, there is no outstanding amount of contributions payable to the pension plan required for the year ended June 30, 2015.

NOTE 21 – DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan Description. The County provides a part-time and temporary employees' retirement plan (the Plan) to provide retirement benefits to eligible employees as a substitute for benefits under social security. The Plan is an IRS Section 401(a) defined benefit plan. This Plan is self-funded and self-administered. Effective July 20, 2010, the County Board of Supervisors appointed U.S. Bank as the Plan's investment consultant, investment manager and trustee. Contributions made to the Plan are deposited with U.S. Bank, who maintains the responsibility of investing contributions in a diversified portfolio and reported at fair value. No financial report has been issued separately for public view under defined benefit pension plan.

Benefits provided. Retirement benefits are determined as 2.0 percent of the employee's compensation and payable as a single life annuity. The eligible retirement age is 65. Participants are immediately 100% vested in the Plan upon enrollment. Benefits are payable for the life of the employee only. The normal retirement benefit is accrued to the date of termination. A lump sum distribution is paid if the actuarial equivalent benefit is less than \$5,000. Actuarial Equivalence for this purpose is based on the greater of the factor produced under the UP1984 unisex mortality table at 6% or the applicable mortality table and interest rate under 417(e).

Employees covered by benefit terms. At June 30, 2014, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	192
Inactive employees entitled to but yet receiving benefits	6,161
Active employees	2,172 8,525

NOTE 21 – DEFINED BENEFIT PENSION PLAN (Continued)

General Information about the Pension Plan (Continued)

Contributions. Participants in the Plan are required to contribute 3.75% of their compensation to the Plan. According to the July 1, 2014 valuation, the County's current required contribution rate is 0.5%, however, the County elected to contribute 1.6% of payroll in order to obtain a 90.0% target funded ratio within 5 years. The Plan's current funded ratio is 95.3%. The Plan actuary annually calculates the minimum recommended employer contribution rate through preparation of an actuarial valuation report and the County determines the contribution rates. Administrative costs of the Plan are paid by the Trustee from Plan assets.

Net Pension Liability

The County's net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial assumptions. The total pension liability in the June 30, 2014 actuarial valuation was determined using the following actuarial assumption, applied to all periods included in the measurement:

Entry Age
Market Value of
Assets
2.8%
3.0%
3.0%
6.5%

Mortality rates are based on the most recent CalPERS mortality table developed in 1997-2011CalPERS Experience Study, with generational future improvement using scale MP-2014.

The actuarial assumption is used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2013 - June 30, 2014.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

		Expected Nomina	ıl
Asset Class	Target Allocation	Return	Expected Volatility
Cash	0.99%	3.2%	2.0%
Domestic equity	66.96%	9.7%	19.5%
Fixed income	32.05%	3.7%	5.0%

Discount rate. The discount rate used to measure the total pension liability was 6.5 percent. The project cash flow used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and the County contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 21 – DEFINED BENEFIT PENSION PLAN (Continued)

Changes in the Net Pension Liability (In thousands):

		Increa	se (Decrease)			
	al Pension ability (a)		Fiduciary Net osition (b)	Net Pension Liability/(Asset) (c) = (a) - (b)		
Balance at 06/30/13	\$ 27,003	\$	26,805	\$	198	
Changes of the year:					-	
Service cost	1,557		-		1,557	
Interest at 6.5%	1,800		-		1,800

Net changes	2,741		4,797		(2,056)	
Balance at 06/30/14	\$ 29,744	\$	31,602	\$	(1,858)	

Changes in Assumptions and Methods since the Prior Valuation

- Mortality mortality table changed from Internal Revenue Service (IRS) small plan combined table (projection of RP2000 Mortality) plus generational mortality improvements using scale AA to RP-2014 combined annuitant/non-annuitant mortality table with MP-2014 mortality projection scale.
- 2) Demographic Rates (retirement, termination, mortality) for Full-time Actives were changed to be based on the most recent CalPERS rates developed in the 1997-2011 Experience Study for Miscellaneous.
- 3) Value of Assets for funding contribution, assets are adjusted for differences between actual and expected earnings, which are amortized over a 5 year period.
- 4) Administrative Expenses increased from \$200,000 to \$225,000 per year to reflect most recent experience

Sensitivity of the net pension liability to changes in the discount rate. The following presents the net pension liability of the County, calculated using the discount rate of 7.5 percent, as well as what the County's net pension liability would be if it were using a discount rate that is 1-percentage-point lower (6.5 percent) or 1-percentage-point higher (8.5 percent) than the current rate (In thousands):

		1%		Current		1%
	Decrease		Discount Rate			Increase
		(5.5%)		(6.5%)		(7.5%)
County's net pension liability	\$	3,130,512	\$	(1,857,698)	\$	(5,785,600)

NOTE 21 – DEFINED BENEFIT PENSION PLAN (Continued)

Pension plan fiduciary net position

Subsequent Events

There were no subsequent events that would materially affect the results presented in this disclosure.

