#### OFFICE OF THE RIVERSIDE COUNTY AUDITOR-CONTROLLER

County Administrative Center 4080 Lemon Street, 11<sup>th</sup> Floor P.O. Box 1326 Riverside, CA 92502-1326 (951) 955-3800 Fax (951) 955-3802

Robert E. Byrd, CGFM AUDITOR-CONTROLLER

December 1, 2010

The Honorable Board of Supervisors Citizens of the County of Riverside 4080 Lemon Street, 5th Floor Riverside, California 92501

Members of the Board and Citizens of Riverside County:

The Comprehensive Annual Financial Report of the County of Riverside for the fiscal year ended June 30, 2010 is hereby submitted in accordance with the provision of Section 25253 of the Government Code of the State of California (the State). The report contains financial statements that have been prepared in conformity with the United States generally accepted accounting principles (GAAP) prescribed for governmental entities. Responsibility for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the County of Riverside (the County). To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that presents fairly the financial position and changes in financial position of the various funds and component units of the County of Riverside. All disclosures necessary to enable the reader to gain an understanding of the County's financial activities have been included.

The management's discussion and analysis (MD&A) immediately follows the report of the independent auditors and provides a narrative, overview, and analysis of the basic financial statements. The MD&A was designed to compliment this letter of transmittal and should be read in conjunction with it.

The financial reporting entity for the County includes all the funds of the primary government--the County of Riverside as legally defined-- as well as all of its component units. Component units are legally separate entities for which the primary government is financially accountable.

The County has twelve independent fiscal entities that are considered blended component units and two discretely presented component units. These entities vary widely in function and provide essential services.

For a more detailed overview of the County's component units see the MD&A and the notes to the basic financial statements.

#### PROFILE OF THE GOVERNMENT

Riverside County is the fourth largest county by area in the state of California, it encompasses 7,295 square miles and extends nearly 184 miles across Southern California, from the Arizona border west to within 10 miles of the Pacific Ocean. It is situated east of Los Angeles and Orange Counties, south of San Bernardino County, and north of San Diego and Imperial Counties. There are 27 incorporated cities located within the County. The largest cities in the County are Riverside (the County seat) with a population of 304,051, Moreno Valley with a population of 188,537, Corona with a population of 150,416, Temecula with a population of 105,029, and Murrieta with a population of 101,487. Estimated population figures are developed by the California State Department of Finance, and each year it's revised on January 1, with a revised estimate for the prior year. Total County population was 2,139,535 on January 1, 2010, an increase of 1.5% as compared to the revised estimate for 2009, and approximately 21.8% of the residents live in unincorporated areas.

The County is governed by a five-member Board of Supervisors, who each serves four-year terms, and annually elects a Chairman and Vice-Chairman. The Supervisors represent five districts.

The First District includes areas within the cities of Riverside, Lake Elsinore, Wildomar and the unincorporated communities of Lakeland Village, Lake Mathews, Mead Valley, Santa Rosa Rancho, as well as portions of Gavilan Hills and Woodcrest.

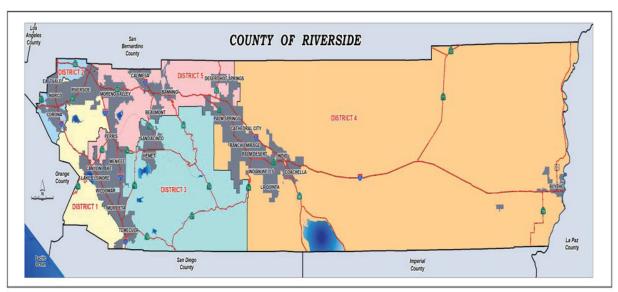

The Second District includes the cities of Corona, Norco, approximately 1/3 of the City of Riverside, and Eastvale (the newest city as of October 1, 2010). The unincorporated communities consist of Jurupa Valley (Rubidoux, Glen Avon, Sunny Slope, Pedley, and Mira Loma), Home Gardens, El Cerrito, Coronita, and Green River.

The Third District includes the cities of Canyon Lake, Hemet, Menifee, Murrieta, San Jacinto, and Temecula. Major unincorporated areas in the District include Aguanga, Anza, Idyllwild, Valle Vista, Winchester, Wine Country, and Pinyon Pines.

The Fourth District is the largest district by far, covering the eastern two-thirds of the County. Within the Fourth District are the cities of Palm Springs, Cathedral City, Rancho Mirage, Palm Desert, Indian Wells, La Quinta, Indio, Coachella, and Blythe. Major unincorporated areas in the District include Bermuda Dunes, Thousand Palms, Sky Valley, Desert Edge, Mecca, Thermal, Oasis, Vista Santa Rosa, North Shore, Chiriaco Summit, Desert Center, Lake Tamarisk, Mesa Verde, and Ripley.

The Fifth District includes cities of Moreno Valley, Perris, Calimesa, Beaumont, Banning, Desert Hot Springs, and northern Palm Springs. The unincorporated areas include Nuevo, Lakeview, Juniper Flats, Meadowbrook, Good Hope, a portion of Mead Valley, Romoland, Homeland, Green Acres, Highgrove, Box Springs, Pigeon Pass, Reche Canyon, San Timoteo Canyon, Oak Valley, Cherry Valley, Banning Bench, Cabazon, Palm Springs Village, and Palm Springs West.

The County provides a full range of services. These services are outlined in the following table:

Certificates, Licenses, and Permits	Human Services
Birth, marriage, and death certificates; animal licensing; and building permits	Assistance for Families, Veteran Services, and Utility Assistance
Children's Services	Libraries and Museums
Child Support Services, Mentor programs, Children Medical Services	Edward Dean Museum and Riverside County Law Library
Criminal Justice	Parks and Recreation
District Attorney, Probation, Public Defender, Sheriff	Regional Parks
Education	Pets and Animal Services
Office of Education	Animal Control and Animal Shelters
Emergency Services	Property Information
Office of Emergency Services, Early Warning Notification System, Shelter Grant program, and Homeless program	Building Permit Report, Get Property Information via GIS, Pay Property Taxes Online, Record Map Inquiry, and Riverside County Land Information
Environment	Public and Official Records
Environmental Health, Fire Protection, Waste Reduction and Recycling	Official Recorded Documents, Fictitious Business Names Search, Grantor/Grantee Search, Vital Records, and Court Records Search

Flood Control	Roads and Highways
Flood Control and Water Conservation	Road Maintenance, Land Development, Engineering Services, and Survey
Health	Taxes Services
Community Health Agency, Mental Health, and Public Health	Property Tax Portal, Tax Bills, Review Your Property Tax Information, Pay Your Property Tax Online, Track Your Property Tax Online, Assessor-County Clerk
Housing	
First Time Home Buyer Programs, Low Income Housing, Rental Assistance Program, Homeless Shelter, and Neighborhood Stabilization Program	

#### FACTORS AFFECTING ECONOMIC CONDITION

#### **State Economy**

California is growing slowly, and the sluggish recovery continues due to the weak labor market. The labor market had shown signs of improvement by adding jobs since the start of the year; however the 31,500 jobs created by the private sector are well below the 1.3 million jobs lost during the recession. In August, 2010 the state's unemployment rate remained high at 12.4% which is lightly less than peak unemployment rate of 12.6% recorded in March 2010. The unemployment rate is likely to remain at or above 12% for the remaining of the year. A few sectors such as healthcare, education, exports for the products in Asia are showing signs of recovery.

#### **Local Economy**

#### Unemployment

Unemployment and foreclosures are the two largest factors contributing to the sluggish economy. According to the latest economic update, few positive signs have been materialized: the sharp decline in employment levels appears to have stopped, housing prices have leveled off, and house affordability is at its highest in over one decade. However, these changes are trend reversals from previous large declines and they do not indicate an imminent improvement in economic activity. The county's economy will experience a slow and protracted recovery with the unemployment rate expected to remain in double digits, continued state and local budget shortfall and issues in housing and commercial real estate. The unemployment rate in the Riverside-San Bernardino MSA was under 14.5% in April, May and June but rose to 15.1% in July and it remains relatively high at 14.8% in August. Job creation continues to be a drag on economic activity and nonfarm employment has declined for 36 months on a year-on-year basis since August 2007. Riverside County's unemployment rate is the second highest compared to the surrounding counties.

#### FACTORS AFFECTING ECONOMIC CONDITION - Continued

#### **Unemployment Comparison**

 $Source: Employment\ Development\ Department\ (EDD)$ 

#### **Real Estate**

According to the latest economic update, housing affordability was 63% in the first quarter of 2010 and declined in the second quarter to 59%, which means that 59% of residents are able to afford the median prices home. At the current level, housing affordability is as high as in 1997, which should help the region's economy in the long-term. Housing prices exceeded \$200,000 in May, June and July partly due to the increased demand from the first time home buyers program, but they have fallen to \$195,092 in August with the termination of government programs. Single family building permits have increased by 576 in the first seven months of 2010 compared to the corresponding period in 2009. In addition, prices of new homes rose in the second quarter of 2010 but remain well below levels recorded in recent years. Foreclosures remain high at 7,274 in the fourth quarter of 2009 even though they are lower than the peak of 11,523 reached in the third quarter of 2008. Employment in logistics (transportation, warehousing and wholesale trade) has increased over the last four months and is expected to continue to grow through 2011 as trade volume rebound from rock-bottom levels.

Source: Most of the information about the state and local economy are derived from the California State University, Fullerton economists.

#### **County Budget Summary**

The County's long-term outlook for discretionary revenue is showing improvement in fiscal year 2010-11 compared to fiscal years 2009-10 and 2008-09. The County is currently projecting a smaller revenue drop than the previous year. While fiscal year 2009-10 drop was as result of 10 percent loss in property value which equaled to loss of \$100 million, fiscal year 2010-11 loss estimated around \$27 million. Most of the County's discretionary revenue is directly related to property values: 45 percent comes from property taxes, 32 percent from "motor vehicle in lieu" which is actually property tax passed through

#### **FACTORS AFFECTING ECONOMIC CONDITION - Continued**

from the state and 8 percent from penalties on delinquent property taxes. The Assessor projects a drop in assessed values for third year in a row. This expected drop of about five percent is already included in the budget.

#### **Relevant Financial Information**

Debt Advisory Committee (DAC) has been in place to provide advice to the Board on debt issuance and management.

Pension Advisory Review Committee (PARC) was established in the fall of 2003 to develop an institutional framework to help guide policy decisions about retirement benefits

*Deferred Compensation Advisory Committee* was established to assure the financial stability of the Plan through prudent monitoring of investments and costs.

*Investment Oversight Committee* was established by Board of Supervisor's Policy B-21. The Investment Oversight Committee shall cause an annual audit to be performed, and review the annual audit prior to submittal to the Board, and to review the investment policies.

#### **Financial Reporting Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Riverside for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2009. This was the twenty second consecutive years that the County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

County of Riverside has also been awarded for *Outstanding Achievement* in Popular Annual Financial Report (PAFR), which also referred to as Financial Highlights for the fiscal year ended June 2009. In order to receive an Award for *Outstanding Achievement in Popular Annual Financial Reporting*, a government unit must publish a Popular Annual Financial Report, whose contents conform to program standards of creativity, presentation, understandability and reader appeal.

#### Acknowledgments

The preparation of this Comprehensive Annual Financial Report could not be accomplished without the dedicated service of the entire staff of the Auditor-Controller's Office, especially the staff members of the General Accounting Division who devoted a lot of efforts in the preparation of this report. I also like to extend my thanks to staff members of the contributing component units and departments for their participation in the preparation of this report.

I would like to express my appreciation to the Board of Supervisors and County Executive Office for their vision and support in the planning and administration of the financial operations of the County of Riverside. Finally, I would like to thank our independent auditors, Brown Armstrong Certified Public Accountants for their efforts throughout this audit engagement.

Respectfully yours,

ROBERT E. BYRD, CGFM

#### INDEPENDENT AUDITOR'S REPORT

To the Honorable Board of Supervisors County of Riverside, California

We have audited the accompanying financial statements of governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Riverside, California, as of and for the year ended June 30, 2010, which collectively comprise the County of Riverside's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County of Riverside's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Riverside County Flood Control and Water Conservation District (the Flood Control District), Housing Authority of the County of Riverside (the Housing Authority), Riverside County Regional Park and Open-Space District (the Park District), Perris Valley Cemetery District (the Cemetery District), County of Riverside Redevelopment Agency (the RDA), and Children and Families First Commission of Riverside County (the Commission), which represent the following percentages, respectively, of the assets and revenues of the following opinion units:

Opinion Unit	Assets	Revenues	
Governmental Activities	24%	8%	
Business-Type Activities	7%	15%	
Aggregate Remaining Fund Information	7%	1%	
Discretely Presented Component Units	41%	84%	

Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as it relates to the amounts included for the Flood Control District, the Housing Authority, the Park District, the Cemetery District, the RDA, and the Commission, are based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Riverside, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the financial statements, the County of Riverside has adopted the provisions of Governmental Accounting Standards Board Statement No. 51, Accounting and Financial Reporting for Intangible Assets, and Statement No. 53, Accounting and Financial Reporting for Derivative Instruments, in 2010.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2010, on our consideration of the County of Riverside's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedules of funding progress, listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

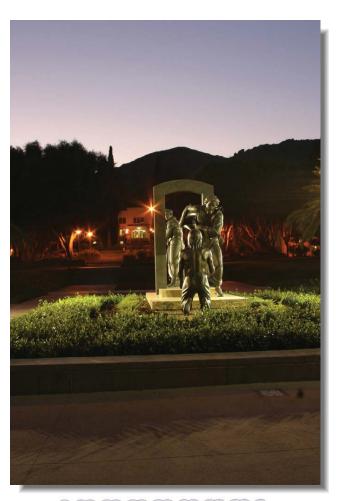

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Riverside's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, and statistical section listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

BROWN ARMSTRONG ACCOUNTANCY CORPORATION

Bakersfield, California December 1, 2010 hi. Xi

# MANAGEMENT'S DISCUSSION AND ANALYSIS

## MANAGEMENT'S DISCUSSION AND ANALYSIS

(This Page Intentionally Left Blank)

#### **MANAGEMENT'S**

#### **DISCUSSION AND ANALYSIS**

The information in this section is not covered by the Independent Auditor's Report. It is presented as required supplementary information for the benefit of the readers of the Comprehensive Annual Financial Report.

This section of the County of Riverside's Comprehensive Annual Financial Report presents a narrative overview and analysis of the County's financial activities for the fiscal year ended June 30, 2010. We encourage readers to consider the information presented here in conjunction with the Letter of Transmittal.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This management's discussion and analysis (MD&A) is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements include three components:

- Government-wide Financial Statements
- Fund Financial Statements
- Notes to the Basic Financial Statements

In addition, the following supplemental information has been included in this report:

- Other Required Supplementary Information Retirement Plan Schedules of Funding Progress
- Combining Statements for Nonmajor Governmental, Nonmajor Enterprise, and Fiduciary funds
- Combining Statements and Schedules for Special Revenue, Debt Service, Capital Projects, Permanent, Internal Service, and Fiduciary funds
- Statistical Section

**Government-wide Financial Statements** are designed to provide readers with a broad overview of County finances in a manner similar to private-sector business.

The *Statement of Net Assets* presents information on all of the County's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or declining.

The *Statement of Activities* presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (such as revenues pertaining to uncollected taxes or expenses pertaining to earned but unused vacation and sick leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education, and recreation and culture services. Governmental activities include five major funds, twenty-four nonmajor funds, and a representative allocation of the County's internal service funds. The five major Governmental funds are the General Fund, Flood Control Special Revenue Fund, Teeter Debt Service Fund, Public Facilities Improvements Capital Projects Fund, and Redevelopment Capital Projects Fund. The business-type activities of the County include two major enterprise funds, and three nonmajor funds. The major enterprise funds are the Regional Medical Center and Waste Management.

The government-wide financial statements also provide information regarding the County's component units, entities for which the County (the primary government) is considered to be financially accountable. Although blended component units are legally separate entities, they are, in substance, part of the County's operations. Accordingly, the financial information from these units is combined with financial information of the primary government.

The financial information for the Palm Desert Financing Authority (RCPDFA) and the Children and Families Commission (the Commission), both legally separate component units whose governing bodies are appointed by and serve at the will of the County, are discretely presented separately from the financial information of the primary government.

The blended component units are:

• County of Riverside Asset Leasing Corporation (CORAL)

- County of Riverside District Court Financing Corporation
- County of Riverside Bankruptcy Court Corporation
- Housing Authority of the County of Riverside
- In-Home Supportive Services Public Authority
- Redevelopment Agency for the County of Riverside
- Riverside County Flood Control and Water Conservation District (Flood Control)
- Riverside County Regional Park and Open-Space District
- Riverside County Public Financing Authority (no activity for fiscal year 2009-10)
- Riverside County Service Areas
- Inland Empire Tobacco Securitization Authority
- Perris Valley Cemetery

**Fund Financial Statements** provide information regarding the three major categories of County funds – governmental, proprietary, and fiduciary. The focus of governmental and proprietary fund financial statements is on major funds. Major funds are determined based on minimum criteria set forth in GASB Statement No. 34. Like other state and local governments, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Fund accounting is also used to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

**Governmental Funds** are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. Unlike the government-wide financial statements, governmental fund financial statements often have a budgetary orientation, are prepared on the modified accrual basis of accounting, and focus primarily on the sources, uses, and balances of current financial resources.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. The governmental funds' balance sheet and statement of revenues, expenditures, and changes in fund balances provided are accompanied by a reconciliation to government-wide financial statements in order to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains several individual governmental funds organized according to their type (general, special revenue, debt service, capital projects, and permanent funds). The governmental fund statements present the financial information of each major fund (the General Fund, Flood Control Special Revenue Fund, Teeter Debt Service Fund, Public Facilities Improvements Capital Projects Fund and Redevelopment Capital Projects Fund) in separate columns. Financial information for the remaining governmental funds (nonmajor funds) is combined into a single, aggregated presentation. Financial information for each of these nonmajor governmental funds is presented in the Supplementary Information section.

Budgetary comparison statements are also included in the fund financial statements. The statements present the County's annual estimated revenue and appropriation budgets for all governmental fund budgets except for CORAL, District Court Project, Bankruptcy Court, and the Inland Empire Tobacco Securitization Authority. The budgetary comparison statements have been provided to demonstrate compliance with their respective budgets.

**Proprietary Funds** are used to account for services for which the County charges customers – either outside customers or internal departments of the County. Proprietary funds statements provide the same type of information as shown in the government-wide financial statements with more detail. The County maintains the following two types of proprietary funds:

Enterprise funds are used to report the same functions presented as business-type activities in the
government-wide financial statements. The County uses enterprise funds to account for the Regional
Medical Center (RMC), Waste Management, County Service Areas, Housing Authority, and Flood Control.
RMC and Waste Management financial statements are reported in separate columns of the proprietary fund

statements due to the materiality criteria defined by GASB Statement No. 34. Financial information for the remaining enterprise funds (nonmajor funds) is combined into a single, aggregated presentation. Individual fund statements for County Service Areas, Housing Authority, and Flood Control are presented in the supplementary information section.

• Internal service funds are used to report activities that provide supplies and services for certain County programs and activities. The County uses internal service funds to account for its records and archive management, fleet services, information services, printing and mail services, supply services, OASIS (accounting and human resources information system), risk management, temporary assistance pool, and flood control equipment. Because these services predominantly benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund financial information for each internal service fund is provided in the supplementary information section.

**Fiduciary Funds** report assets held in a trustee or agency capacity for others and therefore cannot be used to support the County's programs nor be reflected in the government-wide financial statements. Fiduciary funds maintained by the County include a pension trust fund, investment trust funds, private-purpose trust funds, and agency funds. The fiduciary fund financial statements are presented on the economic resources measurement focus and the accrual basis of accounting.

**Notes to the Basic Financial Statements** provide additional information other than that displayed on the face of the financial statements and are essential for fair presentation of the financial information in the government-wide and fund financial statements.

**Required Supplementary Information**, in addition to this MD&A, presents schedules of retirement plan funding progress.

#### FINANCIAL HIGHLIGHTS

- At the close of the current fiscal year, the County's assets of \$7.2 billion exceeded its liabilities of \$3.4 billion resulting in \$3.8 billion net assets.
- Net assets includes \$1.5 billion of unrestricted net assets which may be used to meet the County's ongoing obligations to citizens and creditors; \$655.3 million of restricted net assets which is required by external sources or through enabling legislation to be used for specific purposes and \$1.7 billion is invested in capital assets, net of related debt.
- During fiscal year 2009-10, the County's net assets increased by \$115.8 million (net of \$52.1 million in prior year's restatement of net assets). Of this amount, \$119.3 million were from governmental activities and offset by \$3.5 million from business-type activities. The increase was chiefly due to the completion of major capital projects which increased the County's capital assets by \$468.3 million including the acquisition of Regency Tower Building of \$127.5 million. Countywide expenses of \$3.2 billion were offset by program revenues of \$2.5 billion leaving an operating deficit of \$737.4 million. The operating deficit was offset by general revenues of \$853.2 million.
- As of June 30, 2010, the total fund balances of the governmental funds were \$1.8 billion. This represents a decrease of 10.5%, or \$209.7 million, in comparison with the prior year. The decrease was a result of higher general government expenditures due to the acquisition, construction and completion of multiple capital projects, lower sales and use tax revenue, sharp decline in interest earnings, and increase in public protection services. Approximately 13.2%, or \$236.4 million, of the combined fund balances was available to meet the County's current and future needs (unreserved-undesignated fund balance).
- As of June 30, 2010, fund balance for the General Fund was \$386.5 million, or 17.3% of the total General
  Fund expenditures. This amount includes \$90.4 million of reserved fund balance and \$250.5 million of
  designated fund balance.
- The County's long-term debt showed a net increase of 3.6%, or \$89.1 million, compared to the prior year. These obligations are bonds payable, capital leases, certificates of participation, loans payable and other long term debt.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

**Analysis of Net Assets** – Net assets may serve as a useful indicator of a government's financial position. At the end of the current fiscal year, the County reported positive net assets balances for both governmental and business-type activities, with total assets exceeding liabilities by \$3.8 billion.

The County's total net assets increased by 3.1%, or \$115.8 million, during fiscal year 2009-10 compared to the prior year's increase of 8.8%, or \$294.5 million. \$119.3 million of the increase in net assets were from governmental activities and offset by \$3.5 million from business-type activities. For the prior year, \$287.4 million of the increase in net assets were from governmental activities and \$7.1 million from business-type activities. Below are the three components of net assets and their respective fiscal year-end balances:

- Invested in capital assets net of related debt represents 44.3%, or \$1.7 billion, of the County's total net assets for fiscal year 2009-10 compared to 35.3%, or \$1.3 billion, for fiscal year 2008-09. The increase is attributable to the acquisition of Regency Tower Building, construction related to Ben Clark Training Center, Smith Correctional Facility, Palm Desert and Thermal Sheriff Stations, Western Riverside and San Jacinto Valley Animal Shelters, and added infrastructure for roads, signals and drainage. This component consists of capital assets (land and easements, structures and improvements, infrastructure, and equipment) net of accumulated depreciation. The amount is further reduced by any debt attributable to the acquisition, construction, or improvement of the assets. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.
- **Restricted net assets** account for 17.2%, or \$655.3 million, of the County's total net assets for fiscal year 2009-10 compared to 24.0%, or \$876.6 million, for fiscal year 2008-09. This component of net assets represents external restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net assets account for 38.5%, or \$1.5 billion, of the County's total net assets for fiscal year 2009-10 compared to 40.7%, or \$1.5 billion, for fiscal year 2008-09. This component of the County's total net assets may be used to meet the County's ongoing obligations to citizens and creditors. Of the unrestricted net assets for fiscal year 2009-10, \$1.4 billion is from governmental activities and \$72.4 million is for business-type activities compared to \$1.4 billion for governmental activities and \$80.2 million for business-type activities for the prior year.

