Subject: Internal Audit Report 2015-003: Riverside County Economic Development

Agency, Facilities Management, Custodial Services Division

Dear Mr. Field:

We have completed an audit of the Riverside County Economic Development Agency, Facilities Management, Custodial Services Division to provide the Board of Supervisors and management with an independent, objective, and reliable assessment of internal controls over the billing and collection processes. The audit covered the period of July 1, 2012 through March 23, 2015.

We conducted our audit in accordance with the International Standards for the Professional Practice of Internal Auditing. These standards require that we plan and perform the audit to obtain sufficient, reliable, relevant and useful information to provide reasonable assurance that our objective as described above is achieved. An internal audit includes the systematic analysis of information to evaluate and improve the effectiveness of internal controls. We believe this audit provides a reasonable basis for our conclusion.

Internal controls are processes designed to provide management reasonable assurance of achieving efficiency of operations, compliance with laws and regulations, and reliability of financial and non-financial information. Management is responsible for establishing and maintaining adequate internal controls. Our responsibility is to evaluate the internal controls.

Based upon the results of our audit, we determined Riverside County Economic Development Agency, Facilities Management, Custodial Services Division internal controls relating to billing and collection provide reasonable assurance that its objectives will be achieved. Reasonable assurance recognizes internal controls have inherent limitations, including cost, mistakes, and intentional efforts to bypass internal controls.

Since we did not identify any areas of improvement, a response from department officials was not necessary.

We thank the Riverside County Economic Development Agency, management and staff for their cooperation. Their assistance contributed significantly to the successful completion of this audit.

## **Executive Summary**

#### **Overview**

The Riverside County Economic Development Agency, Facilities Management, Custodial Services Division (Custodial Services) operates as an internal service fund which generates revenue from providing services to other county departments and non-county agencies. With 225 team members providing a comprehensive custodial service, the goal is to deliver environments that are clean, safe and healthy to its customers whether they are county employees, partner agencies, or the general public.

With over 6.75 million square feet of diverse county-owned facilities, Custodial Services provides services for detention centers, health clinics, administrative centers, courts and judge's chambers, law enforcement buildings, conference rooms, and libraries. Superintendents, supervisors and lead custodians manage three regional areas, which include Eastern, Southwest, and Western. Generally, custodial duties include emptying trashcans, cleaning restrooms, vacuuming floors, dusting, and other services necessary to meet its goals.

## **Audit Objective**

Our audit objective is to provide management and the Board of Supervisors with an independent assessment of internal controls over the billing and collection processes for Custodial Services.

#### **Audit Conclusion**

Based upon the results of our audit, we determined Riverside County Economic Development Agency, Facilities Management, Custodial Services Division internal controls relating to billing and collection provide reasonable assurance that its objectives will be achieved. Reasonable assurance recognizes internal controls have inherent limitations, including cost, mistakes, and intentional efforts to bypass internal controls.

## **Billing and Collection**

## **Background**

Board of Supervisors Policy B-28, Charges for Internal Services, directs county departments and districts in providing consistency in the calculation of rates. Custodial Services has a goal to provide exceptional service to its customers by "reducing cleaning costs, using green standards, and an increased level of cleanliness." Team cleaning is the approach taken for sites with high volume. Additionally, service teams are assigned for annual cleanings, special requests and projects. Custodial Services states that their division provides "quality, reliable, and sustainable levels of custodial services" which they are able to accomplish by tailoring their services to meet the needs of their customer's budgetary concerns while maintaining standards for health and safety. This is accomplished by not only the custodial services but also through the following:

- Housekeeping services
- Management and supervision
- > Janitorial supplies and equipment
- Restroom sanitation
- > Carpet cleaning
- > Flooring
- > Interior and exterior window washing
- Graffiti removal
- Emergency clean-ups and sanitation
- Recycling programs

Rates for custodial services are reviewed each fiscal year. For Fiscal Year 2014/15 Custodial Services productive hourly rates for regular and overtime are \$34.42 and \$43.97, respectively. Additional costs are incurred for services such as pest control, executive level detailed cleaning, specialized services, event support, upholstery cleaning, renovation/moving clean-ups, special requests and contractor service. The costs for custodial supplies are not included in the productive hourly rates mentioned above; as such, they are billed separately.

## **Objective**

Our objective is to provide management and the Board of Supervisors with an independent assessment of internal controls over custodial services billing and collection processes.

## Audit Methodology

To accomplish our objectives, we:

- Identified and reviewed policies, applicable laws, codes, regulations, and board ordinances related specifically to custodial services.
- Conducted interviews and performed walkthroughs with designated department staff members.

- Obtained and reviewed custodial agreements to ensure they are authorized and approved by appropriate levels of management.
- Selected and analyzed sample billing invoices to determine the accuracy of billing as it relates to custodial agreements.
- Verified payments were appropriately applied for sample billing invoices.

#### **Results**

We were able to interview key staff members to obtain an understanding of the types of services provided, how services are tracked in Dynamics Customer Relationship Management, a server-client application, and how services are invoiced. Billing for custodial services captures all labor hours provided by building. We reviewed time cards, allocation of supplies, services requested, services provided, rates billed, and percentages applied. Occupants are billed based on the percentage of occupancy as well as the percentage of common core charges. The invoices include purchase requisition, purchase order, and parts/supplies. Based upon the results of our audit, internal controls over the billing and collection processed for Custodial Services Division are adequate.