Recognition of Gains and Losses

Under GASB Statement No. 68, gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time.

The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred inflows of resources and deferred outflows of resources elated to pensions and are to be recognized in future pension expense.

The amortization period differs depending on the source of the gain or loss:

Difference between projected and actual earnings	5 year straight-line amortization
All other amounts	Straight-line amortization over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) as of the beginning of the measurement period

Recognition of Gains and Losses (Continued)

The EARSL is calculated by dividing the total future service years by the total number of plan participants (active, inactive, and retired).

The EARSL for the Plan for the 2013-14 measurement period is 8.04 years, which was obtained by dividing the total service years of 68,541 (the sum of remaining service lifetimes of the active employees) by 8,525 (total number of participants: active, inactive, and retired). Note that inactive employees and retirees have remaining service lifetimes equal to 0. Also note that total future service is based on the members' probability of decrementing due to an event other than receiving cash refund.

NOTE 21 – DEFINED BENEFIT PENSION PLAN (Continued)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension

For the year-ended June 30, 2015, the County recognized pension expense of \$54.0 thousand. At June 30, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources (In thousands):

	 ed Outflows esources	Deferred Inflows of Resources		
Difference between expected and actual experience	\$ 1,003	\$	-	
Changes of assumptions	-		-	
Net difference between projected and actual earnings on pension plan investments	-		(2,146)	
Contributions subsequent to measurement date recognized as deferred outflows of resources (GASB Statement No. 71)	529		-	
Total	\$ 1,532	\$	(2,146)	

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows (In thousands):

	Deferred Outflows/(Inflows) of				
Year Ended June 30:		Resources			
2016	\$	(394))		
2017		(394))		
2018		(394))

Payable to the Pension Plan

At June 30, 2015, there is no outstanding amount of contributions payable to the pension plan required for the year ended June 30, 2015.

NOTE 22 – POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Descriptions

The County and its Special Districts: Flood Control, Park District, and Waste Resources offer post employment benefits to eligible County retirees. Benefit provisions are established and amended through negotiations between the County and the various bargaining units.

The post employment benefits provide:

- The County provides retiree medical benefits for eligible retirees enrolled in County sponsored plans. The benefits are provided in the form of:
 - o Monthly County contributions toward the retiree's medical premium, and
 - Monthly contributions of \$25 per month to the Riverside Sheriffs' Association (RSA) Benefit Trust for RSA law enforcement retirees.
- Previously, the County allowed certain retirees to receive coverage prior to age 65 by paying premiums that were developed by blending active and retiree costs, which resulted in an implicit subsidy to retirees. The implicit subsidy has been discontinued since January 1, 2011.

A qualified Internal Revenue Code Section 115 Trust has been established for the County and Special Districts, with the exception of Waste Resources, with the California Employers' Retiree Benefit Trust (CERBT) for the purpose of receiving employer contributions that will prefund health and other post employment costs for retirees and their beneficiaries. The CERBT administers each plan's assets and issues a financial report available for public review, which includes financial statements and required supplementary information for the trust fund. The CERBT report may be obtained from CalPERS Affiliate Programs Services Division, CERBT (OPEB), P.O. Box 1494 Sacramento, CA 95812-1494.

NOTE 22 – POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

Funding Policy and Annual OPEB Cost

It is the policy of the County, along with the special districts (Park District and Flood Control) to fully contribute an amount at least equal to the Annual Required Contribution (ARC), as determined by the Post Retirement Benefits Actuarial Valuation for each trust. To facilitate funding for the ARC, the County has developed a rate structure. It is the policy of the Waste Resources to fund the ARC on a pay-as-you-go basis.

Contribution requirements of the plan members and the County are established and may be amended through negotiations between the County and the respective bargaining units. The liabilities and annual cost due to the County's contractual agreements to assist with retiree health care cost are calculated in accordance with Government Accounting Standards Board (GASB) Statement No. 45. GASB requires an Annual Required Contribution (ARC) to be developed each year based on the Plan's assets and liabilities. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over 30 years (12 years for Waste Resources).