The table below provides summarized data from the Statement of Net Assets of the County for June 30, 2010 as compared to the prior year:

#### Statement of Net Assets As of June 30 (in thousands)

	Governmental Activities		Business-type Activities		Total		Increase/
							(Decrease)
	2010	2009	2010	2009	2010	2009	%
Current and other assets	\$3,295,758	\$3,481,253	\$ 315,817	\$ 325,420	\$3,611,575	\$3,806,673	-5.1%
Capital assets	3,301,367	2,849,332	271,608	255,389	3,572,975	3,104,721	15.1%

Unrestricted	1,395,141	1,402,813	72,397	80,238	1,467,538	1,483,051	-1.0%
Total net assets	\$3,594,358	\$3,431,923	\$ 219,684	\$ 214,252	\$3,814,042	\$3,646,175	4.6%

#### **Governmental Activities**

Revenues: The County's governmental activities rely on the following sources of revenue to finance ongoing operations:

- Operating Grants and Contributions are revenues received from parties outside of the County, such as state and federal agencies, and are generally restricted to one or more specific programs. These revenues were the largest governmental activities revenue source for fiscal year 2009-10 with a total of \$1.4 billion being recognized. Public Assistance received 56.9% of the governmental activity funding for fiscal year 2009-10 compared to 54.7% of the governmental activity funding from this source in the prior year. Public Protection received 15.6% of the governmental activity funding for fiscal year 2009-10, compared with 17.1% for fiscal year 2008-09.
- A total of \$567.3 million was earned as governmental activity charges for services compared to \$556.0 million for fiscal year 2008-09. Charges for services are revenues that arise from charges to external customers or applicants who purchase, use, or directly benefit from the goods, services, or privileges provided. Public Protection, which is primarily generated through contracted law enforcement services provided by the Sheriff's Department to various local governments, generated 58.4% of this revenue source, compared to 56.0% from the prior year. General government generated 24.8% compared to 25.8% for prior year.
- Capital Grants and Contributions resulted in the least amount of program revenue from governmental activities with \$31.1 million earned for fiscal year 2009-10 compared to \$29.8 million earned for fiscal year 2008-09. This revenue category accounts for grants and contributions received for the restricted use of capital acquisition. In fiscal year 2009-10, 95.2% of the revenue, or \$29.6 million, as compared to 95.4%, or \$28.4 million, for fiscal year 2008-09, was received for public ways and facilities programs and is primarily related to the construction and acquisition of infrastructure capital assets.
- General revenue related to governmental activities primarily consists of taxes, other revenues, and investment earnings. Property tax revenue is the largest governmental activities general revenue with \$440.3 million recognized during the year, as compared to \$506.2 million for fiscal year 2008-09. Investment earnings harshly decreased by 67.3%, from \$87.0 million to \$29.0 million, as a result of continual declines in interest earnings reflecting rate cuts by the Federal Reserves. Motor vehicle in-lieu of taxes revenue decreased 10.0% from \$273.8 million in fiscal year 2008-09 to \$246.5 million in fiscal year 2009-10.

Expenses: Total program expenses for governmental activities were \$2.7 billion for the current fiscal year, an increase of 0.4%, or \$10.9 million as compared to prior fiscal year. 39.4%, or \$1.1 billion, of total governmental activities expenses were for Public Protection; 30.4%, or \$820.6 million, for Public Assistance; 12.9%, or \$347.6 million, for Health and Sanitation; and 12.0%, or \$323.9 million, for General Government.

#### **Business-type Activities**

Revenues: The County has two major business-type activities: The Riverside County Regional Medical Center (RMC), and Waste Management. In addition, Flood Control, County Service Areas, and Housing Authority are included in the business-type activities of the County. Business-type activities recover all or a significant portion of their costs through user fees and charges and provide services primarily to non-County entities. For the current year, 99.8%, \$501.5 million, of business-type activities program revenue was received from charges for services, a percentage consistent with the prior fiscal year. The majority of this revenue, \$367.3 million, was received by RMC as compared to \$360.6 million for the prior fiscal year.

Expenses: Total expenses for business-type activities were \$525.1 million for the fiscal year compared to \$525.8 million for the prior fiscal year. This represents a decrease of merely 0.1%, or \$0.8 million. 74.3%, or \$390.0 million, of total expenses were incurred by RMC compared to 72.1%, or \$379.3 million, for the prior fiscal year. In addition, expenses for the Housing Authority were 15.5% of total expenses for business-type activities, or \$81.4 million, compared to prior fiscal year's expenses of 15.4%, or \$81.1 million; Waste Management Department was 9.5%, or \$50.0 million, compared to 11.6%, or \$61.1 million, the prior fiscal year. Flood Control and County Service Areas account for the remaining 0.7% of expenses compared to 0.8% for the prior fiscal year.

The following table provides information from the Statement of Activities of the County for the fiscal year 2009-10, as compared to the prior year:

## STATEMENT OF ACTIVITIES For the Fiscal Year Ended June 30 (In thousands)

#### FINANCIAL ANALYSIS OF FUND STATEMENTS

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements.

#### **Governmental Funds**

The focus of the County's governmental funds is to provide information on the sources, uses, and balances of current financial resources. Such information is useful in assessing the County's short-term financial requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the County include the General Fund, Special Revenue Funds, Capital Project Funds, Debt Service Funds, and Permanent Funds. As of June 30, 2010, the County's governmental funds reported combined fund balances of \$1.8 billion, a decrease of \$209.7 million, in comparison with the prior year. Of this total amount, \$864.3 million constitutes *unreserved fund balance*, which is available for spending at the County's discretion. The remainder of fund balance, \$928.8 million is *reserved* to indicate that it is *not* available for new spending because it has been restricted for:

• Various County programs: \$160.6 million

• Outstanding debt service: \$99.0 million

• Liquidation of current contractual commitments: \$478.9 million

• Other smaller restrictions: \$190.3 million

Total governmental fund revenue decreased by 4.2%, or \$123.2 million, from the prior fiscal year with \$2.8 billion being recognized for the fiscal year-ended June 30, 2010. Expenditures increased by 1.6%, or \$47.8 million, from the prior fiscal year with \$3.1 billion being expended for governmental functions during fiscal year 2009-10. Overall, governmental fund balance decreased by 10.5%, or \$209.7 million. In comparison, fiscal year 2008-09 had a decrease in governmental fund balance of 6.4%, or \$137.5 million, over fiscal year 2007-08.

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, the General fund unreserved fund balance was \$296.1 million, as compared to \$280.9 million for the prior fiscal year. The current year fund balance was \$386.5 million as opposed to \$372.1 million for the prior year. The increase of \$14.4 million or 3.9% was a result of a significant reduction in General Fund expenditures, such as general government, public protection, and health and sanitation, although secured property tax levy and interest earnings drastically decreased in current year. As a measure of the General Fund's liquidity, it is useful to compare both unreserved fund balance and total fund balance to total fund expenditures. The current year unreserved fund balance is 13.3% of the total General Fund expenditures of \$2.2 billion, as compared to 12.0% of the prior year expenditures total of \$2.4 billion. The total fund balance of the General Fund for the current year is 17.3% of the total General Fund expenditures as compared to 15.8% for the prior year.

<u>Flood Control</u> fund balance increased by 5.7%, or \$13.0 million, from \$228.9 million in fiscal year 2008-09 to \$241.9 million in fiscal year 2009-10 as a result of an excess of revenues over expenses in current year operating activities.

<u>Teeter Debt Service</u> fund taxes receivable balance increased by 12.6%, or \$12.7 million, from \$100.6 million in fiscal year 2008-09 to \$113.3 million in fiscal year 2009-10, due to lower delinquent taxes collected in fiscal year 2009-10. Teeter notes payable decreased by 3.5%, or \$9.3 million, from \$266.6 million in fiscal year 2008-09 to \$257.3 million in fiscal year 2009-10 due to decrease in actual borrowing based on delinquency property tax analysis.

<u>Public Facilities Improvements Capital Projects</u> fund balance decreased from \$538.4 million to \$338.7 million, 37.1% or \$199.8 million. The decrease in fund balance is attributable to the acquisition of Regency Tower Building and the utilization of the reserve for construction account to reimburse costs of multiple capital projects such as the correctional facility expansion, animal shelter, family clinics, and hub jail; a decrease in other revenue due to slower housing development; and a decrease in interest earnings due to a significant drop in interest rates caused by the sluggish economy.

<u>Redevelopment Capital Projects</u> fund balance decreased from \$305.7 million to \$268.3 million, 12.2% or \$37.4 million. The change was a result of lower tax revenues received and higher utilization of funds for public improvements, commercial projects, housing, and rehabilitation of properties.

#### **Proprietary Funds**

The County's proprietary funds financial statements provide the same type of information as the government-wide financial statements, but in more detail. The Regional Medical Center and Waste Management are shown in separate columns of the fund statements due to materiality criteria as defined by GASB. In addition, the internal service funds are combined into a single, aggregated, presentation in the proprietary fund statements with the individual fund data provided in the combining statements which can be found in the supplemental information section.

At the end of the fiscal year, total proprietary fund net assets were \$383.9 million, compared to \$384.2 million as restated for prior fiscal year. Total proprietary fund net assets decreased by 0.1% or \$0.3 million, compared to 13.0%, or \$43.1 million, increase for the prior fiscal year.

Of the year-end balances, unrestricted net assets were as follows:

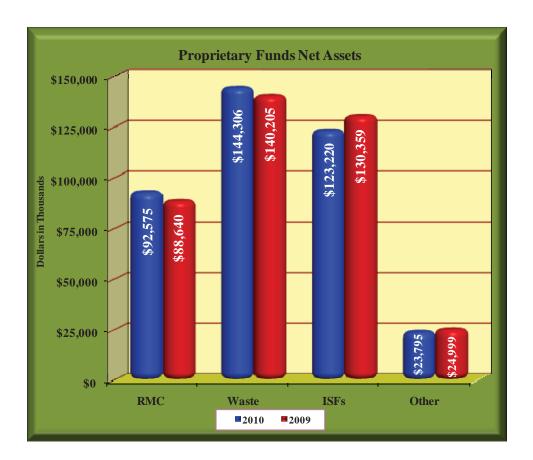

• Riverside County Regional Medical Center: \$49.0 million

• Waste Management: \$54.0 million

Other enterprise fund activities: \$10.4 million
 Internal service fund activities: \$103.8 million

RMC's net assets increased from \$88.6 million to \$92.6 million, 4.4%, or \$3.9 million. The increase is attributable to higher net patient revenue and lower operating loss result in fiscal year 2009-10.

Waste Management's net assets increased from \$140.2 million, as restated, to \$144.3 million. The increase was a result of fund balance restatement of \$6.8 million and a significant decreased in operating expenses due to reduced staffing and early retirement.

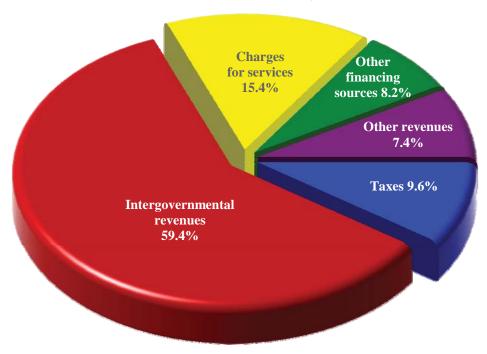

#### GENERAL FUND FINANCIAL ANALYSIS

Revenues and other financing sources for the General Fund, including comparative amounts from the preceding year are shown in the following tabulation (in thousands):

Revenues and Other Financing Sources	Fiscal Year 2009-10	Percent of Total	Fiscal Year 2008-09	Percent of Total	Variance
Taxes	\$ 229,631	9.6%	\$ 274,480	11.3%	-16.3%
Intergovernmental revenues	1,414,349	59.4%	1,476,356	60.6%	-4.2%
Charges for services	367,249	15.4%	364,649	15.0%	0.7%
Other revenue	176,340	7.4%	199,707	8.3%	-11.7%
Other financing sources	194,851	8.2%	122,571	5.0%	59.0%
Total	\$ 2,382,420	100.0%	\$ 2,437,763	100.0%	-2.3%

The decrease in tax revenue was attributable to a sharp decline in secured and supplemental property taxes and a decrease in sales and use taxes. The decrease in intergovernmental revenue was primarily attributable to a decrease in motor vehicle in-lieu of tax, a reduction in Proposition 172 public safety sales tax, an unexpected decrease in mandated client service programs provided by the Department of Public Social Services (DPSS), and a decrease in reimbursement through the Mental Health Service Act (MHSA) and Mental Health managed care from the State. The slight increase in charges for services was primarily the result of increased revenues from city law enforcement contracts with the Sheriff Department and new city fire protection contracts with the Fire Department. Other revenue decreased due to sharp declines in interest earnings.

COUNTY OF RIVERSIDE
General Fund Revenues and Other Financing Sources
For The Year Ended June 30, 2010

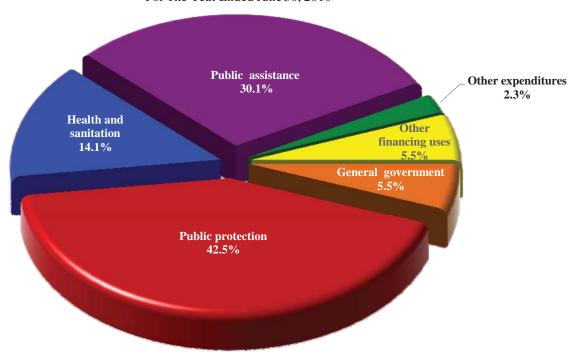

Expenditures and other financing uses for the General Fund, including comparative amounts from the preceding year, are shown in the following tabulation (in thousands):

Expenditures and Other Financing Uses	Fiscal Year 2009-10	Percent of Total	Fiscal Year 2008-09	Percent of Total	Variance
General government	\$ 130,516	5.5%	\$ 146,816	5.8%	-11.1%
Public protection	1,005,679	42.5%	1,062,437	41.7%	-5.3%
Health and sanitation	333,068	14.1%	382,588	15.0%	-12.9%

Other expenditures	53,757	2.3%	50,530	2.0%	6.4%
Other financing uses	132,682	5.5%	185,719	7.3%	-28.6%
Total	\$ 2,368,055	100.0%	\$ 2,547,418	100.0%	-7.0%

The decrease of expenditures in general government was attributable to a reduction in salaries and benefits due to furloughs and position vacancies. Additionally, the Economic Development Agency (EDA) Real Estate Division had a reduction in lease, maintenance, and tenant improvement costs. The decrease of expenditures in public protection was mainly attributable to Sheriff, District Attorney, Fire, Public Defender, Animal Services, and Planning. Sheriff increased staffing efficiencies resulting in lower overtime costs. Additionally, Sheriff had a reduction of firearms and communication equipment. District Attorney decreased salaries and benefits through early retirements, attrition, and significantly fewer temporary employees. Additionally, District Attorney reduced lease and carpool expenditures. Fire reduced their State contract for fire protection services. Public Defender, Animal Services, and Planning had reductions in salaries and benefits due to furloughs and position vacancies. The decrease of expenditures in health and sanitation was attributable to the Community Health Agency and Mental Health. The Community Health Agency decreased costs due to furloughs, personnel reductions, professional services reductions, and loss of funding from the State. Mental Health decreased cost in salaries, tenant improvements, and equipment purchases. The decrease in public assistance was attributable to a reduction in staffing level, a smaller caseload due to newly implemented work participation regulations, and fewer tenant improvement projects for DPSS.

COUNTY OF RIVERSIDE
General Fund Expenditures and Other Financing Uses
For The Year Ended June 30, 2010

#### GENERAL FUND BUDGETARY HIGHLIGHTS

This section provides a summary of the primary factors attributing to the General Fund variances between 1) the original and the final amended budget and 2) the final amended budget and the actual revenue and expenditure amounts. The budgetary comparison statement displays the details of the comparison and is included in the governmental fund statements section.

#### Variance between General Fund Original Adopted and Final Amended Budget

#### **Estimated Revenue Variances**

The original General Fund estimated revenue budget decreased by \$125.0 million, or 5.0%, from \$2.5 billion to the final amended revenue budget of \$2.4 billion. The \$125.0 million represents a decrease of \$78.8 million in charges for services, \$21.6 million in taxes, \$10.6 million in aid from other governmental agencies, \$9.1 million in rents and concessions, and \$5.1 million in other revenue.

<u>Charges for Current Services</u>: The net decrease of \$78.8 million, or 16.2%, for charges for current services was mainly the result of intergovernmental activities. Sheriff had a decrease of \$2.7 million from contract city and school services.

<u>Taxes</u>: The budget for taxes had a net decrease of \$21.6 million, or 8.8%, which consisted of a \$9.4 million decrease in current secured property taxes, a \$9.2 million decrease in sales and use taxes, and a \$3.0 million decrease in prior year supplemental property taxes.

Aid from Other Governmental Agencies: Aid received from other governmental agencies decreased by \$10.6 million, or 0.7%, and consisted of the following: Federal aid increased by \$12.5 million, State aid decreased by \$26.1 million, and other government aid increased by \$3.0 million. Increases in Federal aid include an increase to Fire by \$6.1 million for the State Fire Assistance Grant, the American Recovery and Reinvestment Act (ARRA) Grant for treatment of fuels, the United States Department of Homeland Security Grant, and other grants. Federal aid increased through Sheriff by \$7.4 million mainly for the ARRA Edward Byrne Memorial Justice Assistance Grant (JAG) award, the Solving Cold Cases with DNA Grant, the High Intensity Drug Trafficking Areas (HIDTA) Grant, the ARRA Cops for Rehiring Grant, and other grants. The decrease in State aid includes a \$15.2 million loss in Proposition 172 sales tax revenue primarily for Sheriff, District Attorney, Probation, and Fire. Other decreases in State aid include DPSS for \$13.0 million mainly due to reductions in public assistance programs, administration for child care services, foster care services, the adoption assistance program, the Cal WORKS program, and other State programs. The decrease in State aid was offset by an increase of \$1.4 million in MHSA funding for Mental Health. The increase in other governmental aid is a \$3.0 million growth in contract redevelopment revenue estimated for the Auditor-Controller.

<u>Rents and Concessions</u>: The budget for rents and concessions had a net decrease of \$9.1 million, or 29.8%, due to a decrease in building lease rates for departments.

<u>Other Revenue</u>: The decrease in other revenue of \$5.1 million, or 10.6%, was primarily the result of a reclassification of operating transfers to other financing sources.

#### **Expenditure Appropriation Variances**

The original General Fund appropriation budget decreased by \$153.7 million, or 5.9%, from \$2.6 billion to the final amended appropriation budget of \$2.5 billion. The significant appropriation changes were a decrease of \$85.4 million in general government, a decrease of \$41.3 million in public assistance, and a decrease of \$33.4 million in debt service offset by an increase of \$4.9 million in public protection and an increase of \$1.5 million in health and sanitation. The major appropriation variances are described below.

<u>General Government:</u> The appropriation budget decreased by \$85.4 million, or 31.8%, from the original budget of \$268.5 million to \$183.1 million. The following information describes the significant factors for the variances:

• Salaries and employee benefits decreased by \$2.0 million, or 1.7%, mainly due to intergovernmental activities and salary savings from furloughs and vacant positions.

- Services and supplies increased by \$7.6 million, or 5.5%, mainly due to increases by Executive Office, EDA, and Registrar of Voters. Executive Office increased by \$1.9 million due to a court order for the County to pay court reporters and \$1.1 million due to a reimbursement for computer consultation and lease payment to EDA Facilities Management. EDA Energy Management increased by \$1.7 million mainly due to the increase in utility rates. Registrar of Voters increased by \$0.8 million due to the addition of three unscheduled elections.
- Other charges decreased by \$65.9 million, or 63.4%, mainly due to a decrease in rent, a decrease in contributions to other funds by the Executive Office, and intergovernmental activities.
- Capital assets increased by \$2.2 million, or 555.3%, mainly due to an increase of \$1.5 million for the Energy Efficiency and Conservation Block Grant (EECBG) by EDA Energy Management.
- Intrafund transfers decreased by \$4.7 million, or 3.9%, mainly due to payroll services and utility rate increases.
- Appropriation for contingencies decreased by \$22.7 million, or 75.8%. The contingency budget covers current and potential general fund liabilities. During the year, the major liabilities covered were a \$20.2 million decline in discretionary revenue, a \$15.2 million shortfall in proposition 172 sales tax revenue, a \$3.0 million increase in court costs, and \$2.0 million increase in salaries for Public Defender. This was offset by an increase of \$19.2 million in funding for DPSS. Discretionary revenues including property and sales taxes had to be reduced due to the economic downturn, resulting in a reduction of appropriation for contingency to offset losses.

<u>Public Assistance</u>: The appropriation budget decreased by \$41.3 million, or 5.1%, from the original budget of \$815.5 million to \$774.2 million. The following describe the significant factors for the variances:

- Salaries and employee benefits decreased by \$22.3 million, or 8.9%, mainly due to DPSS with salary savings transferred to contingency.
- Services and supplies decreased by \$7.7 million, or 8.1%, mainly due to the cancellation of projects and effort to conserve funding by DPSS.
- Other charges decreased by \$22.1 million, or 4.6%, mainly due to a decrease of \$12.8 million in DPSS which had slower than projected caseload growth in federal medical assistance, adoptions assistance, foster care, and group homes. Probation had a decrease of \$8.8 million due to a shift of expenses to DPSS for group home placement.
- Capital Assets increased by \$2.0 million, or 2,800.0%, mainly due to the purchase of computer equipment for DPSS.
- Intrafund transfers decreased by \$8.8 million, or 99.0%, mainly due to the discontinuance of group home placement in Probation.

<u>Public Protection</u>: The appropriation budget increased by \$4.9 million, or 0.5%, from the original budget of \$1.1 billion. The following information describes the significant factors for the variances:

- Salaries and employee benefits decreased by \$3.2 million, or 0.5%, mainly due to a decrease of \$12.0 million mainly for savings as a result of furloughs and position vacancies in all public protection departments. The decrease was primarily offset by increases of \$4.6 million by District Attorney to fund early retirements, \$3.6 million by Sheriff to fund early retirements and additional funded positions through grants and city contracts, and \$2.0 million by Public Defender to fill critical attorney and investigator positions.
- Services and supplies increased by \$10.6 million, or 3.4%, mainly due to Fire, Sheriff, Probation, Executive Office, and Public Defender. Fire increased by \$5.1 million due to increased fire and grant contract services. Sheriff increased by \$2.2 million mainly due to city contract law enforcement, grant awards, and professional services. Probation increased by \$1.5 million primarily due to facilities maintenance, improvements, and grants. Executive Office increased by \$1.2 million mainly due to the completion of projects at the Hall of Justice and the Larson Justice Center and services for confidential court orders.

- Other Charges decreased by \$5.3 million, or 11.0%, mainly due to a decrease of \$7.6 million for intergovernmental activities primarily offset by a \$1.6 million increase in Sheriff for the rehabilitation of the Crestmore Heights building.
- Capital Assets increased by \$2.9 million, or 55.8%, mainly due to an increase to Fire of \$1.3 million primarily for the purchase of an integrated trucking system and the continued work on the Narrow Banding Project.

<u>Health and Sanitation</u>: The appropriation budget increased by \$1.5 million, or 0.4%, from the original budget of \$394.5 million to \$396.1 million. The following describe the significant factors for the variances:

- Salaries and employee benefits decreased by \$4.0 million, or 2.0%, mainly due to furloughs and position vacancies in the Community Health Agency. These one-time funds were transferred to upgrade the Environment Health information management system.
- Services and supplies increased by \$5.8 million, or 5.3%, mainly due to increases in the Community Health Agency and Mental Health. The increase of \$5.0 million to the Community Health Agency includes the non-closure of two clinics, a \$1.7 million increase for the Environmental Health system upgrade, maintenance services, a \$1.0 million increase in collections for drunken driving convictions, and other grant revenue. Mental Health had an increase of \$0.9 million mainly for the purchase of a Behavioral Health Information System (BHIS).

#### Variance between General Fund Actual Revenues and Expenditures and Final Amended Budget

During the year, the General Fund had a positive budget variance of approximately \$51.8 million resulting from unexpended appropriations of \$220.7 million, or 9.0%, and overestimated revenue of \$168.9 million, or 7.2%. The following contributed to the variance:

#### **Expenditure Variances**

General Fund actual expenditures of \$2.2 billion were 9.0%, or \$220.7 million, less than the final amended appropriation budget of \$2.5 billion. Health and sanitation, public assistance, public protection, general government, and debt service were the five most significant factors attributing to the unexpended appropriations as follows:

<u>Health and Sanitation</u>: Actual expenditures of \$333.1 million were less than the final amended budget of \$396.1 million by \$63.0 million, or 15.9%. The following describe the significant factors for the variances:

- Salaries and employee benefits were \$23.2 million, or 12.0%, less than budgeted primarily due to Mental Health and the Community Health Agency. Mental Health had savings of \$17.0 million mainly due to furlough savings, vacant positions that were left unfilled attributable to the hiring freeze, and salary reduction for per diem psychiatrists. The Community Health Agency had savings of \$9.7 million due to vacant positions and furlough savings.
- Services and supplies were \$23.6 million, or 20.8%, less than budgeted primarily due to a \$13.5 million savings in the Community Health Agency. Agency support costs were lower than budgeted due to various cost reductions in the support areas and the postponement for the Emergency Medical Services (EMS) improvement. Mental Health had a savings of \$9.4 million due to a delay in the implementation of the MHSA Workforce Education and Training (WET) program and a lesser requirement for IT support.
- Other charges were \$20.7 million, or 10.8%, less than budgeted primarily due to Mental Health, the Community Health Agency, and the Executive Office-Contribution to Health and Mental Health. Mental Health had savings of \$15.9 million due to private care provider contracts performing fewer children's services than anticipated, client housing support and full service partnerships (FSP) operating at less than full capacity, and pending cost report settlements not paid until the following fiscal year. The Community Health Agency had savings of \$3.7 million mainly due to a decrease in lease rates and less than expected payments to contract providers. The Executive Office-Contribution to Health and Mental Health had savings of \$1.4 million due to lower than anticipated motor vehicle license fee (VLF) allocation from the State.
- Capital Assets were \$1.2 million, or 62.5%, less than budgeted due to the Community Health Agency with \$1.1 million savings partially attributed to the delay in the purchase of computer equipment.

• Intrafund transfers were \$5.7 million, or 5.5%, less than budgeted primarily due to the Community Health Agency and Mental Health. The Community Health Agency had a variance of \$4.5 million attributed to lower reimbursements due to cost reduction and furloughs.

<u>Public Assistance:</u> Actual expenditures of \$712.4 million were less than the final amended budget of \$774.2 million by \$61.8 million, or 8.0%. The following describe the significant factors for the variances:

- Salaries and employee benefits were reduced by \$17.0 million, or 7.5%, less than budgeted mainly due to furloughs and reduction in staffing levels by DPSS to meet budget cuts.
- Services and supplies were \$13.0 million, or 14.9%, less than budgeted primarily due to DPSS reducing
  costs to meet budget constraints. The savings reflect tenant improvement reductions in the following
  projects: Lake Elsinore, Hemet CPS, Hemet TAMD/GAIN, and 901 Ramsy Banning. Costs reduced also
  include a cutback in office supplies, a cut in temporary employees due to the STEP program, and savings
  from renegotiated leases.
- Other charges were \$30.6 million, or 6.7%, less than budgeted primarily due to DPSS with a net decrease of \$31.2 million. The savings was due to the redistribution of Federal Medical Assistance Payment (FMAP) rates, the increase in reimbursements for the group home placement rate, and reduction of costs in the Foster Family Agency (FFA).
- Capital assets were \$1.1 million, or 51.2%, less than budgeted due to computer and communication equipment being purchased rather than financed for DPSS.

<u>Public Protection:</u> Actual expenditures of \$1.0 billion were less than the final amended budget of \$1.1 billion by \$57.8 million, or 5.4%. The following describe the significant factors for the variances:

- Salaries and employee benefits were \$16.3 million, or 2.3%, less than budgeted primarily due to Sheriff, Probation, and the Department of Child Support Services (DCSS). Sheriff had savings of \$8.9 million due to early retirements and newly hired deputies which reduced overtime. Due to vacant positions and reduced temporary assistance, Probation had a salary savings of \$3.1 million. DCSS had savings of \$1.3 million mainly due to furloughs and vacancies.
- Services and supplies were \$29.6 million, or 9.1%, less than budgeted due to Fire, Sheriff, Public Defender, Executive Office, Animal Services, and County Clerk-Recorder. Fire had savings of \$21.1 million due to less than expected costs for CAL FIRE, contract partners, special program expense, equipment usage, weed abatement, professional services, fuel, protective gear, and medical and dental supplies. Sheriff had savings of \$5.4 million primarily due to less than expected costs for aircraft maintenance, aviation fuel, building maintenance, and support services. Public Defender had savings of \$1.2 million primarily from building maintenance and improvements, micrographic services, and office equipment. Executive Office had savings of \$1.2 million primarily from less than expected trial court funding costs. Due to loss of revenue, Animal Services had savings of \$1.1 million in administrative support, pharmaceuticals, animal feed, and communication services. County Clerk-Recorder had savings in software maintenance, micrographic services, and professional services of \$0.8 million mainly due to projects being carried into next fiscal year because of the lack of staff and budget concerns.
- Other charges were \$9.6 million, or 22.4%, less than budgeted due to Executive Office-Contribution to Trial Court, County Clerk Recorder, and Sheriff. Executive Office-Contribution to Trial Court had a \$1.3 million savings due to a lower Maintenance of Effort (MOE) payment. County Clerk-Recorder had savings of \$1.1 million due to delays in the clerk system upgrade, the recorder system upgrade, and the SB1287 Fraud Prevention Project. Sheriff had savings of \$1.1 million primarily due to reductions in building improvements.
- Capital assets were \$4.8 million, or 59.9%, less than budgeted due to Fire, Sheriff, and County Clerk-Recorder. Fire had savings of \$2.0 million mainly due to the purchase deferral of a fire engine and communication equipment. Sheriff had savings of \$1.5 million mainly due to patrol extending vehicle usage and not purchasing new vehicles and communication equipment. County Clerk-Recorder had savings of \$0.9 million in the purchase of an electronic recording system.
- Intrafund transfers were \$2.5 million, or 26.0%, less than budgeted primarily due to intergovernmental activities.

<u>General Government:</u> Actual expenditures of \$130.5 million were less than the final amended budget of \$183.1 million by \$52.6 million, or 28.7%. The following describe the significant factors for the variances:

- Salaries and employee benefits were \$10.3 million less, or 9.2%, below budget primarily due to vacant positions at EDA for a savings of \$6.6 million. The department accommodated the required budget cuts and hiring restrictions by filling budgeted permanent positions with temporary employees and not filling all vacant positions. Human Resources had savings of \$2.0 million due to reduction in staff, furloughs, and vacant positions. Other General Government departments had similar savings of a lesser proportion.
- Services and supplies were \$25.3 million, or 17.2%, less than budgeted mainly due to EDA, Executive Office, Treasurer-Tax Collector, and Assessor. EDA accounts for approximately \$15.3 million of the variance mainly due to increased budgeted amounts for new leases or the renewal of leases, less than expected tenant improvements costs, and a decrease in project requests from County departments. Executive Office accounts for \$5.9 million mainly due to savings in construction contracts and communication equipment. Treasurer-Tax Collector had savings of \$1.9 million due to reduction in expenses for auditors and enhancement upgrades. Assessor had savings of \$1.2 million due to reductions in data processing services and postage mail services.
- Other charges were \$25.0 million, or 65.7%, less than budgeted due to intergovernmental activities. Contributions to other funds were less than projected due to the collection of revenue from recording and filing court fees and property taxes being less than expected.
- Capital assets were \$2.3 million, or 86.3%, less than budgeted mainly due to the Energy Efficiency and Conservation Block Grant (EECBG) for EDA which was deferred to the next year.
- Intrafund transfers were \$17.5 million, or 14.2%, less than budgeted primarily due to EDA. EDA acquires reimbursements for maintenance, real estate, and other project services provided to General Fund departments. Lease reimbursements were lower than projected due to leases being renegotiated at lower amounts or leases that expired and were not renewed. Reimbursements for project services were lower than anticipated because fewer services were requested by County departments than were originally projected, due to the slowing economy.
- Appropriations for Contingencies are budgeted by the Board of Supervisors based on Executive Office recommendations for potential liabilities from General Fund appropriations. During the fiscal year, the Board budgeted \$30.0 million for any such potential liabilities.

<u>Debt Service</u>: Actual expenditures of \$21.9 million were less than the final amended budget of \$38.2 million by \$16.3 million, or 42.8%, primarily due to a decrease in principal payments.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

## **Capital Assets**

As of June 30, 2010, the County's capital assets for both its governmental and business-type activities amounted to \$3.6 billion (net of accumulated depreciation). The capital assets include land and easements, land improvements, construction in progress, equipment, and infrastructure. The County's infrastructure consists of channels, storm drains, levees, basins, roads, traffic signals, bridges, runways, parks, park trails, and landfill liners. The County's capital assets increased by 15.1%, or \$468.3 million, from \$3.1 billion in fiscal year 2008-09 to \$3.6 billion in fiscal year 2009-10.

The increase of the County's capital assets was primarily due to construction in progress projects. Construction in progress rose from \$486.1 million in fiscal year 2008-09 to \$696.4 million in fiscal year 2009-10, a 43.3% increase. The 2010 balance includes additions of \$296.7 million, retirements of \$3.1 million, and transferred or completed projects of \$90.1 million. Structures and improvements increased by 29.0% as a result of acquisitions such as the downtown law buildings referred to as the Regency Tower by the Economic Development Agency.

In fiscal year 2009-10, new major projects budgeted for construction and design included the following: Mecca Boys and Girls Club with a budgeted amount of \$6.3 million will be a 30,000 square-foot youth recreation and counseling center. Riverside Centre Building Renovation budgeted at \$3.2 million and \$1.6 million for the building's fourth floor tenant improvement project. Mecca Downtown Street Revitalization Project at a budget amount of \$2.7 million,

as well as \$2.4 million for the Mead Valley Road Improvement Project Phase 3. These projects are intended to eliminate blighted conditions by rehabilitating deteriorated infrastructure and provide necessary improvements within the communities. Energy projects include the Rubidoux Fleet Services solar shade structure for \$1.4 million, the County Farm central plant chiller upgrade for \$1.4 million, and \$1.1 million for the Riverside County Administrative Center Parking Structure Solar Project.

#### **Construction in Progress**

#### Additions to Construction in Progress for Fiscal Year 2009-10:

In fiscal year 2009-10, additions in the amount of \$296.7 million consisted of costs related to existing projects and new projects.

Existing project costs include the following:

- The Economic Development Agency incurred \$135.8 million in costs for projects such as the 77,000 square foot Thermal Sheriff Station that will serve Eastern Coachella Valley and is 85 percent complete. Smith Correctional Facility 3<sup>rd</sup> expansion project in the City of Banning, as well as the Palm Desert Sheriff Station, one of the largest sheriff stations in Riverside County. Two new animal shelters, the Western Riverside Animal Shelters, which will be one of the largest animal shelters in the Inland Empire and Southern California, as well as the San Jacinto Valley Animal Shelter.
- Roads and signal infrastructures additions were \$63.2 million.
- Riverside County Regional Medical Center's Siemens Hospital Information System costs for the year were \$4.8 million. They also incurred \$2.6 million for the design and construction of an 84 bed Mental Health Facility, as well as \$2.5 million for the design and construction for the Emergency Department Expansion.
- Lake Skinner and Rancho Jurupa Parks incurred \$7.1 million in enhancements for water play splash pads, trails, and stages.

New project costs include the following:

- Public Safety Enterprise Communication experienced \$24.4 million in addition of radio communication sites. This project is to expand the County's radio tower network to approximately 70 locations and increase emergency telecommunication coverage to about 95 percent. The expansion of the systems capabilities and its associated infrastructure will help ensure the safety of the public and our safety officers.
- Roads and signal infrastructures additions were \$12.1 million.
- The Economic Development Agency experienced new projects in the amount of \$11.4 million. \$9.3 million for the Rubidoux Youth Opportunity Center and Rubidoux Boxing Club Project and \$2.1 million for the Jurupa Self Sufficiency Center, a 52,000 square foot facility that provides direct social services, employment training, and case management for clients of the Department of Public Social Services.
- Flood incurred \$6.6 million in new projects consisting of the Belltown Market Street Storm Drain, Stage 1 and the Calimesa Line L Storm Drain, intended to provide improved flood protection to existing residences, existing commercial development, and public roads.

#### **Construction in Progress Transfers:**

Completed construction in progress projects of approximately \$90.1 million were transferred from construction in progress to other designated capital asset accounts during fiscal year 2009-10. The major projects were as follows:

• \$57.8 million was transferred to structures and improvements. Examples include the Perris Sheriff's Complex and Family Care Clinic for \$29.8 million, the Ben Clark Training Center Drill Grounds Infrastructure for \$3.9 million, and \$2.6 million for the addition of 52 temporary modular classroom trailers to serve the training academies at the Ben Clark Training Center for Sheriff, Fire, and California Highway Patrol. \$2.3 million for the security camera systems for both the Riverside and Indio Juvenile Halls. \$1.9 million for the Western Coachella Valley Multi-Service Center in North Palm Springs and \$1.4 million for the Gilman Historic Ranch and Wagon Museum Expansion in Banning to accommodate the school population for educational field trips.

• \$27.6 million was transferred to infrastructure. This included flood channels such as San Sevaine for \$8.3 million, Salt Creek for \$1.8 million, and the Norco Master Drainage Plan Line NA-S, Stage 2 consisting of 4,660 lineal feet of various sized underground storm drain for \$1.2 million. \$6.8 million in costs were incurred for the Edom Hill Sanitary Landfill closure construction. The Cajalco Road Resurfacing Project from La Sierra Avenue to Temescal Canyon Road for \$2.9 million and the drainage improvements project on Jamaica Sands Drive and Trinity Circle in the Bermuda Dunes area for \$1.3 million, both part of the Transportation Department. The ADA Paving Improvements Phase 3 project at the County's Fairground in Indio for \$2.7 million and \$2.0 million for construction of electrical upgrades at the Jacqueline Cochran Regional Airport by the Economic Development Agency, Aviation Division.

#### **Land and Easements**

Additions of \$18.3 million in land were processed this fiscal year. Flood incurred additions of \$7.3 million for projects such as the Homeland/Romoland Master Drainage Plan. Approximately \$6.9 million consists of conveyed land from the Redevelopment Agency to the County for the construction of the Jurupa Youth and Opportunity Center, the Senior One-Stop in Hemet, and for the enhancement of communities within Jurupa Valley. \$3.9 million was acquired for the Downtown Law Building.

#### **Depreciable Capital Asset**

The following is a breakdown of the additions, retirements, and transfers which make up the balance of depreciable capital assets:

#### **Additions to Depreciable Assets:**

Total fiscal year 2009-10 depreciable capital asset current year additions of \$251.1 million, were comprised of the following:

- Infrastructure in the amount of \$102.1 million:
  - Roads in the amount of \$90.0 million, of which \$83.6 million consisted of donated assets. Flood storm drains in the amount of \$11.9 million.
- Structures and improvements amounted to \$128.6 million:
  - Buildings and improvements incurred \$127.5 million for the purchase of the Downtown Law Buildings located on 3960 Orange Street in Riverside.
- Equipment in the amount of \$20.4 million:

Equipment leased - \$9.8 million Computer and office equipment - \$2.6 million Equipment field - \$2.2 million Equipment vehicles - \$2.2 million Miscellaneous equipment - \$2.2 million Vehicles leased - \$1.3 million

#### **Retirements of Depreciable Assets:**

Retirement of depreciable assets amounted to \$32.6 million. Equipment in the amount of \$26.9 million was retired consisting of assets primarily in the categories of computer and office equipment from Riverside County Information Technology and vehicles from Fleet Services and Waste Management. \$5.7 million of structures and improvements were retired, which included the conveyance of La Quinta Fire Station to the City of La Quinta, the abandoned Thousand Palm Fire Station for the development of an affordable housing project, and the demolition of the Mecca Fire Station for the purpose of revitalizing the downtown area.

#### **Transfers:**

\$86.2 million was transferred from completed construction in progress projects as noted above.

#### **Depreciation Note:**

In the government-wide financial statements, depreciable capital assets are depreciated from the acquisition date to the end of the fiscal year. However, in the fund financial statements of the governmental funds, depreciable capital assets are accounted for as expenditures when payments are made. This fiscal year, depreciable capital assets for governmental and business type activities combined incurred \$140.0 million in depreciation.

#### **Analysis of Capital Assets:**

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year:

	Capital Assets (net of depreciation, in thousands)							
	Governmental		Busines	ss-type			Increase/	
	Activ	ities	Activ	rities	То	tal	(Decrease)	
	2010 2009		2010	2009	2010	2009	%	
Infrastructure	\$1,377,579	\$1,326,055	\$ 53,885	\$ 50,752	\$1,431,464	\$1,376,807	4.0%	
Land and easements	429,874 407,723		21,325	21,081	451,199	428,804	5.2%	
Land improvements	99	99	4,826	5,360	4,925	5,459	-9.8%	
Structures and								
improvements	732,044	532,844	136,098	140,277	868,142	673,121	29.0%	
Equipment	100,136	117,964	20,673	16,451	120,809	134,415	-10.1%	
Construction in progress	661,635 464,647		34,801	21,468	696,436	486,115	43.3%	
Total	\$3,301,367	\$2,849,332	\$271,608	\$255,389	\$3,572,975	\$3,104,721	15.1%	

Additional information on the County's capital assets can be found in Note 9 of this report.

#### **Debt Administration**

Per Board policy, the County's Debt Advisory Committee reviews all debt issuances of the County and its financing component unit organizations and advises the Board accordingly. As of fiscal year-end June 30, 2010, the County had numerous debt issues outstanding, principally certificates of participation - lease rental obligations. (See Note 13)

Net bonded debt per capita equaled \$668.0 as of June 30, 2010. The calculated legal debt limit for the County is \$2.7 billion.

The following are credit ratings maintained by the County:

	Moody's Investors	Standard &	Fitch
	Service, Inc.	Poor's Corp.	FILCH
Long-term lease debt	A1	AA-	AA-
Issuer credit	Aa2	AA	AA

The County issued tax-exempt Tax and Revenue Anticipation Notes (TRANs) to provide needed cash to cover the projected intra-period cash flow deficits of the County's General Fund during the fiscal year July 1 through June 30. In fiscal year 2009-10, the County, as a participant in the California Statewide Communities Development Authority composite offering, issued \$293.0 million in TRANs to satisfy short-term cash flow needs.

In December 1993, the Board of Supervisors formally passed a resolution necessary for the County to adopt the Teeter Plan (the alternate method of property tax distribution). The plan required the "buy-out" of delinquent taxes and the annual advance of unpaid taxes to participating agencies. For fiscal year 2009-10, funding for the County's on-going obligations under Teeter was accomplished through the sale of Tax-Exempt Commercial Paper Notes, Series B in the amount of \$186.0 million and Series C in the amount of \$71.3 million. The approximately \$257.3 million in total financing was comprised of \$163.1 million, representing fiscal year 2008-09 delinquent property taxes and \$94.2 million representing prior years' delinquent property taxes. The County's General Fund is pledged to the repayment of both series of Notes, in addition to the pledge of the delinquent taxes that are pledged to the Series B.

The table below provides summarized information (including comparative amounts from the preceding year) for the County's outstanding long-term liabilities at June 30, 2010.

County's Outstanding Debt Obligation (In Thousands)

	Governmental		Busines	s-Type			Increase/
	Acti	vities	Activ	vities	To	(Decrease)	
	2010	2009	2010 2009		2010	2009	%
Loans payable	\$ 6,987	\$ 7,222	\$ -	\$ -	\$ 6,987	\$ 7,222	-3.3%
Notes payable	15,000	6,000	-	-	15,000	6,000	150.0%
Bonds payable	1,408,017	1,359,277	147,924	159,959	1,555,941	1,519,236	2.4%
Certificates of participation	385,447	391,914	-	-	385,447	391,914	-1.7%
Capital Leases	123,890	117,611	20,842	14,028	144,732	131,639	9.9%
Total Outstanding	\$1,939,341	\$1,882,024	\$ 168,766	\$173,987	\$2,108,107	\$2,056,011	2.5%

Outstanding Debt: The County of Riverside's total debt increased by 2.5%, \$52.1 million (\$57.3 million in governmental funds and a decrease of \$5.2 million in business-type), during the current fiscal year. The increase in governmental activities was a result of the issuance of two (2) 2009 Certificates of Participation Refunding Bonds, two (2) 2010 RDA's Tax Housing Allocation Bonds, and 2010 Bond Anticipation Notes. The decrease in business-type activities was a result of the annual principal payments.

Additional information on the County's long-term debt can be found in Note 13 of this report.

#### ECONOMIC FACTORS AND THE FISCAL YEAR 2010-11 BUDGET OUTLOOK

Riverside County's economy continues to experience the negative impact of the recession. Locally, the economy was hit harder and is recovering more slowly than the nation at large. The county continues to experience high unemployment rates with declines that are less severe for personal income, taxable sales, residential building permits, and the real estate market than in the prior fiscal year.

To fund the fiscal year 2010-11 budget, the County drew on reserves creating a structural budget imbalance totaling about \$60.0 million. Fiscal year 2010-11 discretionary revenue is expected to decline by approximately three percent (\$17.0 million) when compared to fiscal year 2009-10. The following table reflects anticipated discretionary revenue totals and sources for Fiscal Year 2010-11.

Source		Final Budget Estimate	
Taxes	\$	222,486	
Other Taxes		33,935	
Licenses, Permits, Franchise Taxes		7,000	
Fines, Forfeitures, Penalties		25,471	
Use of Money and Property	6,300		
State		191,523	
Federal		3,100	
Other Government		50	
Charges for Services		266	
Miscellaneous		102,024	
Total	\$	592,155	

The County's employee retirement benefit contribution rate for fiscal year 2010-11 for miscellaneous members is 12.2% and the Safety contribution rate is 19.3%. The employer rate for both plans is subject to changes in future years, as it continues to reflect changes in investment return and the County's growth rate, among other factors. Fiscal year 2011-12 rates are projected at 13.1% (Miscellaneous) and 21.3% (Safety). Additional information regarding the County's retirement plans are included in Notes 18, 19, and 20 of the financial statements and schedules of retirement funding progress are included in the required supplementary information section.

The fiscal year 2010-11 assessment roll value declined by 4.3%, yielding a total property tax roll of \$208.2 billion, compared to \$217.4 billion in fiscal year 2009-10. The \$9.2 billion decrease in assessment roll value reflected the continuing decline of residential market prices affecting new Proposition 13 base year value and reassessment of property per Proposition 8; and with a significant decrease in construction values of new residential, commercial, and industrial development.

#### REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the County of Riverside, Office of the Auditor-Controller, County Administrative Center, 4080 Lemon Street - 11<sup>th</sup> Floor, P.O. Box 1326, Riverside, CA 92502-1326: Phone: (951) 955-3800; Fax: (951) 955-3802; website: www.auditorcontroller.org.