The County's annual OPEB cost for the current year and the related information for each plan are as follows (In thousands, except for contribution rates):

								aste
	(County	Flood	Control	Park	District	Res	ources
Contribution rates:								
		aining Unit	Bargai	ning Unit	Bargai	ining Unit	Bargaining Unit	
County	De	etermined	Dete	ermined	Determined		Determined	
	\$25-\$256		\$25-\$256		\$25	5-\$256	\$25	-\$256
Plan members	\$528-\$1,323		\$528-\$1,323		\$528-\$1,323		\$528-\$1,323	
Annual required contribution	\$	1,346	\$	3	\$	-	\$	140
Interest on net OPEB obligation		(2,051)		(44)		(21)		3
Adjustment to annual required contribution		1,647		11		17		(126)
Annual OPEB cost		942		(30)		(4)		17
Contributions made		(4,396)		(25)		(9)		(3)
Increase in net OPEB obligation (asset)		(3,454)		(55)		(13)		14
Net OPEB obligation (asset) beginning of year		(25,944)		(577)		(299)		126
Net OPEB obligation (asset) end of year	\$	(29,398)	\$	(632)	\$	(312)	\$	140
	-		_					

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2015 and the two preceding years for each of the plans were as follows (In thousands):

	Year Ended	nnual EB Cost	Percentage of OPEB Cost Contributed	Oł	et OPEB bligation (Asset)
County	06/30/13	\$ 2,272	220.6 %	\$	(25,575)
	06/30/14	1,974	118.7		(25,944)
	06/30/15	942	466.7		(29,398)
Flood Control	06/30/13	13	530.8		(539)
	06/30/14	12	416.7		(577)
	06/30/15	(30)	83.3		(632)
Park District	06/30/13	(4)	100.0		(285)
	06/30/14	(5)	180.0		(299)
	06/30/15	(4)	225.0		(312)
Waste Resources	06/30/13	117	3.4		113
	06/30/14	16	18.8		126
	06/30/15	17	17.7		140

NOTE 22 – POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

Funded Status and Funding Progress

The following is funded status information for each plan as of July 1, 2014, which is the most recent actuarial valuation date (In thousands):

	County Flood Control		Park nty Flood Control District			Waste t Resources		
Actuarial accrued liability (a) Actuarial value of plan assets (b)	\$	40,121 34,098	\$	479 532	\$	132 259	\$	982
Unfunded actuarial accrued liability (funding excess) (a) - (b)	\$	6,023	\$	(53)	\$	(127)	\$	982
Funded ratio (b) / (a) Covered payroll (c) Unfunded actuarial accrued liability (funding excess) as a percentage of covered payroll	\$	85.0% 1,152,127	\$	111.1% 16,297	\$	196.2% 4,607	\$	0.0% 2,495
([(a) - (b)] / (c))		0.5%		-0.3%		-2.8%		39.4%

Actuarial valuations are estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plan and the Annual Required Contributions (ARC) of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are projected about the future. The required schedule of funding progress, presented as required supplementary information, provides multi-year trend information reflecting whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the County and the plan members. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The significant costing methods and projected assumptions were as follows:

	County	Flood Control	Park District	Waste Resources
Actuarial valuation date	7/1/2014	7/1/2014	7/1/2013	7/1/2012
Actuarial cost method	Entry age	Entry age	Entry age	Entry age
Amortization method	Level percentage of Payroll, open	Level percentage of Payroll, open	Level percentage of Payroll, open	Level percentage of Payroll, close
Remaining amortization period Actuarial assumptions:	30 years	30 years	30 years	12 years
Investment rate of return	7.3%	7.3%	7.4%	4.5%
Projected salary increases	3.0%	3.0%	3.0%	3.0%
Healthcare inflation rate (initial)	5.0%	10.0%	10.0%	10.0%
Healthcare inflation rate (ultimate)	4.0%	5.0%	5.0%	5.0%
Inflation rate	2.8%	2.8%	2.8%	3.0%

NOTE 23 – COMMITMENTS AND CONTINGENCIES

Lawsuits and Other Claims

The County has been named as a defendant in various lawsuits and claims arising in the normal course of operations. In the aggregate, these claims seek monetary damages in significant amounts. To the extent the outcome of such litigation has been determined to result in probable financial loss to the County, such loss has been accrued in the accompanying basic financial statements. In the opinion of management, the ultimate outcome of these claims will not materially affect the operations of the County.

Property Tax Administration Fee

On July 7, 2010, the Court of Appeal of the State of California issued a decision in favor of the cities and against the County of Los Angeles in a case brought by 47 cities regarding the calculation of Property Tax Administration Fees (PTAF). The legal issue in dispute is whether counties can include "flip" and "swap" revenues in the calculation of administrative costs that counties recover from cities. At the trial court level, the court-appointed Referee had concluded that the County of Los Angeles' calculation of the PTAF starting in fiscal year 2006-07 comported with Section 97.75 of California's Revenue and Taxation Code. The Court of Appeal reversed the judgment and remanded for further proceedings, holding that the County of Los Angeles' method of calculating its fee under Section 97.75 was unlawful. It is expected that the County of Los Angeles will petition the California Supreme Court for review. In the opinion of management, the decision to the case is significant for the County of Riverside because of similar claims against this County. The potential financial impact to the County related to the outcome of this case averages approximately \$7.2 million in tax administration fees for fiscal year 2006-07 through fiscal year 2011-12. There was no outstanding balance as total payments were completed as of June 30, 2015.