Reconciliation of the Balance Sheet of Governmental Funds to the
Statement of Net Assets
June 30, 2010
(Dollars in Thousands)

Fund balances - total governmental funds (page 31)		\$ 1,793,125
Amounts reported for governmental activities in the statement of net assets are different because:		
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the governmental funds.		3,259,190
Bond issuance costs are not current financial resources and therefore are not reported in the governmental funds.		23,211
Net OPEB and pension assets are not current financial resources and therefore are not reported in the governmental funds.		443,469
Under the modified accrual basis of accounting, revenue cannot be recognized until it is available to liquidate liabilities of the current period; under accrual accounting, revenue must be recognized as soon as earned, regardless of its availability. Any liability of earned but unavailable revenue must be eliminated in the government-wide financial statements.		44,645
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds.		
Bonds	\$ 1,408,017	
Capital lease obligations	101,165	
Certificates of participation	385,447	
Loans payable	6,987	
Notes payable	15,000	
Accrued interest payable	16,870	
Accreted interest payable	44,750	
Accrued remediation cost	2,014	
Compensated absences	153,244	(2,133,494)
Internal service funds are used by management to charge the costs of equipment, fleet management, printing, information technology, supply services, risk management, and temporary assistance to individual funds. Since internal service funds predominantly service government activities, the assets and liabilities of these funds are included as governmental activities in the statement of net assets.		164.212
governmental activities in the statement of net assets.		 164,212

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Fiscal Year Ended June 30, 2010

(Dollars in Thousands)

Net change in fund balances - total governmental funds (page 35)		\$	(211,868)
Amounts reported for governmental activities in the statement of activities are different because:			
Governmental funds report capital outlay and other capital projects as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.			
Expenditures for capital assets	\$ 534,517		
Less loss on disposal of capital assets	(4,855)		
Less current year depreciation	 (104,764)		424,898
Prepaid pension costs and OPEB costs are expended in the governmental funds when paid but are recognized as a financial resource in the statement of net assets.			12,833
Bond issuance costs are expended in the governmental funds when paid but are capitalized and amortized in the statement of net assets. This is the net amount of			
capitalized bond issuance cost.			828
Long-term debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets.  Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.			
Proceeds in excess of principal payments Current amortization of bond premiums			(69,499) 127
Under the modified accrual basis of accounting, revenue cannot be recognized until it is available to liquidate liabilities of the current period; under accrual accounting, revenue must be recognized as soon as earned, regardless of its availability. Also, any liability of earned but unavailable deferred revenue must be eliminated in the government-wide financial statements.			(10,540)
			(10,340)
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in			
Change in accrued interest	(60)		
Change in accreted interest Change in long-term compensated absences	(16,298) (14,350)		(30,708)
Internal service funds are used by management to charge the costs of certain	(11,550)		(30,700)
activities to individual funds. The net income (loss) of the internal service funds is reported with governmental activities.			3,180
Change in net assets of governmental activities (page 27)		\$	119,251
Change in het assets of governmental activities (page 27)		Ψ	117,231

# BASIC FINANCIAL STATEMENTS – NOTES TO THE BASIC FINANCIAL STATEMENTS

(This Page Intentionally Left Blank)

#### Notes to the Basic Financial Statements June 30, 2010

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### **Reporting Entity**

The County of Riverside (the County) is a legal subdivision of the State of California charged with general governmental powers. The County's powers are exercised through a five member Board of Supervisors (the Board), which, as the governing body of the County, is responsible for the legislative and executive control of the County. Services provided by the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education, and recreation and culture. As required by accounting principles generally accepted in the United States of America, these financial statements present the County (the primary government) and its component units, entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities are, in substance, part of the County's operations and so data from these units are combined with data of the primary government. A discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the primary government. Each blended and discretely presented component unit has a June 30 fiscal year-end.

#### **Blended Component Units**

Housing Authority of the County of Riverside (Housing Authority) The Board is the governing body of the Housing Authority. Among its duties, it approves the Housing Authority's budget, rates and charges for the use of facilities, and appoints the management. The Housing Authority is reported as a proprietary fund type.

Riverside County Flood Control and Water Conservation District (Flood Control) The Board is the governing body of Flood Control. Among its duties, it approves Flood Control's budget, tax rates, contracts, and appoints the management. Flood Control is reported as both governmental and proprietary fund types.

Riverside County Regional Park and Open-Space District (Park District) The Board is the governing board of the Park District. Among its duties, it approves the Park District's budget, contracts, fees and charges for park use, and appoints the management. The Park District is reported as both governmental and fiduciary fund types.

County of Riverside Redevelopment Agency (RDA) The Board is the governing body of the RDA. Among its duties, it approves the RDA's budget and appoints the management. The RDA is reported as a governmental fund type.

County of Riverside Asset Leasing Corporation (CORAL) The Board appoints the governing board of CORAL and CORAL provides services entirely to the County through the purchase or construction of land and/or facilities, which are then leased back to the County. CORAL is reported as a governmental fund type.

Riverside County Service Areas (CSAs) The Board is the governing body of the CSAs. Among its duties, it approves the CSAs' budgets, approves parcel fees, and appoints the management. The CSAs are reported as either governmental or proprietary fund types.

Riverside County Public Financing Authority (Public Financing Authority) The Board is the governing body of the Public Financing Authority. The Public Financing Authority was formed for the purpose of assisting in financing public improvements of the County, the RDA, and other local agencies. The Public Financing Authority is reported as a governmental fund type. As of June 30, 2010, this fund had no activity.

County of Riverside District Court Financing Corporation (District Corporation) The Board is the governing body of the District Corporation. The District Corporation assists the County by providing for the acquisition, construction and renovation of U.S. District Court facilities. The District Corporation is reported as a governmental fund type.

County of Riverside Bankruptcy Court Corporation (Bankruptcy Court) The Board is the governing body of the Bankruptcy Court. The Bankruptcy Court assists the County by providing for the acquisition, construction and renovation of public facilities and improvements. The Bankruptcy Court is reported as a governmental fund type.

*In-home Support Services Public Authority (IHSS PA)* The Board is the governing body of the IHSS PA. The IHSS PA acts as the employer of record for purposes of collective bargaining for Riverside In-home Supportive Services providers and performs other IHSS functions as required and retained by the County. The In-home Support Services Public Authority is reported as a governmental fund type.

#### Notes to the Basic Financial Statements (Continued) June 30, 2010

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Blended Components (Continued)**

Perris Valley Cemetery District (the District) The Board is the governing body of the District. The District is a public cemetery district operating under the provisions of the Health and Safety Code of the State of California. The District was created in July 1927 for the purpose of operating a public cemetery for the residents of the Perris Valley. The District is reported as a governmental fund type.

Inland Empire Tobacco Securitization Authority (the Authority) The Board appoints two of the three members of the governing board of the Authority. The San Bernardino County Board of Supervisors appoints the third member. The Authority was created by a Joint Exercise of Powers Agreement (the Agreement) effective as of July 18, 2007 between Riverside County and San Bernardino County. The Authority was created for the purpose of securitizing the payments to be received by the County of Riverside from the nation-wide Tobacco Settlement Agreement (the Payments) for such purposes, but not limited to, issuance, sale, execution and delivery of bonds secured by those Payments or the lending of money based on thereof, or to securitize, sell, purchase or otherwise dispose of some or all of such Payments of the County. The Authority is a blended component unit of the County because the Authority is providing services solely to the County and the County's Board has the ability to impose its will by removing the Authority's governing Board at will. The Authority is reported as a governmental fund type.

#### **Discretely Presented Component Units**

*Riverside County Children and Families Commission (the Commission)* The Riverside County Board of Supervisors established First 5 Riverside, also known as Riverside County Children and Families Commission in 1999 under the provisions of the California Children and Families Act of 1998. The Commission was formed to develop, adopt, promote and implement early childhood development programs.

A governing Board of nine members, that administers the Commission, is appointed by the County Board of Supervisors. The Commission includes one member of the County Board of Supervisors. The Commission is a component unit of the County because the County's Board has the ability to remove some of the Commission's governing Board at will. It is discretely presented because its governing body is not substantially the same as the County's governing body and it does not provide services entirely or exclusively to the County.

Palm Desert Financing Authority The Palm Desert Financing Authority (Authority) is a joint powers authority between the County of Riverside and Palm Desert Redevelopment Agency (PDRDA) established on January 1, 2002 under Section 6502 of the Joint Powers Act, California Government Code Section 6500. The County and the PDRDA agreed to create the Authority for the purpose of establishing a vehicle to reduce local borrowing costs, promote greater use of existing and new financial instruments and mechanisms, and assist local agencies in the financing of public capital improvements. Although the Authority is a legally separate entity, in substance under Government Accounting Standards Board Statement 14, the County is financially accountable for the Authority's issuance of both lease revenue bonds that are under the Authority's management (2003 Series A and 2008 Series A).

The Authority's Commission is the governing body of the Authority, which consists of the County Administrative Officer, one member of the County Board of Supervisors, the Executive Director of the PDRDA and a member of the PDRDA's Board. It is discretely presented because its governing body is not substantially the same as the County's governing body.

Additional detailed financial information for each of the discretely presented component units can be obtained from the Auditor-Controller's Office at the Robert T. Anderson Administrative Center, 4080 Lemon Street - 11<sup>th</sup> Floor, (P.O. Box 1326), Riverside, CA 92502-1326.

#### Notes to the Basic Financial Statements (Continued) June 30, 2010

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Presentation of Financial Information Related to County Fiduciary Responsibilities

The basic financial statements also include an Investment Trust fund to account for cash and investments held by the County Treasurer for numerous self-governed school and special districts. The financial reporting for these governmental entities, which are independent of the County, is limited to the total amount of cash and investments and other assets. School and special district boards that are separately elected and that are independent of the County Board of Supervisors, administer activities of the school districts and special districts. The County Auditor-Controller makes disbursements upon the request of the responsible self-governed special district officers. The Board has no effective authority to govern, manage, approve budgets, assume financial accountability, establish revenue limits, or appropriate surplus funds available in these entities. Therefore, these entities are fiscally independent of the County. Twenty-six cities and numerous self-governed special districts provide services to the residents of the County. The operations of these entities have been excluded from the basic financial statements since each entity conducts its own day-to-day operations and is controlled by its own governing board.

#### **Current Governmental Accounting Standards Board Statements**

Governmental Accounting Standards Board Statement No. 51

In June of 2007, GASB issued Statement No. 51, Accounting and Financial Reporting for Intangible Assets. This Statement is effective for financial statements for periods beginning after June 15, 2009. Governments possess many different types of assets that may be considered intangible assets, including easements, water rights, timber rights, patents, trademarks, and computer software. The objective of this Statement is to establish accounting and financial reporting requirements for intangible assets to enhance the comparability of the accounting and financial reporting of such assets among state and local governments. This Statement requires that an intangible asset be recognized in the statement of net assets only if it is considered identifiable. The County's intangible assets have been reported in Note 9.

Governmental Accounting Standards Board Statement No. 53

In June of 2008, GASB issued Statement No. 53, Accounting and Financial Reporting for Derivative Instruments. This Statement addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. CORAL has determined that the interest rate swap contract for the Southwest Justice Center Series 2008 Leasehold Revenue Refunding Bonds qualifies as an effective derivative instrument under GASB Statement No. 53 and has reported the fair value of this derivative instrument on the County's Statement of Net Assets in accordance with GASB Statement No. 53. Please also see note disclosures for the interest rate swap contract under Note 13.

Governmental Accounting Standards Board Statement No. 58

In December of 2009, GASB issued Statement No. 58, Accounting and Financial Reporting for Chapter 9 Bankruptcies. The objective of this Statement is to provide accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. It requires governments to re-measure liabilities that are adjusted in bankruptcy when the bankruptcy court confirms (that is, approves) a new payment plan. As of June 30, 2010, this statement is not applicable to the County.

#### **Future Governmental Accounting Standards Board Statements**

Governmental Accounting Standards Board Statement No. 54

In March of 2009, GASB issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. This Statement also provides for additional classification as restricted, committed, assigned, and unassigned based on the relative strength of the constraints that control how specific amounts can be spent. The

#### Notes to the Basic Financial Statements (Continued) June 30, 2010

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Future Governmental Accounting Standards Board Statements (Continued)**

requirements of this Statement are effective for financial statements for periods beginning after June 15, 2010. The County has elected not early implement GASB No. 54 and has not determined its effect on the County's financial statements.

Governmental Accounting Standards Board Statement No. 57

In December of 2009, GASB issued Statement No. 57, OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans. The objective of this Statement is to address issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit (OPEB) plans (that is, agent employers). This Statement clarifies that when actuarially determined OPEB measures are reported by an agent multiple-employer OPEB plan and its participating employers, those measures should be determined as of a common date and at a minimum frequency to satisfy the agent multiple-employer OPEB plan's financial reporting requirements. The provisions related to the frequency and timing of measurements—for actuarial valuations first used to report funded status information in OPEB plan financial statements for periods beginning after June 15, 2011. The County has elected not to early implement GASB No 57 and has not determined its effect on the County's financial statements.

Governmental Accounting Standards Board Statement No. 59

In June of 2010, GASB issued Statement No. 59, Financial Instruments Omnibus. The objective of this Statement is to update and improve existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. National council on Governmental Accounting Statement 4, Accounting and Financial Reporting Principles for Claims and Judgments and Compensated Absences, is updated to be consistent with the amendments to GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments, regarding certain financial guarantees. The provisions of this Statement are effective for financial statements for periods beginning after June 15, 2010. The County has elected not to early implement GASB 59 and has not determined its effect on the County's financial statements.

#### **Basis of Presentation**

Government-wide Financial Statements

The statement of net assets and statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, excluding fiduciary activities. These statements distinguish between the *governmental* and *business-type activities* of the County and between the County and its discretely presented component unit. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities that rely, to a significant extent, on fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Expenses by function have been adjusted for any internal service profit/loss existing at fiscal year-end. In addition, 14.7%, or \$6.8 million, of the County's \$46.5 million indirect costs, allocated through the Countywide Cost Allocation Program (COWCAP), have been included in the expenses of those functions which can obtain reimbursement through State and Federal Programs or other charges. Program revenues include (1) charges paid by the recipients of goods or services offered by the programs and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Basis of Presentation (Continued)**

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements for each fund category – *governmental*, *proprietary*, *and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. *Operating* expenses include the cost of sales and services, administrative expenses and depreciation on capital assets. All expenses not meeting this definition are reported as *nonoperating* expenses.

The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It is used to account for all revenues and expenditures necessary to carry out the basic governmental activities of the County that are not accounted for through other funds. For the County, the General Fund includes such activities as general government, public protection, health and sanitation, public assistance, education, and recreation and culture services.

The *Flood Control Special Revenue Fund* accounts for revenues and expenditures related to providing flood control in various geographical zones. The fund is primarily financed by ad valorem property taxes, developer fees and local cooperative agreements.

The *Teeter Debt Service Fund* accounts for revenue from collection of delinquent taxes, which is then used to pay principal of the debt issued to finance the Teeter Plan.

The *Public Facilities Improvements Capital Project Fund* accounts for revenues and expenditures related to the acquisition and construction of public buildings and park or recreational facilities. Revenues are obtained from State funding, sale of capital assets, contributions, and from other funds when allocated by the Board of Supervisors.

The Redevelopment Agency Capital Project Fund accounts for tax increment revenue used to pay principal and interest for Redevelopment Agency tax allocation bonds. These bonds are legal obligations of the Redevelopment Agency issued to finance construction of infrastructure and public facilities for various project areas.

The County reports the following major enterprise funds:

The Regional Medical Center ("RMC") accounts for the maintenance of physical plant facilities and quality care to all patients in accordance with accreditation standards, the bylaws, rules and regulations of the medical staff and the RMC. Revenue for this fund is primarily from charges for services and secondarily from the County's General Fund.

The Waste Management Department ("Waste Management") accounts for solid waste revenues, expenses, and the allocation of net income for solid waste projects initiated for the public's benefit. The fund facilitates management and accounting of solid waste projects. Waste Management prepares and maintains the County's Solid Waste Management Plan, provides environmental monitoring in accordance with State and Federal mandates, and administers landfill closure and acquisition.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Basis of Presentation (Continued)**

Fund Financial Statements (Continued)

The County reports the following additional fund types:

Internal Service Funds account for the County's records management and archives, fleet services, information services, printing services, supply services, purchasing, OASIS project (accounting, purchasing, and human resources information system), risk management, temporary assistance pool, and flood control equipment on a cost-reimbursement basis. Internal Service Funds are presented in summary form as part of the proprietary fund financial statements. In the government-wide financial statements, the changes in net assets at the end of the fiscal year, as presented in the Statements of Activities, were allocated to the functions of both the governmental and business-type activities, to reflect the entire activity for the year. Since the predominant users of the internal services are the County's governmental activities, the asset and liability balances of the internal service funds are consolidated into the governmental activities column at the government-wide level.

*Pension Trust Fund* accounts for resources held in trust for the members and beneficiaries of a defined benefit pension plan for County employees not eligible for social security or CalPERS participation. The County's pension trust fund uses the economic resources measurement focus and accrual basis of accounting.

Investment Trust Fund accounts for the external portion of the County Treasurer's investment pool. External investment pool participants include entities legally separate from the County, such as school and special districts governed by local boards, regional boards, and authorities. This fund accounts for assets, primarily cash and investments held or invested by the County Treasurer and the related County liability to disburse these monies on demand to the related external entities. The County's investment trust fund uses the economic resources measurement focus and accrual basis of accounting.

Private Purpose Trust Fund accounts for resources held and administered by the County in a fiduciary capacity for individuals, private organizations, or other governments based on trust arrangements. The fund includes the public guardian conservatorship, public social service foster care, and maintenance and children's trust. The County's private purpose trust fund uses the economic resources measurement focus and accrual basis of accounting.

Agency Funds account for assets held by the County in a custodial capacity. These funds only involve the receipt, temporary investment, and remittance to individuals, private organizations, or other governments and include property taxes and special assessments collected on behalf of cities, special districts, and other taxing agencies. The County's agency funds have an accrual basis of accounting but no measurement focus.

The government-wide, proprietary, pension trust, investment trust, and private-purpose trust fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales taxes are recognized when the underlying transactions occur. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligible requirements have been satisfied.

Governmental fund type financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues and other governmental fund type financial resources (e.g. bond issuance proceeds) are recognized when they become both measurable and available.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Basis of Presentation (Continued)**

Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property and sales taxes are considered available for the year levied and are accrued when received within sixty days after fiscal year-end. Revenue received from expenditure driven (cost-reimbursement) grants, as defined by GASB Statement No. 33, Accounting and Financial Reporting for Non-exchange Transaction, are considered available and accrued if expected to be received within twelve months after fiscal year-end. All other revenue streams are considered available and accrued if they are expected to be received within ninety days after the fiscal year-end. Since revenue from these sources are not available to meet current period liabilities, these sources are financed through proceeds received from Tax and Revenue Anticipation Notes (TRANs) which are outstanding for a twelve month period. General capital assets acquisitions are reported as expenditures in governmental fund statements. Proceeds of general long-term debt and capital leases are reported as other financing sources.

For business-type activities reported on the government-wide financial statements and proprietary fund financial statements, the County has elected under GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting, to apply all applicable GASB pronouncements as well as any applicable pronouncements of the Financial Accounting Standards Board, the Accounting Principles Board or any Accounting Research Bulletins issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements.

Reconciliations are presented to explain the adjustments necessary to reconcile the fund financial statements to the government-wide financial statements. These reconciliations are presented because governmental fund financial statements are presented on a different measurement focus and basis of accounting than the government-wide financial statements for governmental activities.

#### Cash and Investments

The County pools cash resources of its various funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance of the pooled cash account is available to meet current operating requirements. Cash in excess of current requirements is invested in various interest-bearing securities and disclosed as part of the County's pooled investments.

For purposes of the statement of cash flows, the County considers all highly liquid investments (including restricted cash and investments) with an original maturity of three months or less when purchased to be cash equivalents.

Securities, including U.S. Treasury and Agency securities, are carried at fair value based on current market prices on a monthly basis. Repurchase agreements are carried at fair value based on quoted market prices, except for repurchase agreements maturing within 90 days of June 30, 2010, which are carried at cost. Bond anticipation notes are carried at fair value. Commercial paper is carried at amortized cost. Investments in bankers' acceptances and nonparticipating guaranteed investment contracts are carried at cost. Participating guaranteed investment contracts are carried at fair value based on net realizable value. Mutual funds are carried at fair value based on the funds' share price. Local Agency Obligations are carried at fair value based on the value of each participating dollar.

The fair value of a participants' position in the pool is not the same as the value of the pooled shares. The method used to determine the value of participants' equity withdrawn is based on the book value, amortized cost, and accrued interest of the participants' percentage participation at the date of such withdrawal.

State law requires that the County Treasurer hold all operating monies of the County, school districts, and certain special districts. Collectively, these mandatory deposits constituted approximately 73.5% of the funds on deposit in the County Treasury. In addition, the Auditor-Controller determined districts and agencies constituting approximately 26.5% of the total funds on deposit in the County Treasury represented discretionary deposits.

#### Notes to the Basic Financial Statements (Continued) June 30, 2010

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Basis of Presentation (Continued)**

#### Receivables

The Regional Medical Center accounts receivable are reported at their gross value and, where appropriate, are reduced by contractual allowances and the estimated uncollectible amounts. The estimated allowance for uncollectibles and allowance for contractuals are \$396.0 million and \$946.6 million, respectively. The Regional Medical Center has contracted with a Medi-Cal managed care plan to provide services to patients enrolled with Medicare and Medi-Cal programs. The Regional Medical Center receives a fixed monthly premium payment for each patient enrolled. Revenue under this agreement is recognized in the period in which the Regional Medical Center is required to provide services.

#### Property Taxes

All jurisdictions within California derive their taxing authority from the State Constitution and various legislative provisions contained in the Government Code and the Revenue and Taxation Code. Property is assessed by the County Assessor and State Board of Equalization at 100% of full cash or market value (with some exceptions) pursuant to Article XIIIA of the California State Constitution and statutory provisions. The total fiscal year 2009-10 gross assessed valuation of the County was \$217.2 billion.

In order to lessen the fiscal impact of the tax increment financing of redevelopment projects on other units of local governments, the RDA has entered into pass-through agreements with various governmental agencies to "pass-through" portions of tax increment funds received by the RDA, attributable to the area within the territorial limits of other agencies.

The property tax levy to support general operations of the various local government jurisdictions is limited to one percent (1%) of the full cash value of taxable property and distributed in accordance with statutory formulas.

Amounts needed to finance the annual requirements of voter-approved debt (approved by the electorate prior to June 30, 1978) are excluded from this limitation and are calculated and levied each fiscal year. The rates are formally adopted by either the Board or the city councils and, in some instances, the governing board of a special district.

The County is divided into tax rate areas, which are unique combinations of various jurisdictions servicing a specific geographic area. The rates levied within each tax rate area vary only in relation to levies assessed as a result of voter-approved indebtedness.

Property taxes are levied on both real and personal property and are recorded as receivables at the date of levy. Secured property taxes are levied on or before the first business day of September of each year. These taxes become a lien on real property on January 1 preceding the fiscal year for which taxes are levied. Tax payments can be made in two equal installments; the first is due November 1 and are delinquent with penalties after December 10; the second is due February 1 and are delinquent with penalties after April 10. Secured property taxes that are delinquent and unpaid as of June 30th are declared to be tax defaulted and are subject to redemption penalties, costs, and interest when paid. If the delinquent taxes are not paid at the end of five (5) years, the property is sold at public auction and the proceeds are used to pay the delinquent amounts due and any excess is remitted, if claimed, to the taxpayer.

Supplemental tax liens are created when there is a change in ownership of property or upon completion of new construction. Tax bills for these new tax liens are issued throughout the fiscal year and contain various payments and delinquent dates but are generally due within one year. If the new tax liens are lower, the taxpayer receives a tax refund rather than a tax bill.

Unsecured personal property taxes are not a lien against real property. These taxes are due on January 1, and become delinquent, if unpaid, on August 31.

#### Notes to the Basic Financial Statements (Continued) June 30, 2010

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Basis of Presentation (Continued)**

Property Taxes (Continued)

During the 1993-94 fiscal year, the County authorized an alternative property tax distribution method referred to as the "Teeter Plan." This method allows for a 100% distribution of the current secured property tax levy to entities electing the alternative method, as compared to the previous method where only the current levy less any delinquent taxes was distributed. This results in the General Fund receiving distributions of approximately 50-55% in December, 40-45% in April and the remaining balance in the Fall of each year. The Teeter Plan also provides that all of the payments of redemption penalties and interest on delinquent secured property taxes of participating agencies flow to a tax loss reserve fund (TLRF). Any amounts on deposit in the TLRF greater than one percent (1%) of the tax levy for participating entities may flow to the County General Fund. For fiscal year 2009-10, \$52.6 million was transferred from the TLRF to the General Fund.

#### Prepaid Items and Inventories

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. The prepaid assets recorded in the governmental funds do not reflect current appropriable resources and thus, an equivalent portion of fund balance is reserved.

Inventories, which consist of materials and supplies held for consumption, are valued at the lower of cost (on a first-in, first-out basis) or market in the proprietary funds. Inventories for all governmental funds are valued at average cost. The consumption method is used to account for inventories. Under the consumption method, inventories are recorded as expenditures when consumed rather than when purchased. Material amounts of inventory are reported as assets of the respective fund. Reported inventories of governmental funds are equally offset by a fund balance reservation to indicate that portion of fund balance not available for future appropriation.

#### Capital Assets

Capital assets (including infrastructure) are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. Capital assets include public domain (infrastructure) general capital assets consisting of certain improvements including roads, bridges, traffic signals, park trails and improvements, flood control channels, storm drains, dams, and basins. The capitalization threshold for equipment is \$5 thousand; buildings, land and land improvements are \$1; and infrastructure and intangibles are \$150 thousand. Betterments result in more productive, efficient or long-lived assets. Significant betterments are considered capital assets when they result in an improvement of \$2.5 thousand or more.

Capital assets used in operations are depreciated or amortized (assets under capital leases) using the straight-line method over the lesser of the capital lease period or their estimated useful lives in the government-wide statements and proprietary funds.

The estimated useful lives are as follows:

Infrastructure	
Flood channels	99 years
Flood storm drains	65 years
Flood dams and basins	99 years
Roads	20 years
Traffic signals	10 years
Parks trails and improvements	20 years
Bridges	50 years
Buildings	25-50 years
Improvements	10-20 years
Equipment	3-20 years

#### Notes to the Basic Financial Statements (Continued) June 30, 2010

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Basis of Presentation (Continued)**

Capital Assets (Continued)

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements, which significantly increase values, change capacities, or extend useful lives, are capitalized. Upon sale or retirement of capital assets, the cost and related accumulated depreciation are removed from the respective accounts and any resulting gain or loss is included in the changes in financial position.

Interest is capitalized on construction in progress in the proprietary funds. Interest capitalized is the total interest cost from the date of the borrowing net of any allowable interest carried on temporary investments of the proceeds of those borrowings until the specified asset is ready for its intended use. The Riverside County Regional Medical Center capitalizes net interest expense as a cost of property constructed. The Medical Center capitalized \$210.6 thousand for the year ending June 30, 2010.

#### Leases

The County leases various assets under both operating and capital lease agreements. For governmental funds, assets under capital leases and the related lease obligations are reported in the government-wide financial statements. For proprietary funds, the assets and related lease obligations are recorded in the appropriate enterprise or internal service fund and the government-wide financial statements.

#### Restricted Assets

The County maintains various restricted asset accounts as a result of debt agreements and certain State statutes. The agreements authorizing the issuance of CORAL and Housing Authority obligations include certain covenants pertaining to the disposition of bond proceeds for construction, acquisition, and bond redemption purposes. Waste Management has restricted assets to meet requirements of State and Federal laws and regulations to finance closure and post-closure maintenance activities at landfill sites. The General Fund has restricted assets for program money where use is legally or contractually restricted.

#### Land Held for Resale

These assets, held by the County's Redevelopment Agency, are invested in various programs and are intended primarily for development and subsequent resale. These assets had a fair value of \$79.7 million at June 30, 2010.

#### Employee Compensated Absences

County policy permits employees in some bargaining units to accumulate earned, but unused vacation, holiday, and sick pay benefits. Vacation and holiday pay are accrued when incurred. For other bargaining units, annual leave is earned and accrued, but not vacation or sick leave. Proprietary funds report accrued vacation and holiday pay as a liability of the individual fund while governmental funds record amounts that are due and payable at year-end as a liability of the fund and amounts due in the future as a liability in the government-wide financial statements. At June 30, 2010, the amount of accrued vacation, holiday pay, and sick leave reported in the government-wide statement of net assets was \$180.4 million.

The County allows unlimited accumulation of sick leave. Upon service retirement, disability retirement, or death of an employee or officer, and subject to the provisions of any applicable agreement between the employing agency and the Public Employee's Retirement System, unused accumulated sick leave for most employees with at least five (5) but less than 15 years of service shall be credited at the rate of fifty percent (50%) of current salary value thereof provided, however, that the total payment shall not exceed a sum equal to 960 hours of full pay. Unused accumulated sick leave for employees with more than fifteen or more years of service shall be credited at the rate of the current salary value provided, however, that the total payment shall not exceed a sum equal to 960 hours of full pay. In addition, the employee may also elect to place the payable amount of sick leave into a VEBA (Voluntary Employee Beneficiary Association) account which may be used for future health care costs.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Basis of Presentation (Continued)**

Deferred Revenue / Unearned Revenue

Deferred revenue arises when a potential revenue transaction does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenue also arises when resources are received before the County has a legal claim to them, such as grants received in advance of incurring qualified expenditures. Unearned revenue is used for government-wide presentation only.

#### Long-term Debt

The County reports long-term debt of governmental funds in the government-wide statement of net assets. Certain other governmental fund obligations not expected to be financed with current available financial resources are also reported in the government-wide statement of net assets. Long-term debt and other obligations financed by proprietary funds are reported as liabilities in the appropriate proprietary fund and the government-wide statement of net assets.

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net assets. Bond premiums and discounts, bond issuance costs, and deferred losses on refundings are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount, and deferred losses on refundings.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. Issuance costs are reported as debt service expenditures whether or not withheld from the actual debt proceeds received.

#### Bond Issuance Costs

Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

#### Landfill Closure and Post-Closure Care Costs

Waste Management provides for closure and post-closure care costs over the life of the operating landfills as the permitted airspace of the landfill is used. Accordingly, the entire closure and post-closure care cost is recognized as expense by the time the landfills are completely filled. Waste Management also recognizes as expense closure and post-closure care costs for inactive landfills that have been closed under State and Federal regulations.

Waste Management, under State and Federal regulations, may be required to perform corrective action for contaminate releases at any of its active or inactive landfills. Waste Management provides for remediation costs for landfills upon notification from the local water quality board that a specific landfill is considered to be in the evaluation monitoring phase. Upon notification, Waste Management provides for these costs based on the most recent cost study information available.

#### Interfund Transactions

Interfund transactions are reflected as loans, services provided reimbursements, or transfers. Loans are reported as receivables and payables, as appropriate. These transactions are subject to elimination upon consolidation and are referred to as either "due to/due from other funds" (i.e., the current portion of interfund loans) or "advances to/advances from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances." Advances between funds, as reported in the governmental fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are neither available for appropriation nor available as financial resources.

June 30, 2010

#### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **Basis of Presentation (Continued)**

Interfund Transactions (Continued)

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

#### Net Assets

The government-wide financial statements and proprietary fund financial statements utilize a net assets presentation. Net assets are categorized as invested in capital assets (net of related debt), restricted net assets, or unrestricted net assets.

*Invested In Capital Assets, Net of Related Debt* – This category groups all capital assets, including infrastructure, into one component of net assets. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce the balance in this category.

Restricted Net Assets – This category presents external restrictions imposed by creditors, grantors, contributors, laws and regulations of other governments, or restrictions imposed by law through constitutional provisions or legislation.

*Unrestricted Net Assets* – This category represents net assets of the County, not restricted for any project or other purpose.

#### Fund Equity

In the fund financial statements, fund equity may be categorized as reserved and/or designated. Governmental funds report reservations of fund balance for amounts that are not appropriable or that are legally restricted for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

#### Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### **Budgetary Data**

On or before October 2 of each fiscal year, after conducting public hearings concerning the proposed budget, the County Board of Supervisors (the Board) adopts a budget in accordance with the provisions of Section 29000-29144 and 30200 of the Government Code of the State of California (the Government Code), commonly known as the County Budget Act, and Board Resolution No. 90-338. Annual budgets are adopted on the modified accrual basis of accounting in conformity with generally accepted accounting principles. Budgeted governmental funds consist of the general fund, major funds, and some non-major funds (all special revenue funds, certain debt service funds, and certain capital project funds). Annual budgets are not adopted for the following debt service funds: CORAL, District Court Financing Corporation, Bankruptcy Court, Inland Empire Tobacco Securitization Authority; the CORAL Capital Project Fund; and the Perris Valley Cemetery Permanent Fund.

As adopted by the Board, expenditures are controlled by the County at the budgetary unit, which is the organization level, for each appropriation (object) class. The appropriation classes are salaries and benefits, services and supplies, other charges, capital assets, transfers out, and intrafund transfers. The separately prepared Expenditure by Appropriation – Budget and Actual report, showing budgetary comparisons at the object level of control, is available in the Auditor-Controller's Office.

Each year the original budget, as published in a separate report the "Adopted Budget," is adjusted to reflect increases or decreases in revenues and changes in fund balance. These changes are offset by an equal change in available appropriations. The County Executive Officer is authorized by the Board to transfer appropriations between appropriation classes within the same budgetary unit. Transfers of appropriations between budgetary units require approval of the Board (legal level of control). Any deficiency of budgeted revenues and other financing sources over expenditures and other financing uses is financed by beginning available fund balances as provided for in the County Budget Act. All annual appropriations lapse at year-end.

Budgetary comparison statements are prepared for the general fund, special revenue funds, certain debt service funds, and certain capital project funds. The budgetary comparison statements are a part of the basic financial statements. Each budgetary comparison statement provides three separate types of information: (1) the original budget; (2) the final amended budget, which included legally authorized changes regardless of when they occurred; and (3) the actual amount of inflows and outflows in the budget-to-actual comparison.

#### Excess of expenditures over appropriations

For the year ended June 30, 2010, expenditures exceeded appropriations in capital outlay by \$31.0 million in the General Fund. This excess of expenditure resulted from the acquisition of \$31.0 million of capital leases. Accordingly, this is being funded by other financing sources-capital leases.

#### NOTE 3 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Amounts reported for governmental activities in the statement of net assets are different from those reported for governmental funds in the balance sheet. The following provides a reconciliation of those differences (in thousands):

	Total Governmental		Long-term Assets and	Internal Service		Statement of Net Assets
	Fund	ds (Page 31)	Liabilities	Funds	Eliminations	Totals (Page 25)

Total cash and investments	\$	2,127,955	\$	225,089	\$	83,679	\$	3,161,093	\$	5,597,816

As of June 30, 2010, cash and investments consist of the following (in thousands):

\$ 897,223
 4,700,593
\$ 5,597,816
\$

#### Investments Authorized by the California Government Code and the County's Investment Policy

The table below identifies the investment types that are authorized for the County by the California Government Code or the County's investment policy, whichever is more restrictive. The table also identifies certain provisions of the California Government Code or the County's investment policy, where more restrictive that address interest rate, credit risk, and concentration of credit risk. A copy of the County's investment policy can be found at www.treasurer-tax.co.riverside.ca.us.

			Maximum
		Maximum	Investment
	Maximum	Percentage	in One
Authorized Investment Type	Maturity	of Portfolio	Issuer
Public Agency Bonds	3 Years	15%	4%
U.S. Treasury	5 Years	100%	N/A
Local Agency Obligations	3 Years	2.5%	2.50%
Federal Agencies	5 Years	100%	N/A
Bankers Acceptances	180 Days	30%	None
Commercial Paper	270 Days	40%	4% *
Certificate & Time Deposits	1 Year	25%	4% *
Repurchase Agreements	45 Days	40% / 25%	20%
Reverse Repurchase Agreements	60 Days	10%	10%
Medium Term Notes	3 Years	20%	4% *
CalTrust Short Term Fund	Daily Liquidity	1%	1%
Money Market Mutual Funds	Daily Liquidity	20%	None
Local Agency Investment Funds	N/A	N/A	N/A

<sup>\*</sup> Maximum of 4% per issuer in combined public agency bonds, commercial paper, certificate & time deposits, and medium term notes.

#### Notes to the Basic Financial Statements (Continued) June 30, 2010

#### **NOTE 5 – CASH AND INVESTMENTS (Continued)**

#### **Investment in State Investment Pool**

The County of Riverside is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The State Treasurer's Office reports its investments at fair value. The fair value of securities in the State Treasurer's pooled investment program, including LAIF, generally is based on quoted market prices. The State Treasurer's Office performs a quarterly fair market valuation of the pooled investment program portfolio. In addition, the State Treasurer's Office performs a monthly fair market valuation of all securities held against carrying cost. These valuations and financial statements are posted to the State Treasurer's Office website at www.treasurer.ca.gov. The fair value of the County's investment in this pool is reported in the accompanying financial statements at amounts based upon the County's prorate share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

#### **Investments Authorized by Debt Agreements**

Investments of debt proceeds held by bond trustees are governed by provisions of the debt agreements of respective component units, rather than the general provisions of the California Government Code or the County's investment policy. These provisions allow for the acquisition of investment agreements with maturities of up to 30 years.

#### **Disclosures Relating to Interest Rate Risk**

Interest rate risk is the measurement of how changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the more sensitive to changes in market interest rates of its fair value. One of the ways the County Treasurer manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so a portion of the portfolio is maturing or coming close to maturity to ensure the cash flow and liquidity required for operations.

As of June 30, 2010, the County had the following investments (in thousands):

			Weighted
		Fair Market	Average Maturity
Investment	Maturity	Value	(Years)
Treasury Investments			
Commercial Paper	07/09	\$ 49,943	0.19

Total Investments Outside the Treasury		268,582	
Total Investments		\$ 4,700,593	

June 30, 2010

#### **NOTE 5 – CASH AND INVESTMENTS (Continued)**

#### **Custodial Credit Risk**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will be able to recover the value of its investment or collateral securities that are in the possession of another party. Neither the California Government Code nor the County's investment policy contain legal or policy requirements that would limit the County's exposure to custodial credit risk for deposits or investments except for the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure County deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. GASB Statement No. 40 requires that a disclosure is made with respect to custodial credit risks relating to deposits. The County has cash deposits with fiscal agents in excess of federal depository insurance limits held in collateralized accounts with securities held by Union Bank in the amount \$822.8 million. Investment securities are registered and held in the name of Riverside County.

#### **Concentration of Credit Risk**

The investment policy of the County contains certain limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. In accordance with GASB 40, Deposits and Investment Risk Disclosures, the County should provide information about the concentration of credit risk associated with their investments in any one issuer that represent 5% or more of total County investments. However, money market and mutual funds are excluded from this disclosure requirement. Instruments in any one issuer that represent 5% or more of County investments are as follows (in thousands):

Issuer	Investment Type	Amount
Federal Farm Credit Bank	Federal Agency	\$ 394,851
Federal Home Loan Bank	Federal Agency	1,110,791
Federal Home Loan Mortgage	Federal Agency	1,088,857
Federal National Mortgage Association	Federal Agency	1,069,427
US Treasury Bills and Bonds	US Treasury	660,959

#### **NOTE 5 – CASH AND INVESTMENTS (Continued)**

#### Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

As of June 30, 2010, the County had the following investments (in thousands):

		Minimum Legal	Rating	Fair Market
Investment	Maturity	Rating	June 30, 2010	Value
Treasury Investments				_
Commercial Paper (1)	07/09	A1/P1	A1//P1(1)	\$ 49,943

#### **Deferred/Unearned Revenue**

Of the total governmental receivable of \$541.4 million, \$36.1 million is SB-90 long-term receivable, which has been deferred as of June 30, 2010. Governmental funds defer revenue when receivables are not available to liquidate liabilities of the current period. Governmental and enterprise funds also defer revenue when resources received, but not yet earned. At June 30, 2010, the components of deferred/unearned revenue were as follows (in thousands):

Governmental activities:  Unavaila		available	U	Inearned
General fund:				
Due from other governments	\$	52,108		
Resources received that do not yet meet the criteria for revenue			\$	166,568
Flood Special Revenue				
Resources received that do not yet meet the criteria for revenue				4,937
Nonmajor funds:				
Due from other governments		147		
Resources received that do not yet meet the criteria for revenue				30,223
Total deferred revenue Governmental activities	\$	52,255		201,728
Government-wide activities:				
Redevelopment Agency				
Resources received that do not yet meet the criteria for revenue				7,610
Total unearned revenue Government-wide activities			\$	209,338

#### Notes to the Basic Financial Statements (Continued) June 30, 2010

#### **NOTE 8 – INTERFUND TRANSACTIONS**

#### **Interfund Receivables/ Payables**

The composition of interfund balances as of June 30, 2010 is as follows (in thousands):

Due to/from other funds:

Receivable Fund	Payable Fund	Amount	Purpose
General Fund	Teeter Debt Service Fund	\$ 9,450	Delinquent property taxes
	Regional Medical Center	4,480	Medical service
	Nonmajor Governmental Funds	11,416	5 Fire service
	Internal Service Funds	5	Interfund activities
		25,353	3
Teeter Debt Service	General Fund	35	Capital project
Redevelopment Capital Project	Nonmajor Governmental Funds	2,97	Capital project
Nonmajor Governmental Funds	General Fund	166	5 Transportation
	Nonmajor Governmental Funds	63	Housing Redevelopment project
		229	<del>-</del>
Internal Service Funds	Flood Control Special Revenue	86	interfund activities
Regional Medical Center	General Fund	1,954	Medical service
	Total	\$ 30,628	- } =

These interfund balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, and (2) payments between funds are made.

Advances to/from other funds:

The Regional Park and Open-Space District Special Revenue Fund advanced \$2.0 million to the Regional Park and Open-Space District Capital Project Fund for the purpose of land improvements being constructed throughout the County Parks.

#### **Transfers**

Transfers are indicative of funding for capital projects, lease payments or debt service, subsidies of various County operations and reallocations of special revenue. The following schedule briefly summarizes the County's transfer activity (in thousands):

#### (a) Between Governmental and Business-type Activities:

Transfer out	Transfer in		Amount	Purpose
Operating or debt subsidy:				
General Fund	Regional Medical Center	\$	10,000	Operating Contribution
Public Facilities Improvement	Regional Medical Center		12,017	Capital projects
Regional Medical Center	Nonmajor Governmental Funds		4,111	Pension Obligation
Waste Management	Nonmajor Governmental Funds		312	Pension Obligation
Nonmajor Enterprise	Nonmajor Governmental Funds		158	Pension Obligation
	Total	\$	26,598

#### NOTE 10 - LANDFILL CLOSURE AND POST-CLOSURE CARE COSTS

Waste Management (Waste) has recorded \$88.3 million as landfill closure and post-closure care expense to date (based on the use of the estimated capacities of the landfill ranging from 32% to 100%). State and Federal laws and regulations require Waste to place a final cover on all active landfills when closed and to perform certain maintenance and monitoring functions at the landfill site for 30 years after closure. Waste will recognize the remaining estimated cost of \$33.3 million as the remaining estimated capacity of 19.5 million tons is filled. Waste expects all currently permitted landfill capacities to be filled by 2039. The total estimate of \$121.6 million is based on what it would cost to perform all closure and post-closure care costs at present value. Actual costs may be different due to inflation, changes in technology, or changes in regulations.

Cumulative expenses, percentage of landfill capacity used to date, and the estimated remaining landfill life by operating landfill are as follows (in thousands):

Facility Name (City)	Cumulative Expense	Capacity Used as of June 30, 2010	Estimated Years Remaining
Anza (Anza)	\$ 2,844	100.0	-
Badlands (Moreno Valley)	31,333	47.4	8
Blythe (Blythe)	7,784	32.8	31
Coachella (Coachella)	8,812	100.0	-
Desert Center (Desert Center)	1,109	69.1	3
Double Butte (Winchester)	10,101	100.0	-
Edom Hill (Cathedral City)	19,279	100.0	-
Highgrove (Riverside)	6,676	100.0	-
Lamb Canyon (Beaumont)	17,959	43.0	11
Mead Valley (Perris)	8,733	100.0	-
Mecca II (Mecca)	3,432	99.4	29
Oasis (Oasis)	3,546	71.7	14
	\$ 121,608		

Waste is required by State and Federal laws and regulations to make annual contributions to a trust fund to finance closure and post-closure care. Title 14 of the California Code of Regulations (CCR) requires solid waste landfill operators to demonstrate the availability of financial resources to conduct closure and post-closure maintenance activities.

In accordance with sections 18283 and 18290 of the CCR, the County has implemented Pledge of Revenue agreements between the County and the California Integrated Waste Management Board (CIWMB) for six active landfills and six closed landfills to demonstrate financial responsibility for post-closure maintenance costs. Waste has determined that the projected net revenues, after current operating costs, from tipping fees during the thirty-year period of post-closure care maintenance will, during each year of this period, be greater than the yearly monitoring and post-closure care maintenance costs for each landfill. It is agreed that the amount of these Pledge of Revenue agreements may increase or decrease to match any adjustments to the identified cost estimates, which is mutually agreed to by the Waste and the CIWMB. Waste complies with these requirements and investments of \$67.1 million are held for these purposes at June 30, 2010 and are classified as Restricted Assets in the Statement of Net Assets. Waste expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional post-closure requirements are determined (due to changes in technology or applicable laws or regulations) these costs may need to be covered by charges to future landfill users.

## Notes to the Basic Financial Statements (Continued) June 30, 2010

## **NOTE 11 – OPERATING LEASES**

The following is a year by year schedule of future minimum rental payments primarily for facilities leases. The schedule includes an average 4.5% per annum rental increase, principally for the General Fund, required under operating leases entered into by the County that have initial or remaining non-cancelable lease terms in excess of one year as of June 30, 2010 (in thousands):

Year Ending June 30	
2011	\$ 34,620
2012	30,462
2013	24,951
2014	19,736
2015	14,757
2016-2020	31,935
2021-2025	1,178
2026-2030	681
2031-2035	726
2036-2040	748
Total Minimum Payments	\$ 159,794

Total rental expenditure/expense for the year ended June 30, 2010 was \$51.3 million of which \$4.0 million was recorded in the Enterprise Funds.

#### **NOTE 12 – SHORT TERM DEBT**

## Tax and Revenue Anticipation Notes (TRANs)

On July 1, 2009, the County issued \$293.0 million of tax exempt Tax and Revenue Anticipation Notes (TRANs), which were repaid June 30, 2010. The Notes were sold with a yield of 0.85%. This was to provide needed cash to cover the projected intra-period cash-flow deficits of the County's General Fund during the fiscal year July 1 through June 30.

## **Tax-Exempt Commercial Paper Notes (Teeter)**

In December 1993, the County adopted the Teeter Plan, the alternative method for the distribution of secured property taxes and other assessments. In order to fulfill the requirements of the plan, the County obtained cash for the "buyout" of delinquent secured property taxes and the annual advance of current unpaid taxes to all entities that elected to participate in the Teeter Plan. The current financing takes place through the sale of Tax-Exempt Commercial Paper Notes (Teeter Notes). During FY 2009-10, the County retired \$252.5 million of the \$266.6 million principal amount outstanding at June 30, 2009. The County then issued \$171.9 million of Series B notes and \$71.3 million in Series C notes, leaving an outstanding balance of \$257.3 million at June 30, 2010.

Short-term debt activity for the year ended June 30, 2010, was as follows (in thousands):

		Balance				Balance
	Jul	y 1, 2009	Additions	Reductions	Ju	ine 30, 2010
FY 2009-10 TRANs	\$	-	\$ 293,000	\$ (293,000)	\$	-
Teeter Notes		266,629	243,200	(252,529)		257,300
Total	\$	266,629	\$ 536,200	\$ (545,529)	\$	257,300

## Notes to the Basic Financial Statements (Continued) June 30, 2010

## **NOTE 13 – LONG-TERM OBLIGATIONS**

Long-term obligations of the County consist of capital lease obligations, bonds, notes, and other liabilities which are payable from the General, Debt Service, Enterprise, and Internal Service Funds. The calculated legal debt limit for the County is \$2.7 billion.

## **Capital Leases**

Capital leases for governmental funds are recorded both as capital expenditures and as other financing sources at inception in the fund financial statements, with the liability and the asset recorded in the government-wide statement of net assets. Capital leases are secured by a pledge of the leased equipment.

See Note 9 (Capital Assets) for Assets under Capital Leases for related disclosure information by major asset class.

The following is a schedule by year of future minimum lease payments under capital leases, together with the present value of the net minimum lease payments as of June 30, 2010 (in thousands):

			Total		Business-		
	Component		Governmental			type	
Year Ending June 30		Units	Others	Α	ctivities	A	tivities
2011	\$	6,730	\$ 22,668	\$	29,398	\$	7,222
2012		6,734	15,874		22,608		6,073
2013		6,737	9,982		16,719		4,897
2014		6,735	6,724		13,459		3,144
2015		14,188	6,086		20,274		1,308
2016-2020		29,929	5,377		35,306		-
2021-2025		14,167	620		14,787		-
2026-2030		5,464	369		5,833		-
2031-2035		2,981	 -		2,981		
Total minimum payments		93,665	67,700		161,365		22,644
Less amount representing interest		(29,599)	(7,876)		(37,475)		(1,802)
Present value of net minimum lease							
payments	\$	64,066	\$ 59,824	\$	123,890	\$	20,842

The statement of net assets includes the Palm Desert Financing Authority capital lease of \$64.1 million for the construction and acquisition of certain public facilities within the County, including the Palm Desert Sheriff's Station, community centers, the Blythe County Administrative Center, an animal shelter and a clinic facility.