County of Riverside Redevelopment Successor Agency

It is reasonably possible that the State Department of Finance could invalidate some but not all of the obligations reported on the Successor Agency's Recognized Obligation Payment Schedule (ROPS). Sec. 34171 (d) (1) of the Health and Safety Code recognizes bonds as enforceable obligations, as defined by Section 33602 and bonds issued pursuant to Section 58383 of the Government Code, including the required debt service. The majority of the total outstanding obligations reported on the ROPS of the Successor Agency to the RDA (92.0%) consist of bond debt service payments. The range of potential loss of revenue is only between \$0 to \$126.6 million spread over the remaining life of the Successor Agency through 2045.

Federal Grant Revenue

Compliance examinations for the fiscal year ended June 30, 2014, identified certain items of noncompliance with Federal grants and regulations. The total amount of expenditures that could be disallowed by the granting agencies cannot be determined at this time; however, County management does not expect such amounts, if any, to be material to the basic financial statements. The fiscal year 2014-15 Single Audit of federal awards report is expected to be submitted to the Federal Audit Clearinghouse on or before March 31, 2016.

Commitments

At June 30, 2015 the County had various non-cancelable contracts and construction-in-progress with outside contractors. These contracts were financed through either the general fund or capital projects funds. \$458.4 million will be payable upon future performance under the contracts.

Landfill Construction and Consulting Contracts

The Waste Resources Department entered into various construction and consulting contracts to facilitate its landfill operations and is in the process of installing landfill liners at Lamb Canyon in accordance with State and Federal laws and regulations. Waste Resources has completed the installation of both of the planned landfill liners and does not anticipate the need for any additional liner expansion projects in the next five year.

NOTE 23 – COMMITMENTS AND CONTINGENCIES (Continued)

Remediation Contingencies

Governmental Funds

Release of gasoline and diesel fuel has been reported at seven underground storage tanks. Orders have been issued by the California Regional Water Quality Control Board (CRWQCB) to assess and cleanup these sites by specific dates. It has determined the remediation plan and monitoring action are required. In addition to groundwater contamination, asbestos has been found in six facilities. As of June 30, 2015 the governmental activities reflect a \$2.0 million accrued remediation liability (Note 14). The liability has been calculated using the expected cash flow technique. The liability is subject to change over time. Cost may vary due to price fluctuations, changes in technology, results of environmental studies, changes to statue or regulations and other factors that could result in revisions to these estimates.

Enterprise Funds

Waste Resources Department has established restricted cash funds to set aside for future remediation costs as they are required to be performed. Investments of \$29.9 million are held for these purposes at June 30, 2015 and are classified as accrued remediation in the statements of net position.

The Department is aware of air/gas contamination at 17 landfills, 11 of which are closed, and required to have corrective action plans. Based on engineering studies, Waste Resources estimates the present value of the total costs of corrective action for foreseeable contaminate releases at \$36.1 million. At June 30, 2015, the Department has accrued \$29.9 million for the estimated costs required by CalRecycle and the Regional Water Quality Control Board (RWQCB), related to the outstanding remediation projects as needed at these landfills.

In addition to the liability amounts calculated per CalRecycle regulations that are designated to the Escrow Funds, the Department is also responsible for the corrective action costs related to Nineteen (19) other landfill sites that have been inactive or closed since before 1988. Liability for these sites fluctuates dependent on the needs of each site and changes to or the implementation of laws and regulations. As of June 30, 2015 the corrective action is estimated at \$3,635,522.

NOTE 23 – COMMITMENTS AND CONTINGENCIES (Continued)

Encumbrances

The County uses "encumbrances" to control expenditure commitments for the year. Encumbrances represent commitments related to executor contracts not yet performed and purchases orders not yet filled. Commitments for such expenditure of monies are encumbered to reserve applicable appropriations. Depending on the sources(s) of funding, encumbrances are reported as part of restricted or assigned fund balance on the governmental funds balance sheet. As of June 30, 2015, the encumbrance balances for the governmental funds are reported as follows (In thousands):

	Restricted		Assigned		<u>Total</u>
Major Governmental Funds					
General Fund:					
Capital improvement projects	\$	-	\$	289	\$ 289

NOTE 24 – SUBSEQUENT EVENTS

Tax and Revenue Anticipation Notes (TRANs)

On July 1, 2015, the County issued \$250.0 million in Tax and Revenue Anticipation Notes in the form of a 2016 Maturity bond due June 30, 2016. The stated interest rate for the bond is set at 2.0% per annum with a yield of 0.3%. In accordance with California law, the TRANs bonds are general obligations of the County and are payable only out of the taxes, income, revenues, cash receipts, and other monies of the County attributable to fiscal year 2016 and legally available for payment thereof. Proceeds for the bonds will be used for fiscal year 2016 general fund expenditures, including current expenditures, capital expenditures, and the discharge of other obligations or indebtedness of the County.