The following schedules provide details of all certificates of participation, bonds payable, and notes payable for the County of Riverside that are outstanding as of June 30, 2010 (in thousands):

## **Accreted Interest Payable**

The following is a summary of the changes in accreted interest payable for the year ended June 30, 2010 (in thousands):

	Balance June 30, 2009			litions	Reductions	_	alance 30, 2010
Governmental Activities:  Certificates of Participation:  Court Financing (US District Court		,					
Project)	\$	2,439	\$	356	-	\$	2,795
Bonds:							
Inland Empire Tobacco Securitization							
Authority		26,013		15,942	-		41,955
Total governmental-type activities	\$	28,452	\$	16,298	-	\$	44,750
Business-type Activities:  Lease Revenue Bonds:							
Regional Medical Center (1997 A Hosp)	\$	43,696	\$	5,115	-	\$	48,811
Total business-type activities	\$	43,696	\$	5,115	-	\$	48,811

The accreted interest payable balances at June 30, 2010 represent accreted interest on the U.S. District Court Project, the 2007 Inland Empire Tobacco Securitization Authority Bonds, and the 1997 A Hospital Serial Capital Appreciation Bonds. The original issues were \$2.2 million for the U.S. District Court Project, \$294.1 million for the 2007 Inland Empire Tobacco Securitization Authority Bonds, and \$41.2 million for the 1997 A Hospital Serial Capital Appreciation Bonds. The total accreted value on the bonds and certificates upon maturity will be \$7.2 million for the U.S. District Court Project, \$171.6 million for the 1997 A Hospital Serial Capital Appreciation Bonds, and \$3.5 billion for the 2007 Inland Empire Tobacco Securitization Authority Bonds. The County is under no obligation to make payments of accreted value of or redemption premiums, if any, or interest on the Series 2007 Bonds.

The increases of \$16.3 million and \$5.1 million represent current year's accretion for governmental activities and business activities respectively. The accumulated accretion for business-type activities is \$48.9 million at June 30, 2010. The accumulated accretion for U.S. District Court Financing and the Inland Empire Tobacco Securitization Authority in governmental activities is \$44.8 million. The un-accreted balances at June 30, 2010 are \$81.7 million for the 1997-A Hospital (RCRMC) project, \$4.4 million for the U.S. District Court, and \$3.4 billion for the Tobacco Securitization Authority Capital Appreciation Bonds.

## Notes to the Basic Financial Statements (Continued) June 30, 2010

#### **NOTE 13 – LONG-TERM OBLIGATIONS (Continued)**

## Bonds, Certificates of Participation/ Refunding

During the fiscal year ended June 30, 2010, the Redevelopment Agency issued Tax Allocation Housing Bonds Series A for financing low and moderate income housing projects of the County Redevelopment Agency and to provide funds for the various debt obligations of the Agency within the various project areas. The Bonds are special obligations of the Agency and are payable exclusively from tax revenues to be derived from the various project areas and from amounts on deposit in certain funds and accounts established pursuant to the Indenture. The outstanding balance at June 30, 2010 is \$15.9 million.

During the fiscal year ended June 30, 2010, the Redevelopment Agency also issued Tax Allocation Housing Bonds Series A-T for financing low and moderate income housing projects of the County Redevelopment Agency and to provide funds for the various debt obligations of the Agency within the various project areas. The Bonds are special obligations of the Agency and are payable exclusively from tax revenues to be derived from the various project areas and from amounts on deposit in certain funds and accounts established pursuant to the Indenture. The total outstanding balance at June 30, 2010 is \$50.9 million.

In December 2009, CORAL issued 2009 Larson Justice Center Project Refunding Certificate of Participation to provide funds to refund and repay the certificates of participation relating to 1998 Larson Justice Center Project with an outstanding principal amount of \$22.3 million; to fund the reserve fund; and to pay certain cost of issuance incurred in connection with this refunding. The reacquisition price exceeded the net carry amount of the old debt by \$975 thousand. The amount is being netted against the new debt and amortized over the new debt's life. The transaction resulted in an economic gain of \$3.7 million and a reduction of \$1.5 million future debt service payments. The outstanding balance at June 30, 2010 is \$24.7 million.

In December 2009, CORAL also issued 2009 Public Safety Communication and Woodcrest Library Projects Refunding Certificate of Participation to provide funds to refund and redeem the principal amount of \$37.4 million for certification of participation relating to 2007 Series B Public Safety Communication Project and 2006 Certificates of Participation Anticipation Note relating to Woodcrest Library Project with an outstanding principal amount of \$6.0 million; to fund capitalized interest on a portion of the certificates through July 1, 2012; to fund a security deposit with respect to Base Rental payable under the Sublease; and to pay certain cost of issuance incurred in connection with this refunding. The reacquisition price exceeded the net carry amount of the old debts by \$2.3 million. This amount is being netted against the new debt and amortized over the new debt's life. The transaction resulted in an economic gain of \$3.3 million and an addition of \$6.9 million in future debt service payments. The outstanding balance at Jun 30, 2010 is \$45.7 million.

#### **County Bond Anticipation Note**

On July 21, 2009, the Redevelopment Agency entered into an agreement with the County of Riverside Treasurer and Tax Collector for a principal amount not to exceed \$15.0 million. The proceeds of the note will be used to finance certain redevelopment projects within and outside the Romoland Subarea of the I-215 Corridor project area as well as the Homeland Subarea of the MID County project area. The Agency will use future bond proceeds or tax increment to repay the note. The principal amount of the note is due on or before July 21, 2011. Interest accrues at a variable interest rate equal to the rate of interest payable with respect to the Riverside County Pooled Investment Fund plus 0.50%. The outstanding balance at June 30, 2010 is \$15.0 million.

#### **Defeasance of Debt**

In April 2007, the Redevelopment Agency (RDA) issued \$89.9 million in Tax Allocation Refunding Bonds to provide proceeds that were placed in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2001 Tax Allocation Bond for \$87.9 million. As a result, the refunding portion of the 2001 Tax Allocation Bond is considered to be defeased and the liability has been removed from the government activities column of the Statement of Net Assets. At June 30, 2010, \$83.5 million in 2001 Tax Allocation Bonds held in trust were considered to be defeased and outstanding.

## Notes to the Basic Financial Statements (Continued) June 30, 2010

## **NOTE 13 – LONG-TERM OBLIGATIONS (Continued)**

## **Defeasance of Debt (Continued)**

In April 2005, CORAL issued \$22.6 million of Certificates of Participation, Series B (2005 Series B – Historic Courthouse Refunding). The proceeds from the sale of the certificates were used to advance refund \$21.1 million of the Historic Courthouse Certificates of Participation. Accordingly, the refunded certificates have been eliminated and the advance refunding certificates have been included in the financial statements. The amount of the defeased debt outstanding at June 30, 2010, was \$2.6 million.

## Single Family and Multi-Family Mortgage Revenue Bonds

Single Family Mortgage Revenue Bonds have been issued to provide funds to purchase mortgage loans secured by first trust deeds on newly constructed single-family residences. The purpose of this program is to provide low interest rate home mortgage loans to persons who are unable to qualify for conventional mortgages at market rates. Multi-Family Mortgage Revenue Bonds are issued to provide permanent financing for apartment projects located in the County to be partially occupied by persons of low or moderate income.

A total of \$68.5 million of Mortgage Revenue Bonds has been issued and \$64.3 million is outstanding as of June 30, 2010. These bonds do not constitute an indebtedness of the County. The bonds are payable solely from payments made on and secured by a pledge of the acquired mortgage loans and certain funds and other monies held for the benefit of the bondholders pursuant to the bond indentures. In the opinion of the County officials, these bonds are not payable from any revenues or assets of the County, and neither the full faith and credit nor the taxing authority of the County, the State, or any political subdivision thereof is obligated to the payment of the principal or interest on the bonds. Accordingly, no liability has been recorded in the basic financial statements.

#### **Special Assessment Bonds**

Various special districts in the County reporting entity have issued special assessment bonds, totaling \$120.9 million at June 30, 2010, to provide financing or improvements benefiting certain property owners. Special assessment bonds consist of Community Facilities District Bonds and Assessment District Bonds. The County, including its special districts, is not liable for the payment of principal or interest on the bonds, which are obligations solely of the benefited property owners. Certain debt service transactions relating to certain special assessment bonds are accounted for in the Agency Funds.

The County is not obligated and does not expect to advance any available funds from the County General Fund to the Community Facilities Districts or the Assessment Districts for any current or future delinquent debt service obligations. The County Special Districts continue to use all means available to bring current any delinquent special assessment taxes, including workouts, settlement agreements, and foreclosure actions when necessary.

The Riverside County Flood Control and Water Conservation District (Flood Control) has issued special assessment bonds, totaling \$2.3 million as of June 30, 2010, for the construction of flood control facilities. The bonds are to be repaid through special assessment revenue and are not considered obligations of Flood Control. In accordance with bond covenants, Flood Control has established a reserve for potential delinquencies. If a delinquency occurs in the payment of any assessment installment, Flood Control has the duty to transfer the amount of such delinquent installment from the Reserve Fund into the Redemption Fund assessment installment. Flood Control's liability to advance funds for bond redemption in the event of delinquent assessment installments is limited to the reserves established.

#### **State Appellate Court Financing**

In November 1997, the Public Finance Authority of the County of Riverside issued \$13.5 million of Lease Revenue Bonds for the State of California Court of Appeal Fourth Appellate District, Division Two Project. The State of California executed a lease coincident with the term of the financing and those lease payments are the sole security for the financing. The State is the ultimate obligor under the terms of the financing and neither the County nor the Authority will have any ongoing payment obligation. The State has committed to indemnify the County in the Lease.

## Notes to the Basic Financial Statements (Continued) June 30, 2010

## NOTE 13 – LONG-TERM OBLIGATIONS (Continued)

## **Interest Rate Swap**

Objective of the Interest Rate Swap: As a means to lower financing costs and to reduce the risks to CORAL associated with the fluctuation in market interest rates, CORAL entered into an amended and restated interest rate swap in connection with the Southwest Justice Center Series 2008A Leasehold Revenue Bonds in the notional amount of \$76.3 million. The intention of the swap was to effectively change the variable interest rate on the bonds to a synthetic fixed-rate of 5.2%.

Terms: The Bonds and the related swap agreement mature on November 1, 2032, and the swap's notional amount of \$76.3 million approximately matches a portion of \$78.9 million variable-rate Bonds. The swap was effective at the same time the Bonds were issued on May 24, 2000 due to the consistent critical terms between the swap and the associated debt and was amended and restated as of December 10, 2008. None of the critical terms were changed pursuant to this agreement. The notional value of the swap and the principal amount of the associated debt, decline starting in fiscal year 2014-2015. Under the amended and restated swap agreement, CORAL paid Citigroup Financial Products, Inc., (Citigroup) a fixed payment rate of 5.2%. CORAL receives an interest rate equal to an amount not to exceed the maximum interest rate payable on the Bonds, expressed as a decimal, equal to 64% of the monthly London Interbank Offered Rate (LIBOR) in the relevant calculation period. Conversely, the Bonds' variable-rate coupons have historically been similar to the Bond Market Association Municipal Swap Index (BMA). Under GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments, the interest rate swap contract qualifies as a derivative financial instrument and a cash flow hedging. CORAL's net cash outflow or payment under the interest rate swap contract was \$2.8 million for the year ended June 30, 2010. The swap is not subject to rollover risk because the maturity of the swap matches the maturity of the principal amount of the associated debt or market-access risk as no other embedded instrument is involved with the swap that would require accessing the credit markets.

Fair Value: As of June 30, 2010 and 2009, the swap had a negative fair value of \$27.9 million and \$24.7 million, respectively, a decrease in fair value of \$3.8 million occurred during the fiscal year 2009-10. The fair value was recorded in the County's Statement of Net Assets as interest rate swap liability and deferred outflow in the assets section. Because the coupons on the Southwest Justice Center Series 2008A Leasehold Revenue Refunding Bonds adjust to changing interest rates, the Bonds do not have a corresponding fair value increase. The fair value was the quoted market price from Citigroup at June, 30 2010.

*Credit Risks:* The swap counterparty was rated A+ by Moody's and A+ by Standard & Poor's as of June 30, 2010. The swap agreement specifies that if the long-term senior unsecured debt rating of Citigroup is withdrawn, suspended or falls below A- (Standard & Poor) or A3 (Moody's), a collateral agreement will be executed within 30 days or the fair value of the swaps will be fully collateralized by the counterparty.

Basis Risks: The swap exposes CORAL to basis risk should the relationship between LIBOR and BMA converge, changing the synthetic rate on the Bonds. If a change occurs that results in the rates moving to convergence, the expected cost savings may not be realized. As of June 30, 2010, CORAL's rate was 64.0% of LIBOR, or .2%, whereas Municipal Swap Index or the reset rate on bonds was .2%. The synthetic rate on the bonds at June 30, 2010 was 5.2%.

Termination Risks: CORAL always has the right to terminate the swaps. Citigroup is limited in so far as both CORAL and the insurer are not performing. The sway may be terminated by CORAL if Citigroup's credit quality rating falls below A- as issued by Standard & Poor's or A3 by Moody's. Additionally, the swaps may be terminated by Citigroup if CORAL's credit quality rating falls below BBB+ as issued by Standard & Poor's or Baa1 as issued by Moody's or if the Bonds credit quality ratings fall below BBB+ as issued by Standard & Poor's or Baa1 as issued by Moody's. If the swaps are terminated, the variable rate Bonds would no longer carry synthetic interest rates. Also, if at the time of termination the swaps had negative fair values, CORAL, would be liable to Citigroup for a payment equal to the swaps' fair values.

## NOTE 13 - LONG-TERM OBLIGATIONS (Continued)

## **Interest Rate Swap (Continued)**

Swap Payment and Associated Debt: Using rates as of June 30, 2010, debt service requirements of the variable-rate debt and net swap payments, assuming current interest rates remain the same for their term, were as follows, (in thousands):

Fiscal Year	Variable l	Rate Bonds	Net Swap	Total		
Ending June 30	Principal	Interest	Payments	Interest		
2011	\$ -	\$ 1,099	\$ 2,835	\$ 3,934		
2012	-	1,099	2,835	3,934		
2013	-	1,099	2,835	3,934		
2014	-	1,099	2,834	3,933		
2015	-	1,099	2,834	3,933		
2016-2020	14,260	4,988	12,870	17,858		
2021-2025	19,025	3,786	9,767	13,553		
2026-2030	24,715	2,215	5,714	7,929		
2031-2033	18,300	382	981	1,363		
	\$ 76,300	\$ 16,866	\$ 43,505	\$ 60,371		

As rates vary, variable-rate Bond interest payments and net swap payments will vary.

## Changes in long-term liabilities

The following is a summary of governmental activities long-term liabilities transactions for the year ended June 30, 2010 (in thousands):

	Balance ne 30, 2009	A	New dditions	Payments / Reclass	Balance ne 30, 2010	nounts Due Within One Year

<sup>\*</sup> The reduction in bonds payable amount of \$12.0 million includes a bond discount amortization of \$12.0 thousand, deferred charges of \$555.5 thousand, and losses on bond defeasance of \$2.3 million during fiscal year 2009-10.

## **Disclosure of Pledged Revenues**

Inland Empire Tobacco Securitization Authority, a blended component unit of the County, issued \$294.1 million of tobacco asset-backed bonds. The bonds are solely secured by pledging a portion of County Tobacco Assets\*\*\* made payable to the County pursuant to agreements with the State and other parties. The portion of revenues that will be used to pay the debt service are (i) the County Tobacco Assets to the extent consisting of or relating to amounts due to the County after the first \$10.0 million has been paid to the County in each year beginning on January 1, 2008 and ending on December 31, 2020, (ii) the County Tobacco Assets to the extent consisting of or relating to amounts due to the County after the first \$11.5 million has been paid to the County in each year beginning on January 1, 2021 and ending on December 31, 2026, (iii) the County Tobacco Assets to the extent consisting of or relating to amounts due to the County from and after January 1, 2027, and (iv) the County Tobacco Assets to the extent consisting of or relating to the applicable percentage of a lump sum payment of 20.47% to the County and 79.53% to the Tobacco Securitization Authority for Calendar year 2010. During the fiscal year ended June 30, 2010, \$15.7 million was received by the Tobacco Authority; \$10.0 million, or 63.7%, was distributed to the County per the above agreement,

<sup>(</sup>a) The Housing Authority (Business-type activity) has two notes payable, totaling \$6.8 million, under "Other long-term liabilities."

<sup>\*\*\*</sup> Tobacco settlement revenue required to be paid to the State of California under the Master Settlement Agreement entered into by participating cigarette manufacturers, 46 states, California, and six other U.S. jurisdictions, in November 1988 in settlement of certain cigarette smoking-related litigation

## Notes to the Basic Financial Statements (Continued) June 30, 2010

## NOTE 13 – LONG-TERM OBLIGATIONS (Continued)

leaving \$5.7 million, or 36.3%, of the specific tobacco settlement revenues were pledged (see page 139). The County is under no obligation to make payments of the principal or accreted value of or redemption premiums, if any, or interest on the Series 2007 bonds in the event that revenues are insufficient for the payment thereof.

Redevelopment Agency has pledged a portion of future tax increment revenues and a portion of investment earnings to repay the Agency's long-term debt. The Agency's long-term debt is payable solely from the tax increment and a portion of investment earnings in the Agency's project areas. Total principal and interest remaining on the bonds is \$1.3 billion, payable through fiscal year 2040. During the fiscal year ended June 30, 2010, \$80.3 million was received from tax increment and investment earnings combined. Of this amount, principal and interest paid were \$11.8 million and \$28.2 million respectively, or 0.5% of the specific revenues pledged.

The Housing Authority 1998 bonds are secured by an agreement with the City of Corona, which has pledged to pay \$218.0 thousand to the Housing Authority each year until the bonds are redeemed in their entirety on December 1, 2018. The bond indenture requires the Housing Authority to remit the entire \$218.0 thousand received each year to the bond trustee to pay for the bond's annual debt service payments, which in fiscal year 2010 were \$110.0 thousand (principal) and \$100.4 thousand (interest).

The Housing Authority reports the \$218.0 thousand received each year as revenue. In fiscal year 2009-10, the \$218.0 thousand represented about 0.3% of the total revenues of the Housing Authority. MBIA Insurance Corporation has issued a surety bond in lieu of a cash funded reserve. The outstanding balance as of June 30, 2010, before applying the deferred charge, was \$1.4 million.

## Proposition 1A Borrowing by the State of California

Under the provisions of Proposition 1A and as part of the 2009-10 budget package passed by the California state legislature on July 28, 2009, the State of California borrowed 8% of the amount of property tax revenue, including those property taxes associated with the in-lieu motor vehicle license fee, the triple flip in lieu sales tax, and supplemental property tax, apportioned to cities, counties and special districts (excluding redevelopment agencies). The state is required to repay this borrowing plus interest by June 30, 2013. After repayment of this initial borrowing, the California legislature may consider only one additional borrowing within a ten-year period. The amount of this borrowing pertaining to the County, Flood Control and Park District was \$38.4 million, \$4.2 million and \$386.7 thousand, respectively.

Authorized with the 2009-10 State budget package, the Proposition 1A Securitization Program was instituted by the California Statewide Communities Development Authority ("California Communities"), a joint powers authority sponsored by the California State Association of Counties and the League of California Cities, to enable local governments to sell their Proposition 1A receivables to California Communities. Under the Securitization Program, California Communities simultaneously purchased the Proposition 1A receivables and issued bonds ("Prop 1A Bonds") to provide local agencies with cash proceeds in two equal installments, on January 15, 2010 and May 3, 2010. The purchase price paid to the local agencies equaled 100% of the amount of the property tax reduction. All transaction costs of issuance and interest were paid by the State of California. Participating local agencies have no obligation on the bonds and no credit exposure to the State. The City participated in the securitization program and accordingly property taxes have been recorded in the same manner as if the State had not exercised its rights under Proposition 1A. The receivable sale proceeds were equal to the book value and, as a result, no gain or loss was recorded.

## **NOTE 14 – FUND BALANCES**

Fund balances that are not available for appropriation or are not considered "expendable available financial resources" are reserved. Unreserved fund balances that have been earmarked by the Board for a specified purpose are considered designated. Such reserved and designated fund balances at June 30, 2010 are as follows (in thousands):

**Net Assets:** The government-wide statement of net assets reports \$604.9 million of restricted net assets for governmental activities, of which \$314.8 million is restricted by enabling legislation.

See Note 1 for information regarding the reserves for encumbrances and inventories. The general reserve was established under the provisions of Government Code Section 29086 for "dry period" financing, which is that period before the property tax apportionment is received by a fund. The County also issues Tax and Revenue Anticipation Notes to finance the General Fund's "dry period."

## Notes to the Basic Financial Statements (Continued) June 30, 2010

#### **NOTE 15 – RISK MANAGEMENT**

The County is self-insured for general liability, medical malpractice, and workers' compensation claims. The County records estimated liabilities for general liability, medical malpractice, and workers' compensation claims filed or estimated to be filed for incidents that have occurred. Estimated liability accruals include those incidents that are reported as well as an amount for those incidents that incurred but are not reported (IBNR) at fiscal year end. The funding of these estimates is based on actuarial experience and projections. The County fully self-insures short-term disability and unemployment insurance. Life insurance and long-term disability programs are fully insured. Depending on the plan, group health, dental, and vision may be either self-insured or fully insured.

The County supplements its self-insurance for general liability, medical malpractice, and workers' compensation with catastrophic excess insurance coverage. General liability utilizes a policy providing coverage on a per occurrence basis. Limits under the policy are \$15.0 million, subject to a self-insured retention (SIR) of \$1.0 million for each occurrence. A self insured retention is a form of a deductible. The County also purchases an additional \$10.0 million per occurrence in excess of the \$15.0 million for a total of \$25.0 million in limits. Medical malpractice utilizes an excess policy providing coverage on claims made basis. Limits under the malpractice policy are \$10.0 million subject to a self-insured retention of \$1.1 million. The general liability policy provides an additional \$10.0 million in excess limits above the medical malpractice policy for a total of \$20.0 million. The maximum limit under the excess workers' compensation, Section A, is statutory (unlimited); Section B, employer liability is \$5.0 million per claim. Section A is subject to a \$2.0 million SIR for each accident, employee injury, or disease. Settlements have not exceeded coverage for each of the past three fiscal years.

The County's property insurance program provides insurance coverage for all risks subject to a \$50.0 thousand deductible; flood coverage is subject to a 2.0% deductible within a 100-year flood zone and \$25.0 thousand outside a 100-year flood zone. The County's property is categorized into four Towers and each Tower provides \$600.0 million in limits. Earthquake (covering scheduled locations equal to or greater than \$1.0 million in value and lesser valued locations where such coverage is required by contract) has a sub-limit in each Tower of \$80.0 million with an additional \$285.0 million excess rooftop limit available to any one Tower. In addition, for earthquake, the program includes a \$280.0 million excess rooftop limit that may be triggered during the policy year if an earthquake event somewhere in the state has depleted the initial limits. Earthquake is subject to a deductible equal to 5.0% of replacement cost value subject to a \$100.0 thousand minimum. Boiler and Machinery provides up to \$100.0 million in limits, with various deductibles. The limits in each Tower are shared with other counties on a per event basis. Should a catastrophic event occur and losses exceed the limits, the County would be responsible.

The activities related to such programs are accounted for in Internal Service Funds. Accordingly, estimated liabilities for claims, including loss adjustment expenses, filed or to be filed, for incidents that have occurred through June 30, 2010 are reported in these funds. Where certain funds have an accumulated deficit or insufficient reserves, the County provides funding to reduce the deficit and increase the reserves. If the funding is above the Board of Supervisors approved 70.0% confidence level an appropriate reduction in funding including a one-time holiday on department charges may be granted. Revenues for these Internal Service Funds are primarily provided by other County departments and are intended to cover the self-insured claim payments, insurance premiums, and operating expenses. The revenue is not used to cover catastrophic events and other uninsured liabilities. Cash available in the Risk Management and Workers' Compensation Internal Service Funds at June 30, 2010 plus revenues to be collected during fiscal year 2010-11 are expected to be sufficient to cover all fiscal year 2010-11 payments. The carrying amount of unpaid claim liabilities is \$117.3 million. The liabilities are discounted at 4.0%.

	Jun	e 30, 2009	Jun	ie 30, 2010
Unpaid claims, beginning of year	\$	135,320	\$	117,280

Incurred claims for current year		50,341		79,004
Claim payments		(66,378)		(80,223)
Unpaid claims, end of year	\$	117,280	\$	117,263

#### NOTE 16 - MEDI-CAL AND MEDICARE PROGRAMS

The Regional Medical Center provides services to patients covered by various reimbursement programs. The principal programs are Medicare, the State of California Medi-Cal, and the County Medically Indigent Services Program (MISP). Net patient service revenue is recorded at the estimated net realizable amounts from patients, third-party payers, and others for services rendered. In addition, net patient service revenue includes a provision for doubtful accounts and estimated retroactive adjustments under reimbursement agreements with federal and state government programs and other third-party payers. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Inpatient services rendered to Medi-Cal program beneficiaries are reimbursed at a per diem rate based upon estimated certified public expenditures (CPEs) and outpatient services are reimbursed under a schedule of maximum allowable reimbursement provided by the California Department of Health Care Services. Inpatient acute care services rendered to Medicare program beneficiaries are reimbursed based upon pre-established rates for diagnostic-related groups. Inpatient non-acute services, certain outpatient services, and defined capital and medical education costs related to Medicare beneficiaries are paid based on a cost-reimbursement methodology. The Regional Medical Center is reimbursed for cost reimbursable items at a tentative rate with final settlement determined after submission of annual cost reports by the Regional Medical Center and audit thereof by the Medicare fiscal intermediary. Normal estimation differences between final settlements and amounts accrued in previous years are reflected in net patient services revenue. The fiscal intermediary has audited the Regional Medical Center's Medicare cost reports through June 30, 2002 and June 30, 2007 for Medi-Cal. Reports on the results of desk reviews have been received through June 30, 2007 for Medicare which are subject to revision within a three year period.

In September 2005, the State of California significantly modified its Medi-Cal program under a new waiver with the Centers for Medicare and Medicaid Services (CMS). In connection with the new waiver, the State legislature passed the Medi-Cal Hospital Uninsured Demonstration Project Act, or SB 1100, which replaced the SB 855 and SB 1255 programs. For the SB 1100 program, the State continues to provide supplemental payments to the hospital for uncompensated care. However, the use of intergovernmental transfers (IGTs) by the State, as the non-federal match, was modified to a methodology consisting of certified public expenditures (CPEs) up to 50 percent of costs and IGTs of 75 percent of costs. The Regional Medical Center has recorded net patient revenue of \$70 million for SB-1100 for the year ended June 30, 2010.

All CPEs reported by the hospital will be subject to State and Federal audit and final reconciliation process. If at the end of the final reconciliation process it is determined that the hospital's claimed CPEs resulted in an overpayment to the State, the hospital may be required to return the overpayment whether or not they received the federal matching funds.

## NOTE 17 – JOINTLY GOVERNED ORGANIZATIONS

Under Title I (Section 6500 et seq.) of the Government Code, the County has participated in jointly governed organizations with various entities for a variety of purposes. The board of directors for each of these organizations is composed of one representative of each member organization. The County maintains no majority influence or budgetary control over the following entities and County transactions with these jointly governed organizations are not material to the financial statements. The following jointly governed organizations were not included as either blended or discretely presented component units in these financial statements.

A representation of the jointly governed organizations on which the County served at June 30, 2010 follows:

The CSAC Excess Insurance Authority was formed in October 1979 and has a current membership of 52 California counties. The Authority operates programs for excess workers' compensation, two excess liability programs, two property programs, and medical malpractice. It also provides support services for selected programs such as claims administration, risk management, loss prevention and training, and subsidies for actuarial studies and claims audits.

## Notes to the Basic Financial Statements (Continued) June 30, 2010

## NOTE 17 – JOINTLY GOVERNED ORGANIZATIONS (Continued)

Coachella Valley Association of Governments was formed in November 1973. Currently, the association includes the following members: the cities of Blythe, Cathedral City, Coachella, Desert Hot Springs, Indian Wells, Indio, La Quinta, Palm Desert, Palm Springs, and Rancho Mirage; the local tribes of Agua Caliente Band of Cahuilla Indians and the Cabazon Band of Mission Indians; and Riverside County. The purpose of the Association is to conduct studies and projects designed to improve and coordinate the common governmental responsibilities and services on an area-wide and regional basis.

Western Riverside Council of Governments was formed in November 1989 with the cities of Banning, Beaumont, Calimesa, Canyon Lake, Corona, Hemet, Lake Elsinore, Moreno Valley, Murrieta, Norco, Perris, Riverside, San Jacinto, and Temecula for the purpose of serving as a forum for consideration, study, and recommendation on areawide and regional problems.

Riverside County Habitat Conservation Agency (RCHCA) was formed in July 1990. The RCHCA is a Joint Powers Agreement Agency comprised of the cities of Corona, Hemet, Lake Elsinore, Moreno Valley, Murrieta, Perris, Riverside, Temecula, and the County of Riverside for the purpose of planning, acquiring, administering, operating, and maintaining land and facilities for ecosystem conservation and habitat reserves for the Stephen's Kangaroo Rat and other endangered species under Article 1, Chapter 5, Division 7, Title 1 of the Government Code.

Van Horn Regional Treatment Facility was organized in January 1991 with Los Angeles, San Diego, San Bernardino, Orange, and Riverside Counties for the purpose of constructing and operating a treatment center for emotionally disturbed minors. The Facility's Board of Directors consists of the Chief Probation Officer and the Director of Mental Health for each county.

Riverside County Abandoned Vehicle Abatement Authority was formed in June 1993 with those cities within the County that have elected to create and participate in the Authority, pursuant to Vehicle Code Section 22710. The purpose of the Authority is to implement a program and plan for the abatement of abandoned vehicles.

The March Joint Powers Commission was formed in August 1993 with the cities of Moreno Valley, Perris, and Riverside to formulate and implement plans for the use and reuse of March Air Force Base.

The Salton Sea Authority was formed in August 1993 with Imperial County, Imperial Irrigation District, and Coachella Valley Water District to direct and coordinate actions relating to improvement of water quality, stabilization of water elevation, and to enhance recreational and economic development potential of the Salton Sea and other beneficial uses.

Coachella Valley Regional Airport Authority was formed in April 1994 with the cities of Coachella, Indian Wells, Indio, La Quinta, and Palm Desert for the purpose of acting as a planning commission for the continued growth and development of Thermal Airport and the surrounding area.

Inland Empire Health Plan was formed with the County of San Bernardino in June 1994 to be the administrative body and governing board to form and develop a managed health care system for Medi-Cal recipients in the two counties through the Local Initiative.

Palm Springs Visitors and Convention Bureau was formed in December 1995 with those member cities located in the Coachella Valley area of the County. The purpose of the Authority is to encourage and promote all aspects of the hospitality, convention, and tourism industry in the Coachella Valley.

Western Riverside County Regional Conservation Authority / Multi-Species Habitat Conservation Plan was formed in January 2004 with the responsibility of issuing the permits required to implement the Multi-Species Habitat Conservation Plan, which will ultimately create a 500,000-acre reserve system in the County. The conservation plan's proposed reserve system protects habitat for 146 varieties of species.

## Notes to the Basic Financial Statements (Continued) June 30, 2010

## NOTE 17 – JOINTLY GOVERNED ORGANIZATIONS (Continued)

Coachella Valley Conservation Commission (CVCC) was formed in October 2005. The CVCC is a Joint Powers Agreement Agency comprised of the cities of Coachella, Cathedral City, Desert Hot Springs, Indian Wells, Indio, La Quinta, Palm Desert, Palm Springs, Rancho Mirage, Riverside, and the Coachella Valley Water District as well as the Imperial Irrigation District. The purpose of the CVCC was to implement the Coachella Valley Multiple Species Habitat Conservation Plan (CVMSHCP). The CVMSHCP goal is to enhance and maintain biological diversity and ecosystem processes while allowing future economic growth.

Southern California Regional Airport Authority (SCRAA) was originally founded in 1985 by the joint powers authority to begin the process of regionalizing aviation. It has been reactivated in an attempt to reduce projected future passenger loads at Los Angeles International Airport (LAX), by spreading the growth in commercial air traffic to other regional airports. The Southern California Association of Governments (SCAG) has also coordinated dispersal planning for the significant new MAP (million air passengers) that would have to be absorbed at other airports if LAX's future MAP is reduced.

#### **NOTE 18 – RETIREMENT PLAN**

#### **Plan Descriptions**

The County, Flood Control and Water Conservation District (Flood Control), the Regional Park and Open-Space District (Park District) and Waste Management contract with the California Public Employees Retirement System (CalPERS) to provide retirement benefits. CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. State statutes within the Public Employees' Retirement Law have established a menu of benefit provisions as well as other requirements. The County selects optional benefit provisions from the benefit menu by contract with PERS and adopts those benefits through local ordinance. CalPERS issues a separate comprehensive annual financial report. Separate financial reports for the various County plans within CalPERS are not available. The County does receive annually a valuation report which summarizes assets, liabilities, and rates. Under GASB 27, County Miscellaneous and Safety, and Flood Control are considered single employer defined benefit pension plans, while Park District and Waste Management are considered multiple employer defined benefit pension plans because of its pooling configuration. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office - 400 P Street, Sacramento, CA 95814.

#### **Funding Policy**

Active plan members in CalPERS are required to contribute 8.0% (9.0% for safety employees) of their annual covered salary. Miscellaneous member (non-prosecution unit) employees make their own contributions for the first five years. Prior to October 25, 2005, Miscellaneous prosecution unit member employees hired on or after September 3, 1992, made their own contributions for the first year. Effective October 25, 2005, the County makes the full contribution required of all Miscellaneous prosecution unit member employees. With some exceptions, safety member employees hired after June 25, 1992, make their own contributions for the first three years. For certain bargaining units, the County makes the contribution required of the employees on their behalf, regardless of hire date. The County, Flood Control, Park District and Waste Management are required to contribute the actuarially determined remaining amounts necessary to fund the benefit for its members. State statute establishes the contribution requirements of the plan member. The employer contribution rate is established and may be amended by CalPERS. The actuarial methods and assumptions used are those adopted by the CalPERS Board of Administration.

## **Early Retirement Incentive**

During FY 2009/10 the County Board of Supervisors authorized three early retirement incentives for all employees, other than elected officials covered by the CalPERS Local Miscellaneous and Local Safety contracts (see Table below). During FY 2008/09 The County Board of Supervisors authorized one early retirement incentive for all employees, other than elected officials covered by CalPERS Local Miscellaneous. The early retirement incentives offered eligible employees who elected to retire within a designated window specified by the County, two additional

## Notes to the Basic Financial Statements (Continued) June 30, 2010

## **NOTE 18 – RETIREMENT PLAN (Continued)**

## **Early Retirement Incentive (Continued)**

years of service. Eligible employees were those who were in specified job classifications, had attained 50 years of age and who had five or more years of service credit with the County.

The County has the option to pay for the cost of each early retirement incentive in a single sum or over a 20 year period. The County has elected to pay the cost over a 20 year period. The additional cost will result in increased Employer Contribution rates and will first start to be payable two years after the end of the fiscal year in which the early retirement incentive window closes. The first estimated employer rate increase will occur in FY 2011/12 for the Early Retirement Incentive offered to Local Miscellaneous employees in FY 2008/09. The County estimates the cost of the early retirement incentive to be an additional 0.35% in the Employer Contribution rate. In FY 2012/13 the Employer Contribution rate will increase an estimated 0.43% for Local Safety, and in FY 2013/14 the Employer Contribution rate will increase an estimated 0.27% for Local Miscellaneous as a result of the three early retirement incentives authorized in FY 2009/10.

## **Early Retirement Incentive Table**

Early Retirement Incentive	Window Periods	Total Eligible Employees	Employees Electing Early Retirement Incentive	Estimated Increase in Employer Contribution Rate	FY in Which Employer Contribution Rate will Increase
Local Miscellaneous	01/01 - 03/31/2009	3,400	678	0.35%	2011/2012
Local Safety	07/11 - 10/08/2009 <sup>(1)</sup> 07/15 - 10/13/2009 <sup>(2)</sup>	653	151	0.43%	2012/2013
Local Miscellaneous	02/11 - 08/09/2010	3,597	578	0.27%	2013/2014
	(1)=District Attorney (2)=	Sheriff			

## For fiscal year 2009-10, the contribution rates were:

	County Miscellaneous	County Safety	Flood Control	Park District	Waste Management
	Miscellaneous	Sarcty	Control	Tark District	Wanagement
Contribution rates:					
County	11.999%	18.605%	12.829%	13.839%	14.526%
Plan Members	8.000%	9.000%	8.000%	8.000%	8.000%

## **Annual Pension Cost**

For fiscal year 2009-10, the annual pension costs for CalPERS is equal to the employer's required and actual contributions as noted below (dollar amounts in thousands):

	County				Flood		Park		Waste	
	Mi	scellaneous	County Safety		Control		District		Mai	nagement
Annual required contribution	\$	93,642	\$	44,729	\$	1,951	\$	603	\$	450
Interest on net pension obligation (asset)		(24,989)		(6,884)		-		-		-
Adjustment to annual required contribution		18,654		5,138		139		-		434
Annual pension cost		87,307		42,983		2,090		603		884
Contributions made		(93,642)		(44,729)		(1,951)		(603)		(450)
Increase (decrease) in net pension obligation (asset)		(6,335)		(1,746)		139		-		434
Net pension obligation (asset) beginning of year		(322,445)		(88,821)		(2,223)		-		(2,384)
Net pension obligation (asset) end of year	\$	(328,780)	\$	(90,567)	\$	(2,084)	\$	-	\$	(1,950)

NOTE 18 - RETIREMENT PLAN (Continued)

## **Three-Year Trend Information**

(dollar amounts in thousands)

	Fiscal Year Ended	al Pension t (APC)	Percentage of APC Contributed		Obl	Pension igation Asset)

<sup>\*</sup> Projected salary increases vary depending on Age, Service, and type of employment.

## Notes to the Basic Financial Statements (Continued) June 30, 2010

#### **NOTE 18 – RETIREMENT PLAN (Continued)**

## **Funded Status and the Funding Progress**

The following is funded status information for each plan as of June 30, 2009, the most recent actuarial valuation date (dollar amounts in thousands):

						UAAL
						(Excess of
		Actuarial	Unfunded			Assets over
		Accrued	AAL (UAAL)			AAL) as a
	Actuarial	Liability	(Excess of			Percentage of
	Value of	(AAL)-	assets over	Funded	Covered	Covered
	Assets	Entry Age	AAL)	Ratio	Payroll	Payroll
	(a)	(b)	(b - a)	(a/b)	(c)	((b-a)/c)
County - Miscellaneous	\$ 3,401,037	\$3,790,233	\$ 389,196	89.73 %	\$ 841,104	46.27 %
County - Safety	1,511,048	1,642,555	131,507	91.99	265,238	49.58
Flood Control	93,681	112,269	18,588	83.44	14,668	126.72
Parks District**	694,385	883,394	189,009	78.60	161,973	116.69
Waste Management**	694,385	883,394	189,009	78.60	161,973	116.69

<sup>\*\*</sup> The amounts disclosed are for the entire Risk Pool fund in which Parks District and Waste Management participate and not solely of their specific assets and liabilities. CalPERS Risk Pool valuation does not break out specific assets and liabilities.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

## NOTE 19 - DEFINED BENEFIT PENSION PLAN

## **Plan Descriptions and Contribution Information**

*Plan Description.* The County provides an IRS Section 401(a) single-employer defined benefit pension plan for part-time and temporary employees who are not eligible for social security or CalPERS retirement benefits through the County. This plan is self-funded and self-administered. Contributions made to the Plan are deposited with the County Treasurer, who invests the contributions. A participant is 100% vested immediately.

Contributions. Participants in the plan are required to contribute 3.75% of their compensation to the plan. According to the June 30, 2009 valuation, the County's current required contribution rate is 0.55%. The County elected to contribute 2.0% of payroll in order to reach a target 90% funded ratio within one year. The plan's current funded ratio is 90.6%. The County's rate is impacted by the rate of return earned by Plan assets. The Plan actuary periodically calculates the minimum recommended employer contribution rate through preparation of an actuarial valuation report. The County determines the contribution rates. Administrative costs of the plan are paid by the Trustee from Plan assets.

Membership for the plan consisted of the following at July 1, 2009, the date of the latest actuarial valuation:

Number of Participants:
Active plan members

Active plan members	1,243
Terminated and inactive members	7,306
Retirees	96
Total	8,645

## Notes to the Basic Financial Statements (Continued) June 30, 2010

## **NOTE 19 – DEFINED BENEFIT PENSION PLAN (Continued)**

## **Summary of Significant Accounting Policies**

Basis of Accounting. The pension plan's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments. Investments of the pension trust are fully invested in the County pool and reported at fair value as described in Note 1.

Schedule of Annual Pension cost and the Net Pension Obligation (NPO) for 2010 and the two preceding years were as follows (dollar amounts in thousands):

		A	nnual					1	Annual						
	Fiscal Year	Re	quired	Int	erest on	Ad	ljustment	F	Pension		Actual	NF	O End of	Percentage	
	Ending	Contribution		NPO		to	the ARC	C Cost		Coı	ntribution		Year	Contributed	_
•	2008	\$	745	\$	-	\$	-	\$	745	\$	1,993	\$	(1,248)	268	%
	2009		189		(67)		105		227		1,880		(2,901)	828	
	2010		144		(145)		227		226		840		(3,515)	372	

#### **Annual Pension Cost and Net Pension Obligation** (dollar amounts in thousands)

Annual required contribution	\$ 144
Interest on net pension obligation (asset)	(145)
Adjustment to annual required contribution	227
Annual pension cost	226
Contributions made	(840)
Increase(decrease) in net pension obligation (asset)	(614)
Net pension obligation (asset) beginning of year	(2,901)
Net pension obligation (asset) end of year	\$ (3,515)

## **Schedule of Funding Progress**

The funded status of the plan as of July 1, 2009, the most recent actuarial valuation date and the two preceding years were as follows (dollar amounts in thousands):

Actuarial Valuation Date	Actuarial Accr Value of Liabi Assets (AA		ctuarial ccrued iability (AAL) (b)	AAL	nfunded (UAAL) (b - a)	Funded l		_	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)	
July 1, 2007	\$	13,778	\$	20,468	\$	6,690	67.	31 %	\$	41,333	16.19 %
July 1, 2008		16,989		19,471		2,482	87.	25		27,928	8.89
July 1, 2009		19,384		21,402		2,018	90.	57		26,550	7.60

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statement, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

## Notes to the Basic Financial Statements (Continued) June 30, 2010

## **NOTE 19 – DEFINED BENEFIT PENSION PLAN (Continued)**

## **Actuarial Methods and Assumptions**

The following information is as of the date of the most recent actuarial valuation:

Valuation date 7/1/2009

Actuarial cost method Projected Unit Credit

Amortization method Level dollar Projected Payroll

Remaining amortization period 20 years, Open

Asset valuation method Market Value plus Receivables

Actuarial assumptions:

Investment rate of return 5.0% Projected salary increases 3.0% Inflation rate 3.0%

## NOTE 20 - POSTEMPLOYEMENT BENEFITS OTHER THAN PENSIONS

## **Plan Descriptions**

The County, and the following special districts: the Flood Control and Water Conservation District (Flood Control), the Regional Park and Open-Space District (Park District) and Waste Management, offer benefits to eligible retirees.

The benefits are provided in the form of:

- Monthly contributions towards the retiree's medical plan premium, for those eligible retirees enrolled in County sponsored medical plans.
- Allowing non-Medicare eligible retirees to receive medical plan coverage at the active employee premium rates instead of normally higher retiree rates. Employees are eligible for this benefit if they retired prior to January 1, 2009 or retired under the CalPERS Early Retirement Incentive Program before March 31, 2009 for County employees or before April 15, 2009 for Component Units. The effect of the Early Retirement Incentive Program has been reflected in the actuarial accrued liability in the most recent actuarial study. The benefit will cease to be effective January 1, 2011, at which time all retirees will be required to pay "retiree only" (i.e. unblended) premium rates, and
- Monthly contributions to the Riverside Sheriff's Association (RSA) Trust for RSA law enforcement retirees.

Benefit provisions are established and amended through negotiations between the County and the respective unions. The County administers each plan's medical benefits. A qualified Internal Revenue Code Section 115 trust has been established for each plan (except Waste Management) with the California Employers' Retiree Trust (CERBT). CERBT administers each plan's assets. The CERBT issues a publicly available financial report that includes financial statements and required supplementary information for the plans. That report may be obtained from CalPERS Employer Services Division, PO Box 942709, Sacramento, CA 94229-2709.

## **Funding Policy and Annual OPEB Cost**

It is the policy of the County, Park District and Flood Control to fully contribute an amount at least equal to the Annual Required Contribution (ARC) other than the amount attributable to the implicit subsidy as determined by the Post Retirement Benefits Actuarial Valuation Study for each trust. In order to facilitate funding the ARC the County has developed a rate structure. It is the policy of Waste Management to fund on as pay-as-you-go basis.

Contribution requirements of the plan members and the County are established and may be amended through negotiations between the County and the respective Unions. The County's annual other postemployment benefit

## NOTE 20 – POSTEMPLOYEMENT BENEFITS OTHER THAN PENSIONS (Continued)

(OPEB) cost (expense) for each plan is calculated based on the *ARC of the employer*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over 30 years (15 years for Waste Management).

The County's annual OPEB cost for the current year and the related information for each plan are as follows (dollar amounts in thousands, except for contribution rates):

XX7--4-

		County	Flood	Control	Park	District		aste ngement
Contribution rates:  County	De	Bargaining Unit Determined \$25-\$256		Bargaining Unit Determined \$25-\$256		Bargaining Unit Determined \$25-\$256		ning Unit ermined
Plan members	\$3	07-\$745	\$30	7-\$745	\$30	7-\$745	\$30	7-\$745
Annual required contribution Interest on net OPEB obligation Adjustment to annual required contribution	\$	4,454 (1,006) 790	\$	47 (11) 9	\$	9 (17) 12	\$	99 - -
Annual OPEB cost Contributions made		4,238 (8,363)		(179)		(22)		(158)
Increase in net OPEB obligation  Net OPEB obligation (asset) beginning of year		(4,125)		(134)	Φ.	(215)	ф.	(59)
Net OPEB obligation (asset) end of year	\$	(18,015)	\$	(275)	\$	(233)	\$	(62)

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2010 and the two preceding years for each of the plans were as follows (dollar amounts in thousands):

	Year Ended	 nnual EB Cost	Percentage of OPEB Cost Contributed	O	et OPEB bligation (Asset)
County	06/30/08	\$ 4,390	340.1 %	\$	(10,540)
	06/30/09	3,755	189.2		(13,890)
	06/30/10	4,238	197.3		(18,015)
Flood Control	06/30/08	29	345.0		(71)
	06/30/09	23	404.3		(141)
	06/30/10	45	397.8		(275)
Park District	06/30/08	21	1,057.1		(201)
	06/30/09	6	333.3		(215)
	06/30/10	4	550.0		(233)

	06/30/09	63	141.3		(3)
	06/30/10	99	159.6		(62)

## Notes to the Basic Financial Statements (Continued) June 30, 2010

## NOTE 20 - POSTEMPLOYEMENT BENEFITS OTHER THAN PENSIONS (Continued)

## **Funded Status and Funding Progress**

The funded status of the plans as of June 30, 2010, was as follows (dollar amounts in thousands):

						\	Vaste
	County	Floo	d Control	Par	k District	Man	agement
Actuarial accrued liability (a) Actuarial value of plan assets (b)	\$ 55,288 9,872	\$	660 105	\$	144 147	\$	1,089
Unfunded actuarial accrued liability (funding excess) (a) - (b)	\$ 45,416	\$	555	\$	(3)	\$	1,089
Funded ratio (b) / (a)	17.9%		15.91%		102.08%		0%
Covered payroll (c) Unfunded actuarial accrued liability (funding excess) as a percentage of covered payroll	\$ 1,011,963	\$	14,396	\$	4,429	\$	3,302
([(a) - (b)] / (c))	4.5%		3.9%		0.1%		33.0%

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

## **Actuarial Methods and Assumptions**

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the County and the plan members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

	County	Flood Control	Park District	Waste Management
Actuarial valuation date Actuarial cost method	1/1/2009 Entry age	1/1/2009 Entry age	1/1/2009 Entry age	1/1/2009 Entry age
Amortization method	Level percentage of pay, open	Level percentage of pay, open	Level percentage of pay, open	Level percentage of pay, closed
Remaining amortization period Actuarial assumptions:	30 years	30 years	30 years	13 years
Investment rate of return	7.24%-7.75%	7.75%	7.75%	4.5%
Projected salary increases	3.25%	3.25%	3.25%	3.25%
Healthcare inflation rate (initial)	10%	10%	10%	10%
Health inflation rate (ultimate)	7%	7%	7%	7%

## Notes to the Basic Financial Statements (Continued) June 30, 2010

#### **NOTE 21 – COMMITMENTS AND CONTINGENCIES**

#### **Lawsuits and Other Claims**

The County has been named as a defendant in various lawsuits and claims arising in the normal course of operations. In the aggregate, these claims seek monetary damages in significant amounts. To the extent the outcome of such litigation has been determined to result in probable financial loss to the County, such loss has been accrued in the accompanying basic financial statements. In the opinion of management, the ultimate outcome of these claims will not materially affect the operations of the County.