Riverside County Bonds and Certificates of Participation

On September 2015, Fitch, one of the three major credit ratings, has assigned the County's bonds and certificates of participation ratings as follows:

- Riverside County implied general obligation (GO) bond rating at 'AA-',
- Riverside County pension obligation bonds (POB-series 2005A) at 'A+'.
- Riverside County certificates of participation (COPs-, 2005A, 2005B, 2007A, 2007B, 2009) at 'A+'.
- Riverside County Asset Leasing Corporation certification of participation (CORAL- COPS/series 2006A and lease revenue bonds (LRBs), series 1997A, 1997B, 1997C, 2013A) at 'A+'.
- Riverside County Public Financing Authority (LRBs) (series 2012) at 'A+'.
- Southwest Communities Financing Authority lease revenue bonds (LRBs) (series 2008A) at 'A+'.

NOTE 24 – SUBSEQUENT EVENTS (Continued)

Riverside County Bonds and Certificates of Participation (Continued)

Fitch's reasoning is summarized in the following paragraphs:

The County's economy is large, diverse, and well-situated for growth given its proximity to large southern California Employment markets, competitive home prices and the availability of developable land. As a high-growth region with less maturity than its coastal neighbors, the County is likely to experience higher than average economic volatility over the foreseeable future.

The County's housing market was one of the worst-affected in the nation, with average home values falling over 50%, although assessed value (AV) contracted by a lower 15.7% in fiscal years 2009-2013 due to Proposition 13. Recently, the housing market has improved significantly, large price gains and gradually increasing new construction permits.

AV also continues its recovery with solid gains of 3.9%, 7.7%, and 5.8% in fiscal years 2014-2016, bringing AV to just below its pre-Recessionary peak. The County's third-party economist projects 6% annual AV growth over the next five years, though the County uses a more conservative but still sizable 5% assumption in its financial forecast.

Regional Medical Center's (RMC) financial position improved markedly over the past year. The enterprise has enhanced operating performance through improved efficiencies and better revenue cycle management with the assistance of Huron Consulting and a permanent management team in place.

RMC's fiscal position deteriorated substantially until recently, running cash flow deficits from fiscal years 2010–2014 ranging from \$8 million–\$43 million annually. The enterprise's cash position deteriorated in lockstep, necessitating a \$41 million borrowing from the County pool by fiscal year-end 2014, in addition to a \$26 million loan from the County's Waste Resources enterprise to pay consultant fees.

In response to these pressures, the County instituted a rapid turnaround plan with the assistance of Huron Consulting Services. Major elements of the plan included replacing key members of hospital management with experienced turn-around experts, significantly lowering ongoing expenditures, improving collections and implementing a business plan to address challenges from the Affordable Care Act.

As a result of the hospital's turnaround plan, financial performance at RMC has improved dramatically and rapidly. Unaudited fiscal year-to-date performance to March 31 points to operating income of \$23 million, with the expectation that the enterprise's \$41 million cash deficit will be lowered to between \$0 and \$10 million by the end of the fiscal year. The operating income includes \$17 million of net nonrecurring revenues.

The enterprise will need to absorb significant costs related to the implementation of electronic medical records and salary and benefit increases and faces execution risks as it looks to transform itself into a competitive regional healthcare provider. The system is further exposed to the scheduled expiration of the waiver, which could significantly affect reimbursement levels in the event that it is not extended or replaced, as management anticipates.

Teeter Obligation Notes, Series D and E

On October 15, 2015, the County issued \$87.0 million in 2015 Teeter Obligation Notes, series D (Tax-Exempt) to refund a portion of the outstanding 2014 Teeter Obligation Notes, series D, and fund an advance of unpaid property taxes for agencies participating in the County's Teeter plan, and to pay the cost of issuance related to the Notes. The 2015 Notes bear an interest rate of 2.0% f or 2015 Teeter Obligation Note, series D and a maturity date of October 12, 2016, when the existing Letter of Credit will expire.

NOTE 24 - SUBSEQUENT EVENTS (Continued)

The Effects of the Economy on CalPERS

Based on past performance of the CalPERS fund, CalPERS has estimated the County's miscellaneous and safety contribution rates for fiscal year 2015-16 will be 15.4% and 23.6%, respectively. Fiscal year 2016-17 contribution rates for miscellaneous and safety are estimated at 17.0% and 27.4%, respectively. They will be accounted for in fiscal year 2014-15 and future budget years.