#### **Federal Grant Revenue**

Compliance examinations for the fiscal year ended June 30, 2009, identified certain items of noncompliance with Federal grants and regulations. The total amount of expenditures that could be disallowed by the granting agencies cannot be determined at this time; however County management does not expect such amounts, if any, to be material to the basic financial statements. The fiscal year 2009-10 Single Audit of federal awards report is expected to be submitted to the Federal Audit Clearinghouse on or before March 30, 2011.

#### Commitments

At June 30, 2010, the County had various non-cancelable contracts and construction-in-progress with outside contractors. These contracts were financed through either the General Fund or Capital Projects Funds. \$138.8 million will be payable upon future performance under the contracts.

## **Landfill Construction and Consulting Contracts**

The Waste Management Department (Waste) entered into various construction and consulting contracts to facilitate its landfill operations and is in the process of installing landfill liners at Lamb Canyon in accordance with State and Federal laws and regulations. Waste expects to complete the installation of several landfill liners over the next five years and estimates additional future costs to be \$18.7 million. These additional costs will be capitalized as the costs are incurred.

#### **Remediation Contingencies**

#### Governmental Funds

Release of gasoline and diesel fuel has been reported at seven underground storage tanks. Orders have been issued by the California Regional Water Quality Control Board (CRWQCB) to assess and cleanup these sites by specific dates. Currently the County is performing the appropriate site assessments. As of June 30, 2010 the Governmental Activities reflect a \$2.0 million accrued remediation liability (Note 13). The liability has been calculated using the expected cash flow technique. The liability is subject to change over time. Cost may vary due to price fluctuations, changes in technology, results of environmental studies, changes to statue or regulations and other factors that could result in revisions to these estimates. The County continues to work with the CRWQCB on each of the tanks. Based on the work performed by the County, the CRWQCB will determine if additional assessments, monitoring and/or remediation will be required.

## Enterprise Funds

Waste is presently aware of groundwater contamination at nine of its landfills, six of which are closed. Waste is also aware of air/gas contamination at 17 landfills, 11 of which are closed. Based on engineering studies, Waste estimates the present value of the total costs of corrective action for foreseeable contaminate releases at \$21.4 million. At June 30, 2010, Waste has accrued \$21.4 million for the estimated costs related to the remediation of these landfills. Remediation expense for fiscal year 2010 results from current estimates and current actual expenses.

Waste has established a remediation restricted cash fund and 17 remediation restricted cash escrow funds to set aside funds for future remediation costs as they are required to be performed. Investments of \$19.4 million are held for these purposes at June 30, 2010 and are classified as restricted cash and investments in the accompanying statements of net assets.

## Notes to the Basic Financial Statements (Continued) June 30, 2010

#### **NOTE 22 – SUBSEQUENT EVENTS**

## Tax and Revenue Anticipation Notes (TRANs) and CalPERS Pre-payment Note

On July 1, 2010, the County issued \$343 million in Tax and Revenue Anticipation Notes in the form of Series A due March 31, 2011 and Series B due June 30, 2011. The stated interest rate for the A Bonds is set at 2.0% per annum with a yield of 0.43%. The interest rate for the B Bond is set at 2.0% per annum with a yield of 0.55%. A portion of the Note proceeds were used to prepay CalPERS contributions for 2010-11 in the amount of \$86.5 million. Between the prepayment discount of 3.6%, and earnings on cash flow the County expects to net \$3.2 million in cost savings. In accordance with California law, the TRANs Bonds are general obligations of the County and are payable only out of the taxes, income, revenues, cash receipts, and other monies of the County attributable to fiscal year 2011 and legally available for payment thereof. Proceeds for the Bonds will be used for fiscal year 2011 General Fund expenditures, including current expenditures, capital expenditures, and the discharge of other obligations or indebtedness of the County.

## **Teeter Obligation Notes, Series C**

In October 2010, the County issued \$20.8 million in 2010 Teeter Obligation Notes, Series C to refund a portion of the outstanding 2009 Teeter Obligations Notes, Series C. The 2010 Notes bear interest rate of 2% and a maturity date of October 12, 2011.

## **Tax Allocation Bonds**

In July 2010, the Redevelopment Agency issued \$5.6 million in 2010 Tax Allocation Bonds, Series C, to fund projects of benefit to the Agency's Mid-County Redevelopment Project Area. Interest on the bond is payable October 1 and April 1 of each year. Interest on the bond accrues at rates varying from 2.0% to 6.2% per annum. Principal on the bonds is payable in annual installments that range from \$545.0 thousand to \$1.12 million and commence on October 1, 2011 through October 1, 2040.

In July 2010, the Redevelopment Agency issued \$32.4 million in 2010 Tax Allocation Bonds, Series D, to fund projects of benefit to the Agency's Desert Communities Redevelopment Project Area. Interest on the bond is payable October 1 and April 1 of each year. Interest on the bond accrues at rates varying from 2.0% to 6.0% per annum. Principal on the bonds is payable in annual installments that range from \$640.0 thousand to \$2.2 million and commence on October 1, 2011 through October 1, 2037.

In July 2010, the Redevelopment Agency issued \$50.5 million in 2010 Tax Allocation Bonds, Series E, to fund projects of benefit to the Agency's Interstate 215 Corridor Redevelopment Project Area. Interest on the bond is payable October 1 and April 1 of each year. Interest on the bond accrues at rates varying from 2.0% to 6.5% per annum. Principal on the bonds is payable in annual installments that range from \$585.0 thousand to \$6.4 million and commence on October 1, 2011 through October 1, 2040.

## **Bond Anticipation Notes**

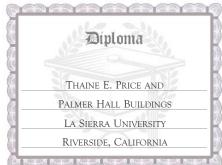

In July 2010, the Redevelopment Agency repaid the outstanding principal balance and interest accrued of the \$15.0 million notes payable. The outstanding principal was due on or before July 21, 2011.

#### **AB 1653**

In 2009, California lawmakers created a hospital fee program under AB 1383, which imposes a fee on hospitals for the specific purpose of generating match monies to be used to draw down additional federal Medicaid funds. These funds will be used to increase Medi-Cal payments to hospitals and provide funding for children's health care coverage. AB 1653 is a follow-up piece of legislation that makes the statutory changes to hospital fee program required by Centers for Medicare & Medicaid Services (CMS). On October 7, 2010, AB 1653 was approved by CMS. As a result, the RMC is anticipated to receive an additional fee in the amount of approximately \$43.3 million, which covers a 27-month period (April 2009 through June 2011). The proportional share of the fee for fiscal year 2010 is approximately \$22.1 million. As of December 1, 2010, the RMC has received hospital fee revenue of \$12.5 million for the fiscal year 2010, which is determined to be a recognized subsequent event and has been accrued in the accompanying financial statements. The remaining hospital fee of \$9.6 million for the fiscal year 2010 is determined to be an unrecognized subsequent event due to uncertainties in the actual payment calculations and further CMS decisions.

## SPECIAL REVENUE FUNDS

Class of 2007 "Class Ring" Sculpture

California Baptist University

Riverside, California

(This Page Intentionally Left Blank)

## SPECIAL REVENUE FUNDS

These funds were established for the purpose of accounting for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted in expenditure for the specified purposes.

#### TRANSPORTATION

This fund was established to provide for maintenance and construction of roadways and for specialized engineering services to other governmental units and the public. Revenues consist primarily of the County's share of highway user taxes and are supplemented by Federal funds, vehicle code fines, and fees and reimbursements for engineering services provided.

#### **COMMUNITY SERVICES**

This fund provides financing for public services. Public services provided by this fund group are: HUD Community Services Grant, EDA Administration, Community Action Partnership, Job Training Partnership, Office on Aging, USEDA Grant, County Free Library, Structural Fire Protection, Homeless Housing Relief, Home Program, EDA US Department of Agriculture Rural Development, Workforce Development, Healthy Kids, and Bioterrorism Preparedness. The primary source of revenue for this fund is from State/Federal Grants.

#### REDEVELOPMENT AGENCY

This fund was established to account for administration and revenues/expenditures related to the low and moderate income housing set aside program. 20% of the tax increments allocated to the Redevelopment Agency are required to be placed in this fund.

#### **COUNTY SERVICE AREAS**

This county service area fund was established to provide authorized services such as road, park, lighting maintenance, fire protection, or water to specified areas in the County. They are financed by ad valorem property taxes in the area benefited, or by special assessments levied on specific properties.

#### **REGIONAL PARK AND OPEN-SPACE**

The Regional Park and Open-Space District is a special district established to provide legal authority and expanded opportunity for open space acquisition and management and transferred regional park responsibility from the County of the District.

#### **AIR QUALITY IMPROVEMENT**

This fund accounts for Riverside County's portion of State of California motor vehicle fees restricted for the use of reducing air pollution.

#### **IN-HOME SUPPORT SERVICES**

The goal of the IHSS program is to enable elderly and/or disabled persons to remain safely in independent living as long as possible. This in-home assistance is designed to allow persons to remain in their home rather than be placed in an institutional setting. IHSS receives revenue for the following services: meal preparation and clean-up, food shopping, bathing, dressing, personal care, domestic services (cleaning), and assistance with medications.

## SPECIAL REVENUE FUNDS

#### **IN-HOME SUPPORT SERVICES**

The goal of the IHSS program is to enable elderly and/or disabled persons to remain safely in independent living as long as possible. This in-home assistance is designed to allow persons to remain in their home rather than be placed in an institutional setting. IHSS receives revenue for the following services: meal preparation and clean-up, food shopping, bathing, dressing, personal care, domestic services (cleaning), and assistance with medications.

#### PERRIS VALLEY CEMETERY DISTRICT

The District is a public cemetery district operating under the provisions of the Health and Safety Code of the State of California. The District was created in July 1927 for the purpose operating a public cemetery for the residents of the Perris Valley.

#### **OTHER SPECIAL REVENUE**

This fund provides financing to make services available to the public and governmental agencies. At the current time, the other special revenue fund accounts the following services: Rideshare, AD CFD Administration, Aviation, Ladera Irrigation, National Date Festival, Cal-ID, Special Aviation, Supervisorial Road Districts, Multi-Species Habitat Conservation Agency, Riverside U.S. Grazing Fees, Mitigation Project Operations, Airport Land Use Commission, Prop 10, and DNA Identification.

## **DEBT SERVICE FUNDS**

Walter N. Marks Gallery of the Arts

College of the Desert

Palm Desert, California

(This Page Intentionally Left Blank)

#### DEBT SERVICE FUNDS

These funds are used to account for the accumulation of resources and payment of long-term debt principal and interest.

#### COUNTY OF RIVERSIDE ASSET LEASING CORPORATION (CORAL)

CORAL is a non-profit public benefit corporation established to assist the County of Riverside by acquiring equipment and facilities financed from the proceeds of borrowing and leasing such equipment and facilities to the County.

#### REDEVELOPMENT AGENCY

This fund receives tax increment revenue to pay principal and interest for Redevelopment Agency tax allocation bonds. These bonds are legal obligations of the Redevelopment Agency and were issued to finance construction of infrastructure and public facilities with various project areas.

## <u>COUNTY OF RIVERSIDE DISTRICT COURT FINANCING CORPORATION (DISTRICT COURT FINANCING CORPORATION)</u>

District Court Financing Corporation is a non-profit public benefit corporation established to assist the County of Riverside in the acquisition, construction, and development of a United States District Courthouse, financed from the proceeds of the sale of certificates.

#### COUNTY OF RIVERSIDE BANKRUPTCY COURT CORPORATION (BANKRUPTCY COURT)

The Bankruptcy Court is a non-profit public benefit corporation established to assist the County of Riverside in the acquisition, construction, and development of a United States Bankruptcy Court financed from the proceeds of the sale of certificates.

#### TAXABLE PENSION OBLIGATION BONDS (PENSION OBLIGATION)

This fund is used to account for Series 2005 bonds that were issued to satisfy a portion of Riverside County's unfunded accrued actuarial liability for the California Public Employees' Retirement System (CalPERS).

#### INLAND EMPIRE TOBACCO SECURITIZATION AUTHORITY

The Inland Empire Tobacco Securitization Authority was established to assist the County of Riverside in the construction of certain capital projects, financed from the proceeds of the tobacco settlement revenues.

# CAPITAL PROJECTS FUNDS

(This Page Intentionally Left Blank)

# CAPITAL PROJECTS FUNDS

These funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by Proprietary Fund Types.

#### PUBLIC SAFETY ENTERPRISE COMMUNICATION (PSEC)

The Public Safety Enterprise Communication fund is a multi-agency undertaking to address the County of Riverside 800 MHz public safety radio coverage and operational problems. The multi-year project will result in either a massive upgrade or a complete replacement of the existing radio system.

#### COUNTY OF RIVERSIDE ASSET LEASING CORPORATION (CORAL)

CORAL is a non-profit public benefit corporation established to assist the County of Riverside by acquiring equipment and facilities financed from the proceeds of borrowing and leasing such equipment and facilities to the County.

#### FLOOD CONTROL

This fund is used to finance the construction of flood control channels and projects. Revenues are obtained from property taxes, special assessments, and proceeds of tax allocation bonds.

#### REGIONAL PARK AND OPEN-SPACE

The Regional Park and Open-Space District is a special district established to provide legal authority and expanded opportunity for open space acquisition and management. The District's creation allowed for the transfer of regional park responsibility from the County to the District.

#### COUNTY OF RIVERSIDE ENTERPRISE SOLUTIONS FOR PROPERTY TAXATION (CREST)

The Assessor, Auditor, and Tax Collector teamed up to collectively develop a new integrated property tax management system. The project begins with a Business Process Re-engineering phase that documents the integrated roles of the three departments. This phase identifies the current system's capabilities, strengths, and weaknesses. A second phase of the project builds on this re-engineering initiative to implement a replacement Property Tax System based on new technology.

# PERMANENT FUNDS

#### PERRIS VALLEY CEMETERY ENDOWMENT FUND

This fund is used to account for financial resources to be used for future maintenance of the Cemetery. The resources are derived from an endowment care fee assessed on each sale of a burial right and earnings on these resources. Only income earned on these resources may be used for services, supplies or capital asset acquisition. The principal must be preserved intact.

# NONMAJOR ENTERPRISE FUNDS

(This Page Intentionally Left Blank)

# NONMAJOR ENTERPRISE FUNDS

These funds are used to account for operations providing goods or services to the general public. The accounting for these funds is similar to private enterprise accounting (accrual). The intent of the County's governing board is that all costs associated with providing these goods or services be financed or recovered primarily through user charges.

#### **COUNTY SERVICE AREAS**

These three funds were established to account for revenues, expenses, and the allocation of net income for County Service Areas 62 and 122.

#### **HOUSING AUTHORITY**

The Housing Authority was established to provide affordable, decent, safe housing opportunities to low and moderate income families including elderly and handicapped persons, while supporting programs to foster economic self-sufficiency.

#### **FLOOD CONTROL**

These three funds were established to account for transactions resulting from topographical map sales, subdivision operations, and issuance of encroachment permits.

# **INTERNAL SERVICE FUNDS**

YEAGER CENTER

CALIFORNIA BAPTIST UNIVERSITY

RIVERSIDE, CALIFORNIA

(This Page Intentionally Left Blank)

#### INTERNAL SERVICE FUNDS

These funds were established to account for the goods and services provided by a County department to other County departments, or to other governments, on a cost-reimbursement basis.

#### RECORDS MANAGEMENT AND ARCHIVES

This fund was established to account for the operations of the Records Management and Archives Program, which is responsible for providing consistent standards and support services that promote responsible record keeping countywide. Sources of revenue include records storage, reformatting, preservation, and consulting services.

#### **FLEET SERVICES**

This fund finances the operation and maintenance of County vehicles, including the Sheriff's Department. Revenue is obtained on a cost-reimbursement basis.

#### **INFORMATION SERVICES**

These funds are supported by the revenues generated for services including software systems support, computer networks, data structure design, and organization of the County's computer systems.

#### **PRINTING SERVICES**

These funds account for the financing of printing and central mail services provided to County departments on a cost-reimbursement basis. This fund also provides services such as the paper reclamation program, which collects and sells County department waste paper for recycling.

#### **SUPPLY SERVICES**

This fund finances the operation that provides County departments with merchandise and services on a cost-reimbursement basis.

#### **OASIS PROJECT**

These funds were established to support the implementation, operation, and maintenance of the County's central administrative and financial information system. Revenue is obtained on a cost-reimbursement basis.

#### **RISK MANAGEMENT**

These funds account for the financing of employee insurance benefits and County self-insurance programs. These funds include medical, dental, disability, and unemployment insurance as well as general liability, medical malpractice, and worker's compensation.

#### TEMPORARY ASSISTANCE POOL (TAP)

The purpose of this fund is to provide a ready source of temporary workers to County departments, with lower overhead costs than are typically charged by outside temporary employment agencies.

#### FLOOD CONTROL EQUIPMENT

These funds were established to account for the financing of flood control equipment provided to other departments on a cost-reimbursement basis.

Noncash investing, capital, and financing activities:

(This Page Intentionally Left Blank)

#### FIDUCIARY FUNDS

(This Page Intentionally Left Blank)

#### FIDUCIARY FUNDS

These funds were established for the purpose of accounting for assets held in trustee or agency capacity for others and therefore cannot be used to support the government's own programs and are excluded from the government-wide financial statements.

#### **OTHER**

This fund was established to account for a wide array of fiduciary responsibilities. Some of these responsibilities include tax payments clearing, asset forfeiture, State Controller clearing, child support collections, undistributed bond proceeds, and family support clearing.

#### PAYROLL DEDUCTIONS

The purpose of this fund is to collect deductions from employee wages. The deductions are owed to a variety of third parties for health insurance, union dues, unemployment insurance, withholding tax, flexible spending accounts, and dental insurance.

#### **PROPERTY TAX ASSESSMENTS**

The Property Tax Assessment Agency Fund was set up to help Riverside County account for apportioned taxes clearing, delinquent mobile home fees, property tax refunds, special assessments, and Teeter Plan collections.

#### **WARRANTS**

This fund was established as a clearing fund for various categories of warrants issued by Riverside County.

## STATISTICAL SECTION

Wilfred J. Airey Library
Riverside Community College
Norco, California

(This Page Intentionally Left Blank)

#### **Statistical Section**

This section of the Riverside County Comprehensive Annual Financial Report presents additional detail, historical perspective, and context to assist annual financial report users in understanding the financial statements, note disclosures, required supplementary information, and assessing the County's financial condition.

<u>Contents</u> <u>Table(s)</u>

#### **Financial Trends Information**

T1 - T5

These tables contain trend information to assist readers in understanding and assessing how the County's financial position has changed over time.

Net Assets by Component Changes in Net Assets Governmental Activities Tax Revenues by Source Fund Balance of Governmental Funds Changes in Fund Balances of Governmental Funds

#### **Revenue Capacity Information**

T6 - T10

These tables contain information to assist readers in understanding and assessing the factors affecting the County's local revenue sources, property tax, sales tax, and other taxes.

General Government Tax Revenues by Source Assessed Value and Estimated Actual Value of Taxable Property Property Tax Rates, Direct and Overlapping Governments Principal Property Tax Payers Property Tax Levies and Collections

#### **Debt Capacity Information**

T11 - T15

These tables contain information to assist readers in understanding and assessing the County's current level of outstanding debt, and the County's ability to issue additional debt.

Ratios of Outstanding Debt by Type Ratios of General Bonded Debt Outstanding Direct and Overlapping Governmental Activities Debt Legal Debt Margin Information Pledged-Revenue Coverage

#### **Economic and Demographic Information**

T16 - T17

These tables provide economic and demographic information to assist readers in understanding the socioeconomic environment within which the County operates, and to facilitate the comparisons of financial information over time.

Demographic and Economic Statistics Principal Employers

#### **Operating Information**

T18 - T20

These tables provide contextual information about the County's operations and resources to assist readers in understanding and assessing the County's financial condition as it relates to the services that the County provides.

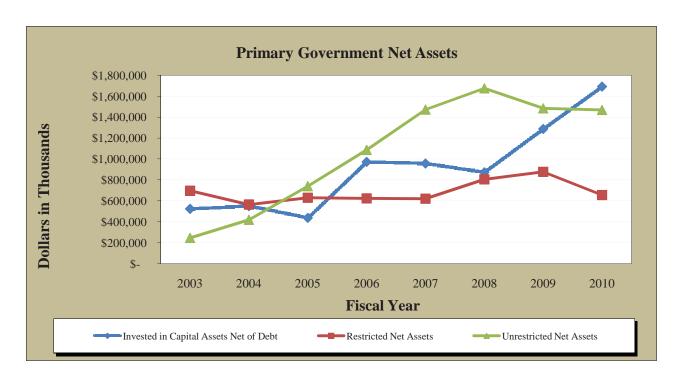

Full-time Equivalent County Government Employees by Function/Program Operating Indicators by Function
Capital Asset Statistics by Function

Source: Unless otherwise noted, the information in these tables is derived from Riverside County's Comprehensive Annual Financial Reports for the relevant years. The County implemented GASB Statement 34 in FY 2001-2002. Statistical Tables present information for the last eight years beginning with the first year after GASB Statement 34 implementation.

### COUNTY OF RIVERSIDE Direct and Overlapping Governmental Activities Debt As of June 30, 2010 (Dollars in Thousands)

Governmental Unit	Debt Outstanding		Estimated Applicable Percentage	Estimated Share of Overlapping Debt	
Debt repaid with property taxes: County Subtotal, overlapping debt	\$	8,363,095	86.71%	\$ 7,251,567 7,251,567	
County of Riverside direct debt				 1,111,528	
Total direct and overlapping debt				\$ 8,363,095	

Note:

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the county. This schedule estimates the portion of the outstanding debt of those overlapping governments that is born by the residents and businesses of the County of Riverside. This process resognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden born by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

# Special Acknowledgements

The theme of this year's Comprehensive Annual Financial Report is focused on "Institutions of Higher Learning." This year we have featured images from Colleges and Universities throughout Riverside County. The photographs selected have captured some great images of the buildings and campuses taken at varying times of the day and seasons. The photographs present these Colleges and Universities in a perspective that has even amazed many of the students who are currently enrolled. We hope that you are inspired to visit our beautiful Educational Institutions and perhaps consider enrolling and achieving your degree of Higher Learning.

A special thanks to the following people for their contributions to this year's Comprehensive Annual Financial Report:

The entire staff of the General Accounting Division of the Auditor-Controller's Office (ACO) for its dedication, and the following ACO divisions for their contributions:

Internal Audits and Specialized Accounting Division

Payroll Division

Property Tax Division

All Riverside County Departments particularly the following:
Treasurer-Tax Collector's Office
Executive Office
Printing Services
Human Resources