CORAL

On November 1, 2015, the Riverside County Infrastructure Financing Authority Lease Revenue Refunding Bonds, Series 2015 A (Capital Improvement Projects Refunding) were issued by the County Infrastructure Financing Authority to (i) refund approximately \$86.4 million aggregate principal amounts for the outstanding certificates of participation for the series 2005 A Capital Improvement Project; (ii) pay the costs of issuance of the Series 2015 A Bonds.

Housing Authority

Housing Authority of the County adopted the subsequent events topic of the GASB accounting standards, which require disclosure of the date through which subsequent events have been evaluated. Management performed an evaluation of the Authority's activity through, the audit report date, and has concluded that the following pertinent information should be disclosed.

The Housing Authority is currently working on applications to take part in the Rental Assistance Demonstration Program (RAD), which is voluntary program of the Department of Housing, the Urban Development (HUD). RAD seeks to preserve public housing by providing Public Housing Agencies, such as the Housing Authority, with access to more stable funding to make needed improvements to properties, RAD provides a way to rehabilitate, or repair, units without depending on additional money from the public sector.

The Housing Authority currently owns and operates 469 units of affordable housing with the County of Riverside. Funding to maintain these units is derived from the public housing program. The public housing program has continued to be underfunded through the years with additional budget cuts to the capital fund program that provides the income source for the modernization of public housing units. This dilemma has forced preventive maintenance. Therefore, the RAD would provide an opportunity for the Housing Authority to convert projects funded under the public housing program to long-term, project-based Section 8 rental assistance contracts, through the project-based voucher component of the RAD.

Regional Park and Open Space District

On July 9, 2015, the Board of Supervisors authorized the transfer of Fund 33200 (Perret Park) from the Economic Development Agency to the District. This transfer includes all assets, liabilities, and the related fund balance, in addition to full ownership and rights to the related tax revenues.

SPECIAL REVENUE FUNDS

SPECIAL REVENUE FUNDS

These funds were established for the purpose of accounting for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted in expenditures for the specified purposes.

COMMUNITY SERVICES

This fund provides financing for public services. Public services provided by this fund group are: Housing and Urban Development (HUD) Community Services Grant, EDA Administration, Community Action Partnership, Job Training Partnership, Office on Aging, USEDA (United States Economic Development Administration) Grant, County Free Library, Structural Fire Protection, Homeless Housing Relief, Home Program, EDA U.S. Department of Agriculture Rural Development, Workforce Development, Healthy Kids, and Bio-terrorism Preparedness. The primary source of revenue for this fund is from State/Federal Grants.

COUNTY SERVICE AREAS

This county service area fund was established to provide authorized services such as road, park, lighting maintenance, fire protection, or water to specified areas in the County. They are financed by ad valorem property taxes in the area benefited, or by special assessments levied on specific properties.

REGIONAL PARK AND OPEN-SPACE

The Regional Park and Open-Space District is a special district established to provide legal authority and expanded opportunity for open space acquisition and management and transferred regional park responsibility from the County to the Regional Park and Open-Space District.

AIR QUALITY IMPROVEMENT

This fund accounts for Riverside County's portion of State of California motor vehicle fees restricted for the use of reducing air pollution.

IN-HOME SUPPORT SERVICES (IHSS)

The goal of the IHSS program is to enable elderly and/or disabled persons to remain safely in independent living as long as possible. This in-home assistance is designed to allow persons to remain in their home rather than be placed in an institutional setting. IHSS receives revenue for the following services: meal preparation and clean-up, food shopping, bathing, dressing, personal care, domestic services (cleaning), and assistance with medications.

PERRIS VALLEY CEMETERY DISTRICT

The Perris Valley Cemetery District is a public cemetery district operating under the provisions of the Health and Safety Code of the State of California. The Perris Valley Cemetery District was created in July 1927 for the purpose operating a public cemetery for the residents of the Perris Valley.

OTHER SPECIAL REVENUE

This fund provides financing to make services available to the public and governmental agencies. At the current time, the other special revenue fund accounts for the following services: Rideshare, AD CFD Administration, Aviation, Ladera Irrigation, National Date Festival, Cal-ID, Special Aviation, Supervisorial Road Districts, Multi-Species Habitat Conservation Agency, Riverside U.S. Grazing Fees, Mitigation Project Operations, Airport Land Use Commission, Proposition 10, and DNA Identification.

DEBT SERVICE FUNDS

DEBT SERVICE FUNDS

These funds are used to account for the accumulation of resources and payment of long-term debt principal and interest.

COUNTY OF RIVERSIDE ASSET LEASING CORPORATION (CORAL)

CORAL is a non-profit public benefit corporation established to assist the County of Riverside by acquiring equipment and facilities financed from the proceeds of borrowing and leasing such equipment and facilities to the County.

<u>COUNTY OF RIVERSIDE DISTRICT COURT FINANCING CORPORATION (DISTRICT COURT FINANCING CORPORATION)</u>

The District Court Financing Corporation is a non-profit public benefit corporation established to assist the County of Riverside in the acquisition, construction, and development of a United States District Courthouse, financed from the proceeds of the sale of certificates.

COUNTY OF RIVERSIDE BANKRUPTCY COURT CORPORATION (BANKRUPTCY COURT)

The Bankruptcy Court is a non-profit public benefit corporation established to assist the County of Riverside in the acquisition, construction, and development of a United States Bankruptcy Court financed from the proceeds of the sale of certificates.

TAXABLE PENSION OBLIGATION BONDS (PENSION OBLIGATION)

This fund is used to account for Series 2005 bonds that were issued to satisfy a portion of Riverside County's unfunded accrued actuarial liability for the California Public Employees' Retirement System (CalPERS).

INLAND EMPIRE TOBACCO SECURITIZATION AUTHORITY

The Inland Empire Tobacco Securitization Authority was established to assist the County of Riverside in the construction of certain capital projects, financed from the proceeds of the tobacco settlement revenues.

PUBLIC FINANCING AUTHORITY

The Public Financing Authority was formed for the purpose of assisting in financing public improvements of the County, the Riverside County Redevelopment Successor Agency and other local agencies.

CAPITAL PROJECTS FUNDS

CAPITAL PROJECTS FUNDS

These funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by Proprietary Fund Types.

PUBLIC SAFETY ENTERPRISE COMMUNICATION (PSEC)

The Public Safety Enterprise Communication fund is a multi-agency undertaking to address the County of Riverside 800 MHz public safety radio coverage and operational problems. The multi-year project will result in either a massive upgrade or a complete replacement of the existing radio system.

COUNTY OF RIVERSIDE ASSET LEASING CORPORATION (CORAL)

CORAL is a non-profit public benefit corporation established to assist the County of Riverside by acquiring equipment and facilities financed from the proceeds of borrowing and leasing such equipment and facilities to the County.

FLOOD CONTROL

This fund is used to finance the construction of flood control channels and projects. Revenues are obtained from property taxes, special assessments, and proceeds of tax allocation bonds.

REGIONAL PARK AND OPEN-SPACE

The Regional Park and Open-Space District is a special district established to provide legal authority and expanded opportunity for open space acquisition and management. The Regional Park and Open-Space District's creation allowed for the transfer of regional park responsibility from the County to the District.

COUNTY OF RIVERSIDE ENTERPRISE SOLUTIONS FOR PROPERTY TAXATION (CREST)

The Assessor, Auditor-Controller, and Tax Collector teamed up to collectively develop a new integrated property tax management system. The project begins with a business process re-engineering phase that documents the integrated roles of the three departments. This phase identifies the current system's capabilities, strengths, and weaknesses. A second phase of the project builds on this re-engineering initiative to implement a replacement property tax system based on new technology.

PERMANENT FUND

PERMANENT FUND

PERRIS VALLEY CEMETERY ENDOWMENT FUND

This fund is used to account for financial resources to be used for future maintenance of the Perris Valley Cemetery. The resources are derived from an endowment care fee assessed on each sale of a burial right and earnings on these resources. Only income earned on these resources may be used for services, supplies or capital asset acquisition. The principal must be preserved intact.

NONMAJOR ENTERPRISE FUNDS

NONMAJOR ENTERPRISE FUNDS

These funds are used to account for operations providing goods or services to the general public. The accounting for these funds is similar to private enterprise accounting (accrual). The intent of the County's governing board is that all costs associated with providing these goods or services be financed or recovered primarily through user charges.

COUNTY SERVICE AREAS

These three funds were established to account for revenues, expenses, and the allocation of net income for County Service Areas 62 (sewer), 62 (water), and 122.

FLOOD CONTROL

These three funds were established to account for transactions resulting from topographical map sales, subdivision operations, and issuance of encroachment permits.

INTERNAL SERVICE FUNDS

INTERNAL SERVICE FUNDS

These funds were established to account for the goods and services provided by a County department to other County departments, or to other internal governments, on a cost-reimbursement basis.

RECORDS MANAGEMENT AND ARCHIVES

This fund was established to account for the operations of the Records Management and Archives Program, which is responsible for providing consistent standards and support services that promote responsible record keeping countywide. Sources of revenue include records storage, reformatting, preservation, and consulting services.

FLEET SERVICES

This fund finances the operation and maintenance of County vehicles, including the Sheriff's Department. Revenue is obtained on a cost-reimbursement basis.

INFORMATION SERVICES

These funds are supported by the revenues generated for services including software systems support, computer networks, data structure design, and organization of the County's computer systems.

PRINTING SERVICES

These funds account for the financing of printing and central mail services provided to County departments on a cost-reimbursement basis. This fund also provides services such as the paper reclamation program, which collects and sells County department waste paper for recycling.

SUPPLY SERVICES

This fund finances the operation that provides County departments with merchandise and services on a costreimbursement basis.

RISK MANAGEMENT

These funds account for the financing of employee insurance benefits and County self-insurance programs. These funds include medical, dental, disability, and unemployment insurance as well as general liability, medical malpractice, and worker's compensation.

TEMPORARY ASSISTANCE POOL (TAP)

The purpose of this fund is to provide a ready source of temporary workers to County departments, with lower overhead costs than are typically charged by outside temporary employment agencies.

ECONOMIC DEVELOPMENT AGENCY (Facilities Management)

The purpose of this fund was to account for custodial, maintenance, and real estate services provided to other County departments on a cost-reimbursement basis.

FLOOD CONTROL EQUIPMENT

These funds were established to account for the financing of flood control equipment provided to other departments on a cost-reimbursement basis.

FIDUCIARY FUNDS

FIDUCIARY FUNDS

These funds were established for the purpose of accounting for assets held in trustee or agency capacity for others and therefore cannot be used to support the government's own programs and are excluded from the government-wide financial statements.

OTHER

This fund was established to account for a wide array of fiduciary responsibilities. Some of these responsibilities include tax payments clearing, asset forfeiture, State Controller clearing, child support collections, undistributed bond proceeds, and family support clearing.

PAYROLL DEDUCTIONS

The purpose of this fund is to collect deductions from employee wages. The deductions are owed to a variety of third parties for health insurance, union dues, unemployment insurance, withholding tax, flexible spending accounts, and dental insurance.

PROPERTY TAX ASSESSMENTS

The Property Tax Assessment Agency Fund was set up to help Riverside County account for apportioned taxes clearing, delinquent mobile home fees, property tax refunds, special assessments, and Teeter Plan collections.

WARRANTS

This fund was established as a clearing fund for various categories of warrants issued by Riverside County.

STATISTICAL SECTION

Statistical Section

This section of the County of Riverside (the County) Comprehensive Annual Financial Report presents additional detail, historical perspective, and context to assist annual financial report users in understanding the financial statements, note disclosures, required supplementary information, and assessing the County's financial condition.

Contents

Financial Trends Information

These tables contain trend information to assist readers in understanding and assessing how the County's financial position has changed over time.

Net Position by Component Changes in Net Position Governmental Activities Tax Revenues by Source Fund Balances of Governmental Funds Changes in Fund Balances of Governmental Funds

Revenue Capacity Information

These tables contain information to assist readers in understanding and assessing the factors affecting the County's local revenue sources, property tax, sales tax, and other taxes.

General Government Tax Revenues by Source Assessed Value and Estimated Actual Value of Taxable Property Property Tax Rates, Direct and Overlapping Governments Principal Property Tax Payers Property Tax Levies and Collections

Debt Capacity Information

These tables contain information to assist readers in understanding and assessing the County's current level of outstanding debt, and the County's ability to issue additional debt.

Ratios of Outstanding Debt by Type Ratios of General Bonded Debt Outstanding Direct and Overlapping Governmental Activities Debt Legal Debt Margin Information Pledged-Revenue Coverage

Economic and Demographic Information

These tables provide economic and demographic information to assist readers in understanding the socioeconomic environment within which the County operates, and to facilitate the comparisons of financial information over time.

Demographic and Economic Statistics Principal Employers

Operating Information

These tables provide contextual information about the County's operations and resources to assist readers in understanding and assessing the County's financial condition as it relates to the services that the County provides.

Full-time Equivalent County Government Employees by Function/Program Operating Indicators by Function Capital Asset Statistics by Function

Note: In fiscal year 2010-11 the County implemented GASB Statement No. 54 under which governmental fund balances are reported as nonspendable, restricted, committed, assigned, and unassigned. Fiscal year 2009-10 fund balances have been recharacterized to comply with GASB Statement No.54 in order to facilitate year-to-year comparisons. In fiscal year 2011-12 Redevelopment Capital Projects are reported under the Successor Agency.

In fiscal year 2012-13 Transportation became a major fund, therefore only fiscal year 2011-12 and 2012-13 are presented for comparison purposes.

COUNTY OF RIVERSIDE Direct and Overlapping Govermental Activities Debt as of June 30, 2015 (Dollars in Thousands)

Governmental Unit	0	Debt Dutstanding	Estimated Applicable Percentage	Estimated Share of verlapping Debt
Debt repaid with property taxes: County Subtotal, overlapping debt	\$	10,780,228	86.00%	\$ 9,271,415 9,271,415
County of Riverside direct debt				 1,508,813
Total direct and overlapping debt				\$ 10,780,228

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the County. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.
